**CHILD'S BLACKENED BODY RECOVERED BY FIREMEN.**

Family Home is Destroyed—Three-months-old Infant of Mr. and Mrs. William Dishaw Meets a Horrible Death.

Ogdensburg, N. Y., April 14.—Yesterday, the house of William Dishaw, at the corner of Mechanic and Ficer-streets, was destroyed by fire and a baby three months old was smothered and burned to a crisp.

Mrs. Dishaw had gone to the neighbors for a pail of water and in her absence her two-year-old baby lit some matches, and the curtains taking fire, everything was destroyed before help could be obtained.

When the firemen arrived at the house they were informed by Mrs. Dishaw that the baby was in one of the rooms. The firemen rushed the hose to the section of the house named and one of the fire-fighters succeeded in crawling along the floor until he reached the child. When brought out it was found that it had been burned to a crisp. The fireman had no sooner reached the window when the floor over which he had crawled fell in.

He was counting his cash at the time, and was alone in the shop. Mr. Martineau gave the man the cigarettes, but he refused to pay for them, and while a dispute was going on the other man went behind the counter and tried to rob the till. Mr. Martineau picked up a hammer and threw it at the robber. The other man then drew a revolver and fired, the bullet hitting Mr. Martineau in the right breast. Pretty Incident in Connection With Daughter.

Paris, April 13.—The Princess Yolanda, the five-year-old daughter of the King of Italy, was, says Giff Blax, recently the heroine of a pretty incident.

An old woman, who had long vainly attempted to obtain an increase of "Well," decided to address a petition to "Her royal highness the Princess Yolanda of Savoy" at the Quirinal.

The letter was handed to the king, who read it, and, with immovable seriousness, ordered his chamberlain to take to the princess. The chamberlain proceeded to the princess' room, where the child was sleeping soundly, and, to the astonishment of her nurse, gravely read the petition to her. Then, he returned to the king.

"What did the princess say?" "Nothing, your majesty. She is asleep."

"Then silence gives consent," said the king, and he ordered the petition to be granted.

Hon. Frank Oliver Said it Gave Better Selection.

Ottawa, April 13.—The immigration policy of the government was again under criticism, to-day, the whole session being devoted to a debate, not yet concluded, arising out of a motion by Mr. Monk calling for the abolition of the bonus system. Mr. Monk claimed that the bonus system had not been justified by results, and contrasted the Canadian immigration policy generally with that of the United States. Hon. Francis Oliver made a vigorous reply, in the course of which he emphasized the fact that the policy of the government was to pay bonuses only on a selected class of immigrants, among whom Italians were not included. He maintained that the aggressive immigration campaign carried out by the government had been productive of good results.
