IS READY FOR A DEAL

NEGOTIATIONS FOR PURCHASE OF PINE TIMBER.

Member of Parliament Makes An Offer For Trees on West-End Property—Citizen Makes Generous Suggestion For Park.

Negotiations are on foot in this city looking to the sale of the standing pine on the Rivers' property at the west end of the town of Brockville.

The prospective buyer of the trees is Melzar Avery, M.P., frontman, of the firm of Thompson & Avery, Sharbot Lake.

In the event of the deal going through, as appears probable, a portable saw mill will be erected on the premises and a complete sweep of the timber made.

Mr. Avery has made his estimate and a "cruiser" is now getting at the value for Col. Rivers.

It is said to be Col. Rivers' intention to divide it into building lots and sell.

If the town were to secure the Pines for a park site a citizen will contribute \$1,000 towards a public subscription to procure the Malloch property immediately west of it for the same purpose or should the corporation purchase the Malloch property for a park the same offer would hold good for public subscription towards buying the Pines.

Mr. Avery has been in Brockville several times lately looking the timber over.
