**6000-MILE VOYAGE MADE BY PURE MISTAKE.**

English Vicar Visiting Friend on Ocean Liner is Carried Off to Sea without Rescue.

Liverpool, April 14.—After a voyage of 6,000 miles, as the result of a moment's carelessness and after a visit to South America lasting just two hours, a Buckinghamshire vicar, the Rev. R. P. Ashley Spencer, of Tyler's Green, has just returned to Liverpool. Mr. Spencer landed in Brazil on February 21st last for a month's rest and board. On February 26th he went on board the liner Araguay to see a friend. Engrossed in conversation he paid no heed to warning cries and the raising of the anchor, and was suddenly alarmed by the throbbing of the screw. He rushed to the vessel's side to find that it was impossible to get ashore.

Vainly protesting, and fearing that the worst consequences might be placed upon his inattention, he was borne to Pernambuco, where he was out being able to send any message to his friends or relatives. The voyage lasted eight days, officers and passengers doing their best to sooth him and to provide him with clothes, of which he was in absolute need. Reaching Pernambuco he is stantly called home, reporting his misadventure.

He found that a steamer, the Thames, sailed for Madeira very shortly from Bahia, and went to that place, 400 miles from Pernambuco, by sea. At Bahia he found time to go ashore, and had precisely two hours in which to explore the continent of South America before the Thames sailed. He returned in that vessel to Lisbon, where he arrived on March 18th, and awaited the arrival of the steamer Glenora, bringing his baggage from Madeira.

Rejoicing in the possession of his own belongings, of which he was deprived for nearly a month, Mr. Spencer is now on his way to Liverpool, where he is due to-morrow, bronzed and in splendid health after his 6,000-mile voyage.

**GANANOQUE TIDINGS.**

What is Transpiring in the Popular River Town.

Gananoque, April 14.—William Salter, William street, has been confined to his bed for the past week, seriously ill. A slight change for the better is reported. Frederick Quinsey, attending Kingston Business College for some time, has returned to town.

Mrs. C. V. Ketchum, wife of the manager of the local branch of the Bank of Toronto, who lately underwent an operation in Brockville General Hospital, is so far recovered as to be able to leave for a visit to Toronto friends. E. M. Hiscock, Stone street, spent a short time during the past few days in Kingston.

Mrs. Schuyler Lee, of Alexandria Bay, spent the past week in town, the guest of Mr. and Mrs. W. G. Dustin, Garden street.

Miss Maud Cornell, William street, spent the past week with relatives in Lansdowne. Mrs. W. H. Britton, of the customs house, left yesterday for a visit with relatives in New York city.

Mrs. O. V. Goulette, King street, who has been spending some time in Montreal, the guest of Mrs. Jesmer, has returned home.

Miss Fern Frenenburg, of Lansdowne, is the guest for a short time at Gananoque East in person of Rev. Mr. and Mrs. J. C. Cornell. T. E. McDonald, has left for Indian Head, Sask., where he will locate.

**LOOKING FOR A BROTHER.**

An Ontario Man Lost in the Woolly West.

Spokane, Wash., April 14.—Searching for a brother who left his home at Markham, Ont., more than a quarter century ago, is A. G. Campbell, who stopped in Spokane on his way to Sunnyside, Wash., where he hopes his quest will end.

The missing man is fifty-six years old. The last heard from him by his relatives in Ontario was a letter written in 1866 from Wallula, Ore., in which he urged another brother to come west and join in a bridge building venture. The missing man was then known as Wm. Fane. Mr. Campbell secured traces of him at Weston, LaFayette and Umatilla, Ore.

Reports which have been received in a roundabout way indicate that Fane had prospered. He is said to have bought some coal lands along the line of the Northern Pacific. He was a good business man, says Mr. Campbell. Before he was twenty years old he had a gang of workmen under him on a contract in Ontario.

Mr. Campbell says the family still lives at Markham, and this is the last effort being made to locate the missing brother.

Mr. Campbell is a typotype operator and has worked in Vancouver and Victoria, B.C. He intends returning to Winnipeg if his search is not successful. He is handicapped in his work by the fact that he is deaf.

**Women Suffer Agonies from Kidney Trouble**

**GIN PILLS CURE THEM**

There is Mrs. Ripley, for instance. She suffered terribly with her back. It ached, ached, ached—all the time. Even in bed, it ached as if she could not get away. It finally became so bad that household work was impossible.

She certainly was a discouraged woman when she began to take GIN PILLS. And there isn't a happier, healthier woman in the Dominion than this same Mrs. Ripley to-day.

I cannot refrain from writing you the benefits I have realized from this GIN PILLS. Before I had used GIN PILLS I suffered dreadfully with my back, and had suffered for twenty years. I had tried almost everything but got no relief until I got GIN PILLS.

I have taken six boxes and now I have not a pain or an ache in my back. I am now 42 and feel as well as I ever did in my life. There is nothing in the world as good as GIN PILLS for pains in the back to which women are subject. Yours truly,

Mrs. WILHELMINE F. BOYER.

Mrs. Ripley had serious Kidney Trouble. And the sick kidneys were those spitting headaches were sapping her strength—and dragging her down. GIN PILLS really saved her life. GIN PILLS cured her kidneys. She has never well ever since. GIN PILLS are a grand medicine for women.

Try them at our expense. Mention this paper when writing and we will send you a free sample so you can see for yourself just what GIN PILLS will do for you. The Boie Drug Co., Winnipeg, Man.

**SHARPTON CROP REPORT.**

Clover Seed Never So High in Price As It Is Now.

Sharpton, April 13.—An early growth of grass would be welcome to many who are short of fodder. Many cows have not stood the winter, as well as usual, owing perhaps to the scanty rations. Many cows have died within a radius of a few miles. One farmer lost three, others two each and so on. Clover seedling in many places has been seriously injured by the alternate freezing and thawing of last week. That there will be a good crop of clover hay this year seems very doubtful. Don't all speak at once, but let me ask a question. Who ever saw clover seed fifteen dollars per bushel and upwards before? The price seems almost prohibitory. Let the farmers not get discouraged, there has been and will be good crops of clover. J. Horn and P. McCormick draw milk to Odessa. The former starting on the Highland Road, the latter along the Quobin road. The trustees have secured a flag and other apparatus for Sharpton school. Mrs. E. Mohan and Mrs. P. Mohan received word of the serious illness of their brother, Thomas Mooney, Winnipeg. His brother, Hugh, of Napawa, has gone to see him. It is said there are many fish pecking from under the shores of Mud Lake. Mr. and Mrs. Stahley have moved to the city, Archibald Campbell, Moscow, is hired with Mr. Main. The number of milch cows in this neighborhood is considerably less than for a number of years. Many are speculating as to how dairy produce will sell the coming season. It seems probable that prices will have a downward tendency.

**FASHION'S HATS.**

A Large Hat of White Milan Straw.

The drawing shows a charming model for a summer hat. Pure dead white milan straw faced with old rose was used in the original. The crown was in the new bowl shape and was encircled with a wreath of large cosmos with feathery green foliage and buds. At the left side was a large fluffy cosine and marabout plume.

**GIFT OF TRINITY GRADUATES.**

A Portrait of Dr. Walter B. Geikie Was Presented.

A life-size portrait of Dr. Walter B. Geikie, formerly dean of Trinity Medical College, Toronto, has been presented as the gift of the graduates of Trinity College, a tribute in commemoration of thirty-one years of continuous service in medical education in Ontario. Dr. George A. Bingham made the presentation, and referred to Dr. Geikie's long and splendid service. He started his career in 1856, and till 1860 filled two chairs in the medical faculty of Victoria University. Owing to ill-health he retired to Aurora, where he attended to a large practice, and visited Toronto to deliver daily lectures. In 1869 he became professor of medicine and clinical medicine in Victoria College. In 1871 he founded Trinity Medical College, where he was professor of medicine and clinical medicine for thirty-two years. In 1878 he became dean of the college, and occupied this position till 1901. Then he was placed upon the board of examiners in medicine. Dr. Geikie, last year, received the LL.D. degree from Queen's University, and it is a pleasure to see Toronto also recognize the worth of one of its oldest and most useful citizens, who stands like a tall and stately tree in the true dignity of age and service.

**A HIGHLAND PARADISE.**

A Place For Summer—Cool Breezes Blow.

Among the "Highlands of Ontario" there are several districts that appeal to the tourist and summer traveller, but the most popular and probably the most beautiful of these districts is the one known as the "Lake of Rays," a territory covering many hundred square miles of land and water scapes and where the influx of summer travellers is increasing every year. Many an enthusiast has named the Lake of Rays "Queen of Lakes." It is a place where the cool breezes blow, where groves of spice balsam lift their graceful mitered tops to the sky, where bathing is safe and where the speckled trout, salmon trout and black bass are found, and where the deer abound.

This charming district is situated on the line of the Grand Trunk railway system and is reached through Huntsville, 145 miles north of Toronto.

A new hotel with accommodation for 200 has been erected and is conceded to be the best of the summer hotels in the northern districts. A handsome book, descriptive of the territory and giving all information as to guides, rates, routes, etc., and full description of the new hotel can be had free on application to J. Quinlan, D.P.A., Bonaventure Station, Montreal.

**5,000 Facts About Canada.**

The 1908 edition is out of that most useful and valuable booklet, "5,000 Facts About Canada," compiled by Frank Veigh, of Toronto, who is widely known throughout the Dominion as an authority on things Canadian. Nearly 25,000 copies were sold of the 1907 edition, the demand coming from every part of this continent and the British Empire. The idea worked out, that of a concrete fact in a sentence, is an excellent one, the data being arranged under self-inducing titles as, agriculture, banking, commerce, finance, mining, railways, wheat fields, etc. The wealth of material contained in small space is a revelation to even a well-informed Canadian of the standing and resources of the country. The book is published at 25c. a copy by the Canadian Facts Publishing Company, or may be had from newdealers.

**Carleton Place is to be abolished** as a terminal of the Canadian Pacific railway. Train crews will run from Smith's Falls through to Oakville district. It will mean the removal of 250 trainmen, about half of whom are married.
