MANIFESTED SPITE

BENNETT SAYS HE IS AFTER BRODEUR.

Some of the Things Disclosed in Committee—There Will Be a New Issue of Stamps for the Ter-Centenary.

From Our Own Correspondent.

Ottawa, April 10.—A matter which has occasioned some talk in the Commons was aired in the public accounts committee, yesterday, a professor E. E. Prince, Dominion commissioner of fisheries, was asked to explain the money allowances of the other two members of the commission, John Birnie, K.C., Collingwood and James Noble, Little Current.

He stated that Birnie and Noble were appointed in 1905, first at \$7 each per day and actual expenses. In March, 1907, an order-in-council was passed to allow Birnie \$10 per day as secretary. In May, 1907, another order-in-council was passed to allow Birnie and Noble, \$5 per day each for hotel expenses. That meant Birnie was receiving \$22 per day and Noble \$12.

Mr. McLean, of Prince Edward Island, asked who kept the account as to the number of days Birnie and Noble worked, and Professor Prince replied that his supervision was general and that the actual check was that both were responsible men.

Mr. Bennett asked if Mr. Noble had been recently prosecuted for illegal fishing.

Mr. Brodeur protested vigorously. He said it seemed more like personal spite on Mr. Bennett's part than anything else.

Mr. Bennett retorted that he wanted to know the kind of people Mr. Brodeur had in his department. Mr. Brodeur did not press the question, but said that he would bring the matter out in another way.

Again Mr. Brodeur charged that Mr. Bennett was actuated simply by spite against Mr. Birnie.

"Oh, I'm after you, too," Mr. Bennett answered, "and when I get through with you there won't be much left."

Armand Lavergne is informed by the postmaster-general that the post-office department will issue a new series of stamps on the occasion of the three-hundredth anniversary of the founding of Quebec. The question as to whether they will be printed in French and English is under consideration.

DOMINION AMMUNITION

WAS A TOTAL WRECK FROM HEART FAILURE.

Heart disease is characterized by its stealthy approach and its variety of forms, yet in all the forms nature gives unmistakable signals which warn us of its presence.

One of the first danger signals announcing something wrong with the heart is the irregular beat or violent throb. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or, again there may be the most violent beating, with flushings of the skin and visible pulsations of the arteries. You may experience a smothering sensation, gasp for breath and feel as though about to die. In such cases the action of Millburn's Heart and Nerve Pills in quieting the heart, restoring its normal beat and imparting tone to the nerve centers, is, beyond all question, marvelous. They give such prompt relief, such speedy restoration to health that no one need suffer.

Mr. Darwin Carr, Gaary, N.B., writes: "It is with the greatest pleasure I write you a few lines to let you know the great blessing your Millburn's Heart and Nerve Pills have been to me. I was a total wreck from heart failure, my wife advised me to take your pills, and after using two boxes I was restored to perfect health. I am now sixty-two years old and feel almost as well as I did at twenty."

Price 60 cents per box or \$ for 12 boxes at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.
