ALL FAKE SETTLERS

W.I.L. BE STAMPED OUT BY GOVERNMENT.

Cancellation of Lots in Boyer-Timber Speculators Will Suffer—Transcontinental and Crown Timber Limits.

Montreal, April 23.—According to information received, here, by leading holders of timber limits, the Quebec government has cancelled no less than fifty-one lots in Boyer township, Normandeque colonization reserve. The reason for the cancellation is because of non-fulfillment, by settlers, of settlement conditions. This drastic measure on the part of the government is an answer to the representations made, recently, by an important deputation of limit holders which waited on the premier and his cabinet, and pointed out a large number of lots in Boyer township were being held, not by bona fide settlers, but by A. C. McQuon, of Dausville, for purposes of timber speculation. These lots, in addition to the thirty-seven cancelled some months ago, bring the total of lots cancelled in Boyer up to eighty-eight—a measure which should have the effect of thoroughly stamping out timber speculation and fake settlers in that region.

Hon. J. B. Hazen, premier of New Brunswick, accompanied by the surveyor-general, passed through Montreal this morning, for Ottawa, where they are going on business with the department of railways. Mr. Hazen's object is to take steps so that the crown timber limits of the province will be adequately served by the new transcontinental railway, now in course of construction.

TROUBLE AT WINDSOR.

Freight Strikers Scattered By the Police.
Windsor, Ont., April 23.—The police had to be called, last evening, to quell the disturbance among the freight handlers at the Canadian dock, where the steamship Huronic, of the Northern Navigation company, was taking on a load of salt. When the Huronic arrived on Tuesday, Windsor freight handlers refused to work for less than thirty cents an hour. The company promptly sent to Sarnia and brought in forty-five men yesterday.

The disaffected Windsor freight handlers gathered at the dock when work started in the afternoon, and made trouble until scattered by the police. Capt. Nicholson, general manager of the company, says that twenty cents is the maximum paid by the company, and declares that he will bring men from Sarnia, if it is not accepted.

EIGHT MEN KILLED

By Explosion in Mine at Ellsworth, Pa.
Pittsburg, Pa., April 23.—An explosion is said to have occurred to-day at the Ellsworth Coal Company at Ellsworth, Pa., near here. Eight men are said to have been killed. It is not known how many men are in the mine.

Stamped As Impostors.
Toronto, April 23.—The Methodist Anti-Slavery Committee of the city have been warned against three Agents, supposedly from Kurdistan, Persia, who are endeavoring to collect funds for the relief, as they claim, of down-trodden Christians in Persia, who are being terribly oppressed by the Mohammedans. The minister has been warned by the head missionary officers not to assist the men by allowing them to use the church pulpits or in any other way.

Receipts From Western Provinces.
Ottawa, April 23.—A return brought down in the commons yesterday shows that since 1896 the Dominion treasury has received in cash and scrip from crown lands, mines, minerals, timber, etc., in the western provinces, the following amounts: Manitoba, cash, \$1,073,451, scrip, \$209,475; Alberta, cash, \$1,435,716, scrip, \$257,086; Saskatchewan, cash, \$1,743,753, scrip, \$158,263. Total, cash, \$4,252,920, scrip, \$664,861.

Atlantic City Mystery Solved.
Atlantic City, N. J., April 23.—The body of T. Albert Morris, former head of the Mohawk fish industry on the Atlantic coast, who had been missing since November 23rd, was found in the thoroughfare back of Chelsea, yesterday, by Smith J. Albertson, a carpenter.

Criminal Operation Charged.
Whitby, April 23.—Dr. Chapman was committed for trial yesterday on a charge of performing a criminal operation on Mrs. J. Graham. The husband of the woman was also under arrest as an accessory, but turned Mag's evidence and was released.

Noted Professor Dead.
Paris, April 23.—Emil Gebhardt, noted professor of literature and academician, died here yesterday. He was born in 1839.

IN THE COMMONS.

Very Little Has Transpired Since the Easter Re-opening.

Ottawa, April 23.—The two days which have elapsed since parliament reopened after the Easter vacation have been uneventful. Yesterday the major portion of the sitting was consumed by a discussion upon immigration matters as the result of E. D. Monk's resolution, which has now been up for the third time. The old ground was travelled again.

The only matter of interest outside of routine has been the appointment of William Mackenzie, the doyen of the parliamentary press gallery, to the office of secretary of imperial and foreign correspondence. This is taken by many to foreshadow the institution of an Imperial and Foreign office, rendered necessary by the growing importance of Canada in international affairs. Much will have to be done, however, ere this is accomplished.

The railway commissioners announced that they will most regularly in Ottawa on the first Tuesday of every month.
Hon. George P. Graham made a characteristic reply to R. L. Borden yesterday. When the minister of railways was asked what the report of the Quebec Bridge commission was, he printed it was stated that it had been in the hands of the printers for a long time.
'That can hardly be,' replied Mr. Graham, 'when an appendix was added only yesterday. However, I'll see about it.'

STILL AT LIBERTY.

The Murderer of Lloyd Eludes Capture.
Stratford, Ont., April 23.—To all appearances, William Moir, the slayer of Color-Sergt. Harry Lloyd at Wolseley Barracks, London, has dropped completely out of sight. Despite the fact that clues galore have been collected, he is yet at liberty and is thought to be wandering about some section of this county or the adjoining county of Oxford. Three days have passed without definite word of his whereabouts and, to-day, the detectives in the chase are ver-much at sea.

PLUNGED INTO OCEAN.

Two Men Killed—Others Had Narrow Escape.
Astoria, Oregon, April 23.—The first grave accident in the twenty years of its construction occurred yesterday on the Columbia river jetty, where the huge pile driver operated, then, jumped the rails upon which it was approaching the end of the system and plunged into the Pacific ocean, four miles from the shore, carrying down with it eleven workmen. One man was killed outright, three others were badly hurt, one dying later, the balance escaping by a miracle.

SIR ADOLPHE BURIED.

Military Honors Were Accorded Him.
The Floral Tributes Were Many and Beautiful—Service Was Held in Basilica—Interred in Belmont Cemetery.
Quebec, April 23.—The funeral of the late Sir Adolphe Caron, K.C.M.G., took place this morning, at the Basilica, at nine o'clock, and the remains were interred with military honors. Sir Charles Fitzpatrick would be unable to attend the funeral, owing to indisposition. A number of handsome floral tributes had been ordered in Quebec for the funeral, among those being a large wreath from R. L. Borden, chief of the opposition, and members of the conservative party; Ottawa; large wreath from Sir Wilfrid Laurier; large anchor from the president and members of the conservative union; Quebec; large wreath from Lieut.-Col. Grant, British Columbia; large wreath from Grand Trunk Railroad company.
The funeral left the hospital by the Boulevard Langlier for the Basilica at eight o'clock, the R.C.G.A., R.C.R., etc., gathering there at that hour.
The staff review order was composed of Lieut.-Col. Roy, D.O.C., and of the most important officers of the militia of the district of Quebec. After the service the body was conveyed to Belmont cemetery. Sir Louis Jette, lieutenant-governor, being absent in Montreal, was represented at the funeral by Major Sheppard, A.D.C. The federal government was represented by Hon. R. Lemieux, postmaster-general, and the governor-general by Major Wilson.

DIED AT St. Catharines.

St. Catharines, Ont., April 23.—John Tuckey, well-known resident of this district, died at his home here, this morning, from bowel trouble. Deceased was about sixty-five years of age.

HE WAS ACQUITTED

Of Manslaughter—A Montreal Case Settled.
Montreal, April 23.—Joseph Laflamme, accused of manslaughter of William Kaiser on March 29th, by poking his umbrella into Kaiser's brain, through the eye during a fight on a street, was acquitted, this morning.

J. J. Cassidy Dead.

Toronto, April 22.—J. J. Cassidy, president of the Canadian Manufacturers' association, died here this morning shortly after six o'clock. Mr. Cassidy was well known to manufacturers of the Dominion, having been, before its reorganization, for fifteen years, secretary of the Canadian Manufacturers' association. He leaves a widow and three little children.

A FEMALE FAGIN

IN TORONTO INDUCES LITTLE GIRLS TO STEAL.

Cave One As Reward, a Drink of Beer—Woman Gets Six Months in Mercer—Laborer Gets \$3,000 Damages.
Toronto, Ont., April 23.—Mrs. Clara Cook, female fagin, was, to-day, sentenced to six months in the Mercer reformatory by Police Magistrate Denison.

Three little girls, Florence and Irene Marshall and Olive Pettigrew, testified that the woman had induced them to go into stores and steal. Seven-year-old Irene Marshall told the witness how she had stolen a purse with money in it, and given it to the Cook woman. All she got from the latter was a drink of beer.

Three thousand dollars damages was awarded Thomas Dagg, a laborer, of Ottawa, in his action against Thomas McLaughlin, a contractor, of that place, by Justice McMahon.

THE ROCLETTE TRIAL.

Testimony in Favour of Accused Heard.
Quebec, April 23.—In the criminal court, this morning, two witnesses were examined by the crown in the matter of Omer Roclette, Amanda Roclette, wife of the accused, and Alfred Roclette, his nephew. Amanda Roclette stated that her aunt never told her that the accused had given her a powder or anything else. Alfred Roclette testified to having been frequently at the residence of Omer Roclette, during the sickness of his aunt. Witness said that he had bought a bottle of bromo-seltzer, which accused had prepared in his presence, and given to deceased. During the sickness of his wife the accused was always in the house, and he thought he must have given the deceased treatment every day in the house was attending her. In his presence Omer Roclette had given his wife brandy and water ice frequently. He did not recollect that the accused gave his wife anything but brandy, water and ice. He went to Brunet's with a prescription from Dr. Verge at the request of the accused, and he showed the prescription to the pharmacist, but did not give it. After looking at the prescription the druggist gave him two powders, and I asked him if it were the right prescription for sulpho-phol, and he said it was. His uncle put the two powders on a trunk, and he also gave him the prescription. About eleven o'clock, the same night, Thursday, November 14th, his uncle asked him to telephone to Dr. Verge, when the doctor told him to give the deceased the second sulpho-phol powder. Roclette, the accused, told the witness that he had thrown the other powder in the stove, and it had done its work too promptly. The witness does not remember that the deceased had made any complaint about the effect which the remedies had made upon her, such as brandy and water. He has seen the accused give treatment to the deceased. Witness knows nothing of the accused having arsenic in his possession. Prisoner had seemed very anxious about his wife. He had sent witness for another doctor on Friday night. When his wife was dead, Roclette was greatly affected. Witness went up stairs several times, and found Roclette crying. Prisoner took his wife's things and tried to give his wife the best of care, and was most attentive to her wants.
Mr. Marois, recalled to the witness box, said that according to what he knows the cardiac depressions of the deceased on the nights of 14th to 16th and 16th to 17th November were caused by the absorption of arsenic.

ORPHAN'S HOME.

The Officers Elected For the Ensuing Year.
The annual general meeting of the qualified members of the Orphan's Home was held, April 20th. The following committee was elected: Directresses, Miss Gilderleve, Mrs. W. MILLIONS FOR FARMER.

What a Hudson's Bay Railway Would Save.

Edmonton Bulletin.
In a treatise compiled by J. A. McKenna, of the department of the interior, some calculations are made as to the saving a Hudson's Bay railway would elect to the North-Western farmers. The freight on grain from the wheat belt to the bay would be approximately the same as to Port Arthur—ten cents per bushel. The expense of hauling the grain from Port Arthur to the Atlantic ports would be saved, a cost of about 15 cents per bushel. On a volume of 20,000,000 bushels annually exported this would amount to \$3,000,000 per year.

On cattle the rate from Calgary to Churchill should be about the same as from Calgary to Winnipeg. A saving would be effected here of 60 cents per hundred pounds, the cost of shipping the cattle from Winnipeg to Montreal. On the \$2,000 head expected last season this would mean an aggregate saving of \$650,000, or twenty per cent of the total selling price. Beside, the shorter railway haul would mean considerably less shrinkage in weight.

The money thus saved would be money going into the pockets of the producers of grain and cattle, which under present conditions goes to the transportation companies. This saving of 15 cents per bushel on wheat and 60 cents per hundred pounds on cattle would alone return the producer of wheat or beef a considerable margin of profit on his capital and labor. The 20,000,000 bushels of wheat and 82,000 head of cattle could all be handled over a well-equipped line to Fort Churchill before the close of navigation. These are some of the substantial reasons why the people of the west are "set" on the opening of the Hudson's Bay route.

ORPHAN'S HOME.
