**CATARAQUI LODGE, NO. 10  
HAD A FINE TIME**

In Its Lodge Rooms Last Night—A Splendid Banquet Held—Senator Derbyshire Was One of the Speakers.

The eighty-ninth anniversary of the founding of the Independent Order of Oddfellows was celebrated in royal manner by Cataraqui Lodge No. 10, in its lodge rooms last night, by a banquet, at which songs, piano solos, and speeches were given. At 8.30 o'clock, the members and visitors from sister lodges, and the guests of the evening sat down and partook of a sumptuous repast, in charge of James King, with a capable staff of assistants.

Past Grand Robert Meek acted as chairman, and with a few opening remarks proposed the first toast, that of "King and Country," which was received with the National Anthem, and responded to in an able manner by Alderman W. F. Nickle. Then the Cataraqui Lodge quartette composed of Messrs. N. T. Greenwood, A. Atkins, J. Halliday and H. Fokes favored the brothers.

The toast of "The Order" by Robert Meek, was responded to by Organizer A. H. Blackey, as he only can do. He dwelt on its foundation, membership and gains, and gave certain figures in support of his claims. R. F. Harvey then rendered a piano solo. "The Grand Lodge of Ontario," was taken in hand by Past Grand J. R. Donaldson, and responded to by Hon. Senator D. Derbyshire, of Brockville, grand warden of the grand Lodge of Ontario, who in his own style spoke of grand lodge, its work and expansion in the way of new lodges and additions to its membership. Past Grand Rutan, of Napanee, also spoke in a bright manner to the toast. James Halliday then sang a solo.

Past Grand E. O. Slier proposed "Sister Lodges," which was responded to by the noble grands of Kingston and Granite lodges, also by Mayor Ross. A violin solo by Dr. Keyes, accompanied by Mr. Halle then followed. "Cataraqui Lodge," was taken by Dr. R. E. Sparks, and responded to by A. T. Hatch, Past Grand R. J. McClelland and E. O. Slier, and followed by a solo by J. B. Forster. "Oddfellows' Relief Association," was taken in hand by Alderman H. Angrove and received reply from the president of the association, D. M. McIntyre, K.C., who spoke of its growth and prosperity. The Princess Street Methodist church quartette then sang and responded to an encore.

O. B. Barriels proposed "Our Degree Teams," and reply was made by Past Grand E. Moore, J. Dennison and A. W. Cathcart, also A. T. Hatch. "Our Juniors," by T. N. Stockdale, was answered by John Cruise. "The Absent Ones," by the chairman, was received by singing "Blest be the Tie that Binds." "The Brevocia," was proposed by Rev. Mr. Burke and received replies from Senator Derbyshire and Past Grand Watts. An orchestra played at intervals during evening. Credit for the success of the evening is due to energetic work on the part of Past Grand Donaldson and his co-workers.

**Marine Notes.**  
The schooner Jamieson cleared for Oswego to load coal for Anglin's. The schooner Acacia is in Oswego, loading coal for R. Crawford & Co. The steamer Glengarry will enter the government dry-dock for repairs. The sloop Maggie L. cleared for Glenora with corn and wheat. The scow Granger cleared for Wolfe Island to load pressed hay for Kingston. The steamer Aletha made her regular trip from bay ports to the city, to-day.

The schooner Bertha Kalkins cleared for Oswego this morning to load coal. The schooner Keewatin is due at Seale's wharf, to-day, with coal from Oswego.

**A Slight Accident.**  
A fine bay horse, owned by C. W. Litton, Earl street, and hitched to a rubber-tired runabout, became frightened at the street car at the corner of Clarence and Ontario streets, this morning. The animal reared up and back on to the road, breaking part of the harness. Luckily no damage was done to the rig or to the boy who was driving.

**Spring Importations of 1908.**  
Prevost, Brock street, has received three cases of imported goods for his order clothing department, consisting of Scotch and English tweeds, serges, chevots and vicunas. A great variety of them to choose from.

**Liquor Licenses.**  
The local liquor license commissioners will meet again next Tuesday or Wednesday. It is pretty well understood that no new licenses will be granted. No petition in support of the Williamsville application has been received, and one against the Bowen house renewal has been entered, although influential citizens of both political parties support the latter.

**GRAND OPERA HOUSE.**

"The Great Divide" to Be Produced To-Night.

"The Great Divide," one of the biggest artistic and commercial successes New York has ever known, will be the attraction at the Grand Opera House. This play of deep and vital passions and unique naturalism will be presented with a cast selected and rehearsed by Henry Miller and a production that is an exact duplicate of the one used in New York the past two seasons. The story of the play is briefly as follows: Ruth Jordan, a young Massachusetts woman, in a ranch house in an Arizona desert, is confronted by three drunken, roasting, passion-craved ruffians. She seizes a gun to protect herself, but it misses fire and in the desperation of the moment she offers herself in marriage to the least offensive of the three if he will save her from the others. Astounded at the unexpected proposition the man agrees. To one of his companions, a Mexican, he offers all the money in his clothes for his share in the girl. The fellow laughingly retorts that the price offered would not pay for an Indian's swag. When he is offered a string of gold nuggets, however, he agrees to sell, and there remains but one deal with Stephen Ghent, that is the barbarian's name, now proposes that they fight a duel for the human prize, and as may be surmised, he returns shortly, victor in the contest.

"The Cowboy and The Squaw."  
P. H. Sullivan announces the new production of a western play entitled "The Cowboy and The Squaw" by Joseph Byron Totten which will have its initial presentation at the Grand Opera House on Saturday, April 24th and 25th, with a bargain matinee, Saturday. The story of the play is said to be full of atmosphere of the west, and for realism and thrills it will surpass any of its predecessors. It tells the story of life in the foothills in Montana's country, a number of stirring scenes, showing the great far west to a point of realism that is said to be astonishing. A number of novelties are claimed by management to have been introduced that have never been seen before. The feature of the production will be a race between a wild steer and a wild bronco. Mechanics, scenic artists, animal trainers, etc., have been at work on the production for the past two months. An adequate cast has been engaged.

**Royal Alexandra Players.**  
Now that it has been decided that Kingston will be included in the spring tour of the Royal Alexandra Players, it may be well to know what their presentation of "Our Boys" means to patrons of the local playhouse. In the first place Byron Totten's comedy in English piece and can only be properly presented by English players. Those familiar with London, England, theatricals will recognize quickly the names of at least four of the leading members of the company, which will appear in this city. A bright, sparkling comedy, free from cheap Yankee vulgarities, in fact a solid old British laugh, will appeal to all who live under the Union Jack, and the coming of "Our Boys" will be looked forward to with interest. The moral of the play is briefly that adversity will make heroes out of the apparently most priggish and conceited of idlers, and the characters are all well defined and clear-cut. The Players appear here on April 27th.

**WANTED IN BROCKVILLE.**

**William Truesdale, Arrested at Sydenham For Theft.**  
Word was received in the city on Wednesday afternoon that William Truesdale, Brockville, was wanted in the above place. F. C. Arnie and County Constable Smith drove out to Sydenham, where Truesdale was holidaying with his parents, and brought him to the city. Chief Burke, of Brockville, came up on the noon train and returned at seven o'clock with his prisoner. For two years, Truesdale has been employed as foreman at the mica works of A. C. Hervey, Brockville. He came home for the holidays, and it appears that a large quantity of mica was found piled away some place, as if to be taken away. The party people then took out information against the prisoner, bringing him back to explain the matter. Truesdale protests his innocence and says he has no idea what they arrested him for.

**Another Scrap Over Girls.**  
Another scrap took place, on Wednesday night, between two soldiers and two civilians. This contest was also over two English girls. The soldiers had been with the damsels, and after they left them went out in search of the two city chaps. They met at the corner of Princess and Raeot streets, about a quarter to ten o'clock, and the soldiers sailed in without any warning. Only a few blows were struck, but enough were dealt out to let the soldiers know that they were up against the wrong parties when they were looking for fight.

**THE BASEBALL LEAGUE SCHEDULE NOT READY.**

No Yacht Races on Victoria Day—The Celebration Committee—Baseball Teams All Working—General Notes on Sport.

The meeting of the Kingston Baseball Association for Wednesday night, was postponed, as no schedule had been drawn up by the officers. The meeting will be held on Monday night, provided the schedule is ready. The numerous baseball teams in the league are working hard. Every nine is out at work and is showing up well. Some fine games should be put up this year in the league.

**Victoria Day Sports.**  
The sports here on Victoria Day promise to be good ones, and to bring a large number of people from outside parts. The celebration committee will hold yacht races, two reasons being given—first that the crews in the past few years have disappointed the crowds who went to Macdonald Park, and second that the merchants want the crowds down town for business purposes. The yacht club may hold its own races.

**Work On Roller Rink.**  
The work on the roller rink is being rushed rapidly. Frederick Ryan, owner of the rink, has been in the city for some days and is rushing the work. Part of the old floor has been taken up. The planer will be put on as soon as the floor is laid.

**Sporting Notes.**  
McFarland received \$1,000 as his share out of the Britt bout, while the latter received \$1,200. The total receipts were \$6,000.  
Riley Herr, for the past two seasons the goalkeeper for the Wanderers' hockey team, will likely play lacrosse this season, and, in all probability, will be in the line-up of one of the Montreal teams.

France, Denmark, Sweden and Germany are expected to enter men for the Olympic boxing events, and as Australia, Canada and the United States count as nations, there should be no difficulty about getting five nations to enter men.

Good judges of ball players are picking Thoney, of Boston, to be one of the goalkeepers for the American Baseball League. They pick Cobb, of Detroit, to be the only man to lead him. They calculate on Thoney batting .329 and Cobb .350.

A new world's record was made in the two-men event of a state bowling tournament, in progress in Chicago, when "Jack" Hofenkamp and Herman Glanzer, Chicago men, totaled 1,339 pins. The former record was 1,308, rolled by Edward Blouin and Charles Dewitt, in the Canadian meet at Toronto, recently.

When two players try a double steal and one of them is put out, the other does not get credit for a stolen base. The foregoing baseball ruling has been made by President Pulliam, of the National Baseball League, and all scores of that organization have been instructed to follow it in all games.

Baseball fans at Youngstown, Ohio, have prepared an ordinance to be introduced in council, which is intended to provide relief from the merry wild and baseball games and other public entertainments. No hat over two feet in diameter, nor with a crown higher than a foot and a half, is permitted in grand stand or bleachers.

That languid, lifeless feeling that comes with spring and early summer can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Sloop's Restorative. The restorative is a genuine tonic to tired, rundown nerves, and but a few doses is needed to satisfy the user. Dr. Sloop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and off-times weakens the heart's action. Use Dr. Sloop's Restorative a few weeks and all will be changed. A few days' rest will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by all dealers.

**BEWARE OF MOTHS.**

Now the moth will get busy and improve each moment by adding to its family at the expense of any furs left gettable. Send at once to us and a man will be at your house, in a jiffy to take away your furs and we will see that not an egg of a moth remains in them when they go into our storage department.

This is the best time to have your furs remodelled—costs less by far in the dull season, and your garment is ready in the Fall when needed. Such fur garments left with us now to be repaired will be stored free of charge and you have the satisfaction of knowing that your furs will be safe from damage by moth, fire, or burglary. Phone 338, GEORGE MILLER & CO., Makers of Fine Furs.

**TAKEN INTO REST.**

The Late Burton T. Horsey, Formerly of Kingston.

A battle of several years with severe lung affection, during which the devotion of a family was beautifully sustained by every possible care and resource, ended, on Wednesday evening, when Burton Tuttle Horsey entered into rest. He was son of George F. Horsey, who returned to Kingston that his sons might attend Queen's and the Royal Military College. From the classes they passed into active field work. While on a railway survey in far north Ontario, Burton contracted fever, and his weakness was aggravated by a long and toilsome journey to the front. The exposure brought on almost hopeless illness, but a cheerful courage and tenderest care sustained him, through seasons in Kingston, the Adirondacks and the hills of New York state, till nature at length exhausted itself. Death took place at Boonville, N.Y.

The deceased was a young man of highly estimable qualities, a great favorite, and of fine promise in business or professional ranks. The feelings of very many in Kingston, and elsewhere, are linked deeply and warmly with the bereaved family, in a loss so very untimely and regrettable in every way.

**REAR SEATS FOR LADIES**

**Who Wear Tremendous Merry Widow Hats.**

During the summer in all open cars one sees the sign, "Three rear seats for smokers." After this the following sign will be seen in the local five-cent theatres, "Three rear seats for Merry Widow hats." During the past few years, fashion has turned out many new creations, and the girls and women were quite willing to make themselves slaves to them. The latest hat is about the "limit." Some of the hats are actually so wide that the wearers cannot enter the half doorway of the theatres, and are forced to call for help to let them in. A citizen inquired on Wednesday evening if the wearer of one of the hats happened to cough or sneeze on the street and a person passing had his eye knocked out by coming in contact with the jagged edge of the avalanche, would the city be liable for damages? He submitted that it should, if it allowed such things to run around, without a wire fence around the edges, with a large sign, "Please keep off the walk."

**QUICK WORK DONE.**

By the Efficient Staff of the Grand Opera House.

The average person who attends a performance at the theatre, does not realize the amount of work there is in the placing of the scenery, etc., into the theatre. In "Parsifal," given Tuesday night, there is considerable scenery, and as the train was close upon two hours late, it was six o'clock before any of the scenery arrived at the play-house. However, Foster Donnelly and his staff got extra busy, and as a result, everything was put into shape in quick order, and ready for the curtain at 7.46 o'clock. This was remarkably quick time, and reflects great credit upon the staff at the Grand.

**Railway Schedules Needed.**

A gentleman from Napanee boarded a street car, yesterday, and asked the conductor what time a certain train left the city depot. To his utter surprise the conductor could give him no information on the subject. As the Napanee man was a well-known bus driver, he thought it very strange that a street car man could not give a passenger information about train times, and thought it was up to the road officials to see that schedules were placed in the cars for the information of the travelling public.

**Boon-Tugwell.**

The marriage took place in this city on Wednesday evening, of Miss E. Tugwell, of Amherst Island, and Thomas James Boon, insurance agent, Wellington street. The ceremony was performed by Rev. Dr. MacTavish, at the manse on Queen street. The couple were unattended, Mr. and Mrs. Boon will take up their residence at the corner of Brock and Division streets. The bride has lived in Kingston the past two years, and is quite well-known.

**Must Return Uniforms.**

Postal cards have been sent to members of St. Andrew's Highland Cadet corps to return all uniforms on Friday, 24th, inst., at 2 p.m., to St. Andrew's Sunday school, Mr. Swaine will be on hand to receive them. This notice is for any who have not received a card and have a uniform, or part of one, to return it on above date.

**Business Changes Hands.**

Alfred Routley has sold his tobacco and sporting goods store, at 351 King street, to Mrs. John Routley, who will have control of the business in future. It will be managed by Clifton Reid, assisted by Bert Gillespie. Mr. Reid was in the employ of the late John Routley for a number of years. Both young men are very popular and energetic, and will no doubt make a success of the business.

**A Rummage Sale.**

The Thursday night class of the Y.W.C.A. will hold a rummage sale next week. Any person having articles of clothing, furniture, etc., they do not require might kindly send a card to Miss Bell, 196 Johnson street, and they will be called for before April 29th.

**Aldermen Lagging.**

There was a meeting of the city property committee called for Wednesday afternoon, at four o'clock, but, as generally usual with that committee, a quorum of members did not attend. Ald. Angrove (chairman), Toye and Graham were the only ones who put in an appearance. Some aldermen are taking great interest in the people's affairs.
