THE SPORT REVIEW

MEETING OF THE VICTORIA BASEBALL CLUB.

Sergeants Indoor Baseball Team Issues a Challenge—Roller Rink Opening—Smokers For 14th Hockey Champions.

The first meeting of the Victoria baseball team, city champions in the season of 1907, was held at the Y.M.C.A. building, last evening, and was largely attended. The boys are all taking a great interest in the club, and they will work hard to defend their title. The following officers were elected: Honorary president, William MacFadyen; president, J. M. Donaldson; vice-president, H. B. Van Sant; secretary, Frederick F. Folger; treasurer, Stanley Trotter; captain, Gordon Dick; manager, second team, B. Muckler. The executive of the club will be composed of the president, secretary, manager and the captain. The secretary and the manager were appointed to sit on the executive board of the city league. It was decided to put both teams under one management, running them both as clubs. The second team won the junior series last year and they hope to be able to do the same thing again.

14th Social Evening.

On Tuesday evening in the Ontario hall the officers of the 14th Regiment will give "At Home." A large number of invitations have been issued and a fine time is looked forward to. The affair is in honor of the seven heroes who carried the colors of the old 14th to victory in the senior O.H.A. series this past season. A fine program has been arranged for the evening. Boxing bouts, wrestling bouts and fencing bouts will be pulled off, along with forms of entertainment for the boys. All the officers, non-commissioned officers and men of the regiment will be present.

Do Excellent Work.

Large numbers of motor boat enthusiasts have visited the Sydenham street block house, where Coward & Doane are conducting a first-class boat factory. A large number of speed boats and pleasure launches have been turned out, shipments having been made already to such outside points as Hamilton, Ottawa, etc. Many citizens have also left their orders with this enterprising new firm. Their work is certainly excellent and prices unusually moderate.

Sergeants Issue Challenge.

The sergeants' indoor baseball team enter a challenge to any team in the city for a game in the armours. All challenges are to be sent to the mess secretary, Secretary William Hazlett. The sergeants have one of the best indoor baseball teams in the city, today, and are anxious to try conclusions with some other nine who think they are of the best class.

To Have A Long Run.

The Y.M.C.A. Harriers club will have a long run on Good Friday. The boys will run down Montreal street to Kingston Mills and back to town by the Barrified way. It is likely that three or four local men will enter the twelve mile Marathon race on Victoria day.

The Scheme May Drop.

The scheme meeting called for Friday evening did not materialize as only a few members turned out. The officers were willing to do all they could but finding that the lacrosseists did not take any interest in the game they will let the proposal drop.

Baseball League Meeting.

The first meeting of the city league executive will be held on Wednesday evening next in the Randolph hotel, when the by-laws will be submitted. Every team must have two representatives present and have the admittance fee on hand.

Getting Roller Rink Ready.

D. E. Ryan, manager of the roller rink, will be at work on Monday and the rink will at once be put in order. It is to be hoped that it will be open for Good Friday.

A SUCCESSFUL "AT HOME."

In Aid of the First Baptist Church Building Fund.

On Thursday afternoon, the Ladies' Aid Society of the First Baptist church held a successful "At Home" at the residence of Mrs. James Leslie, Brock street. Mrs. Leslie and the president, Mrs. Sawyer, received, and Miss Sharpe, the treasurer, was assisted at the door by little sisters Isobel Leslie and Edna Singleton. Mrs. H. A. Calvin and Mrs. J. A. Hendry presided at the tea table, assisted by Misses Jean Laing, Mabel Lake, Lillian Hughson, Mabel Clark, Ethel Jones, Irene Moore and Annie Friendship, members of Mrs. Calvin's Sunday school class, while Mrs. Shirkin and Miss Booth looked after the general welfare of the guests. The "home-made" table was in charge of Mrs. A. Singleton, Mrs. C. S. Litton and Mrs. J. E. Jones. Candy-buys were served by Mrs. J. W. Litton, assisted by Misses Della Young and Mabel Smallbridge. At the work table were Mrs. J. E. Lake, Mrs. W. J. Moore and Miss Cliff. In charge of the kitchen were Mrs. McCullough and Mrs. Pickering. The decorations were daffodils, and the various tables looked very pretty with their tempting arrangement of articles which brought real satisfaction. During the afternoon sweet music was discoursed in turn at the piano by Miss Calvin and Miss Edna Lake. The day was beautiful and the attendance large. The proceeds, ninety dollars, will be applied to the building fund of the church.

Silk Hats.

The new styles now being shown at Campbell Bros'.

Gave A Little Play.

The German Club met at Mrs. John MacGillivray's, on Friday night, and gave a little play. The members of this club are all now quite at home in the tongue of the Vaterland.

Hat Talk.

Our hats talk two languages—style and good value. Don't miss seeing our new shapes in men's brown and fawn derbies, Campbell Bros', the style centre for men's hats.

To Be Tried To-Day.

A case of assault from the county was tried before Col. Hunter at the court house, this afternoon. Two men got into an argument and one was quite badly used up, and the case was brought up for trial.

Civic Finance Committee.

The civic finance committee met, last evening, and transacted routine business. The request of the Montreal Transportation company, asking permission to reduce fire insurance on the grain elevator, as the agreement with the city has lapsed, was referred to the city solicitor for report.

His Stratford Address.

Elmer Davis, who was elected first vice-president at the Y.M.C.A. convention, at Stratford, spoke on the subject, "The Importance of Business Methods in the Young Men's Christian Association," and it proved a most encouraging talk by a business man to business men.

Disturbed By Geese.

People living on Colborne street have a rather unusual complaint to make. They say that the geese kept in that vicinity are too noisy early in the morning and that they are disturbed. "We do not need an alarm clock or anything of that sort in the mornings," remarked one resident, today.

Last Dance Of Season.

The final year students of arts, medicine and science will hold their farewell dance in Grant hall, on Friday, April 24th. This giving of farewells was only started last year, but promises to become a permanent feature, and this one will be the best of the season. The students of the three faculties are working hard to make it a success.

Died In Toronto.

John Robert Davis, singer at the Bristle theatre, received a telegram, on Friday afternoon, bearing the sad intelligence of the death of his young brother, in Toronto. Little Owen was only a year old, and was the joy of the household. Mr. Davis' many friends sympathize with him in his loss.

Not Yet Moved.

It was fully expected that the station hospital staff would be moved from their old quarters, at Tete de Pont barracks, to the new building, on Queen street, near Clergy street, several weeks ago, but the work on the alterations to the building has been delayed, and the change could not be made. The members are anxious to get into the new quarters.

B. A. Hotel Arrivals.

Barrag, Belleville; W. Marshall, H. Calderwood, J. Whelton, Toronto; D. Bennis Grover, Cincinnati; B. T. Burt, Chattanooga, Tenn.; L. R. Corbett, G. Dalin, Brockville; E. H. Degett, New York.

A Lively Runaway.

Quite an exciting runaway took place out on Division street, this morning. A team belonging to one of the farmers coming to the city, dashed along Division street towards Princess street. The animal, becoming frightened when passing the toll gate and were at a stiff gallop before the driver could get them under control. Some of the produce was scattered over the road and was brought in after the farmer, who was driving in after the farmer. The animals were stopped at Queen street.

Fighting The Weeds.

A new act for the province requires that overseers of highways shall see that the provisions of the act relating to noxious weeds are carried out within their divisions, by destroying or causing to be destroyed at the proper times to prevent the ripening of their seed, all noxious weeds growing in highways or road allowances, such work to be performed as part of the ordinary statute labor or to be paid for at a reasonable rate by the treasurer of the municipality, as the council may direct.

Exchanges In Real Estate.

An important real estate transaction has just been consummated, by which several changes will be made in the business district of Princess street. F. W. Vanhousen, grocer, has disposed of his building and site to S. S. Corbett, undertaker. The grocery stock and store fixtures have been sold to Messrs. Lee and Kirk, who have recently purchased the good-will of the Charles' Milk company. Besides conducting a milk depot, at 287 Princess street, they have purchased Mr. Corbett's former stand at 281 Princess street, and will conduct an up-to-date grocery business there.

Mr. Corbett will shortly proceed to renovate his premises, and when complete will have a very up-to-date undertaking establishment. Although Mr. Vanhousen has been most successful in the retail grocery business, he will not engage in it again. He is considering several propositions, but cannot at present say what business he will embark in.

The police station is a great lodging house. Two more tramps were taken in on Friday night. We sell the latest styles in hats and caps. J. P. Forrest, King street.

GRAND OPERA HOUSE.

Kennedy Company Concludes Its Engagement To-Night.

A very fair audience witnessed the production of "The Triumph of Love," by the Nellie Kennedy Dramatic company, at the Grand Opera House, last evening. "The Triumph of Love" is a beautiful drama, treating of simple country life, in which a young girl, the daughter of a farmer, is courted and wronged by a New York adventurer. She is also loved by a young clergyman, who follows her to the city, where he rescues her from a gilded gambling den, and finally marries her. A lamp is burning for her in the window. The leading role is taken by Nellie Kennedy, in the character of "Marie Aller," in which she gives a realistic and natural conception of her part. Marie Hallett, in the dual characters of "Marie Gray" and "Alice Finch," proved herself to be an accomplished young actress. They were ably assisted by Sara and Lillian Armitage in their parts. R. C. Stout, George Hayes, Millard Vincent and Milford Stack also took leading parts in a very creditable manner.

The specialties were entirely changed, and were well carried out, especially by the Armitage sisters, in their singing and dancing. The Burdette brothers, in the comic acrobatic work, gave pleasure. Milford Stack also contributed his share to the success of the entertainment.

To-night the company will present the closing bill of its engagement—"In Louisiana," a popular drama in the United States.

"Passion Play."

The moving picture illustrating "The Passion Play" will be shown at the Grand Opera House for one week, commencing Monday April 13th. This is generally admitted to be the most elaborate and pretentious moving picture ever devised. It is shown in five long reels and its presentation takes about two hours. Considered as a spectacle it is often magnificent, revealing many glimpses of attractive scenery and the movements of vast throngs of picturesque costumed people; while the acting—especially of the leading character—is simple, dignified and impressive. The life of Christ is followed very closely and no important event is omitted.

"Farsifal" Is Coming.

"Farsifal" in whatever shape it is presented, whether with all the beauty of Caruso's voice and Conradi's operatic orchestra, or in the blatant translation depicted by Henry Savage, or whether in the form of English music drama, as it will be seen at the Grand on Tuesday, April 21st, it will always remain an education in itself. No one can deny the beauties of the wonderful story. There is about it that pristine atmosphere of mysticism, that charm of medievalism, that constant succession of symbolic utterances and acts which makes it impossible to class it with anything modern, one which lifts it to the realm of classic.

THE FIRE COMMITTEE

WILL GET REPORT FROM CHIEF ELMER

As to the Expediency of Re-arranging the Fire Alarm Boxes So That One May Be Close to Every School.

At the fire and light committee, yesterday afternoon, there were present, Aids, Ald. Rigney (chairman), Hoag, Nickle, Hartly and Henderson. The chairman reported upon the sale of the two fire horses by auction. Aid. Hoag said he thought that the chairman and Aid. Robertson were appointed a sub-committee to sell the horses. Aid. Rigney said that was quite true, but they used their discretion as to the method of sale. They chose an auction as the way that would be satisfactory to all concerned. Aids, Hartly and Henderson thought, with Aid. Hoag, that Aids, Rigney and Robertson were to sell the horses by private sale when more money would have been got. Aid. Rigney, however, closed the discussion with a broad smile directed at his confederates.

The committee decided, on motion of Aid. Nickle, to request the chief of the fire department to report upon the expediency and probable cost of a re-arrangement of the fire alarm boxes, so that a box may be in-front of, or adjacent to, each of the city schools. Aid. Nickle said he understood that such a re-arrangement could be made that would be satisfactory in every way.

The chairman reported that he and the city engineer had visited the corner of King and Union streets, for which an arc light was asked by residents. They found that the light was needed, but as there were no funds at present, it could not be erected.

Aid. Rigney asked the committee members what they thought about asking for tenders for out for the fire stations. The opinion was that it was better to continue laying as at present, as there may be a drop in price by the summer. A better quality of out is secured by purchasing from local retail dealers, and the best feed possible to get is what fire departments horses require.

BETWEEN NOW AND MONDAY

THINK OF THESE PARAGRAPHS.

Defective sight will not get right without help by glasses.

Trying on Glasses to fit or not to fit, as it happens is not scientific. There is a better system than has ever been used, it is being demonstrated in my Optical Room.

Some of the most difficult cases in all this country have been successfully fitted by Mr. Montgomery this week.

In fact there is no case too difficult none too complicated.

The above illustrates the new system of measuring the inside refraction of the eye.

All next week the Demonstration will continue, and judging by the past week my Optical Room will be a busy place.

Parents should not miss this most excellent opportunity to consult with Mr. Montgomery. Many children during the past week have been in and many more should come.
