## LICENSE REDUCTION

### MONTREAL TO BE ONLY EXCEPTION TO THE RULE

Gradual Scale of Reduction—License to be Cancelled on Second Offence and Offender Cannot Transfer.

Quebec, April 15.—No immediate or general reduction of liquor licenses in the province is provided by the new government measure, introduced in the legislature to-day. On the other hand the bill establishes a gradual scale of license reduction, owing to the provision that in future, when once a liquor license has been withdrawn for infringement of the law, a second offence shall not be renewed until a certain limit is reached. In Montreal this limit to be gradually reached is to be placed at 400 licenses instead of the present minimum of 475. In Quebec and other cities and towns the reduction is to proceed until the minimum of one license per 1,000 inhabitants is reached. This indicates that Montreal is to be the only exception to the rule of one license per 1,000 people.

### TROPICAL LOVE STORY.

Vivid Life of Mexico Seen at The Bijou.

The splendor of tropical scenery by daylight and moonlight, and the picturesque effect of costumes, architecture, and unusual interest to the melodrama, "A Mexican Love Story," to be seen at The Bijou, to-day and to-morrow.

The scenes "A Luxurious Siesta," "Dancing the Cachucha," "Moonlight in a Tropical Garden," and "The Midnight Duel" are alone worth the price of admission. The play combines education with heart interest.

"The Troubles of a Fresh Air Fiend," are very amusing. John Robert Davis sings a beautiful song, "Consolation."

### Purchased the Works.

Robert S. Goulay, of the well-known piano firm of Goulay, Winter & Leming, Toronto, was in the city to-day, concluding the negotiations for the purchase of the McMillan Piano Company's works, on Ontario street. Mr. Goulay says that it is the purpose to carry on the factory in connection with the Toronto works; thus enabling Kingston to profit from their enterprise. The Goulay piano has a well-established name in the west.

The firm comes here because it finds economic conditions much more favorable than in Toronto. If these conditions continue it is quite probable that the business will expand rapidly and another prosperous concern be added to Kingston's industrial life.

### Delegates Appointed.

At a meeting of the Independent Labor party, held last night, Messrs. William Kelly and Frank Corley were selected delegates to attend the Independent Labor party, to be held at Toronto on Good Friday. Three other delegates will be chosen by this convention from all over the province. Questions of vital importance will be taken up.

### Where To Build The Wharf.

Dr. Evans, who was the means of getting the Board of Health to petition the city council regarding getting a lease of Cedar Island for recreation purposes, says that the best means to be adopted towards making a public landing at this island would be to build a wharf in the bay at the north-east end of the island. If that was done the ferry steamer Wolfe Islander could land there regularly.

### THE PARAGRAPH PULPIT

Unitarian. REV. C. W. CASSON, The Mission of Jesus.

Jesus did not come into the world that he might die for it. His mission was one of life, and not of death. His dying was but the natural and inevitable sequence of his living. His mission was but the mission of us all—the living of the noblest and highest life of which he was capable. This he did, and did so well, that he has gained the admiration and adoration of mankind. He has stimulated all men who have heard of him to higher endeavor. He has shown how large and splendid a human life may be when it is wholly given to the service of God and man. And this mission is yours as well.
