WAS A TOTAL WRECK FROM HEART FAILURE.

Heart disease is characterized by its stealthy approach and its variety of forms. In all its forms it gives unmistakable signs which warn us of the presence of the disease. One of the first danger signals assuming something wrong with the heart is the irregular beat or violent shock. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or, again there may be the most violent beating, with flushings of the skin and visible pulsations of the arteries. You may experience a smothering sensation, gasp for breath and feel as though about to die. In such cases the action of Milburn's Heart and Nerve Pills in quieting the heart, restoring its normal beat and imparting tone to the nerve centres, is beyond all question, marvellous. They give such prompt relief, such speedy restoration to health that no one need suffer.

Mr. Darion Carr, Geary, N.E., writes: "It is with the greatest of pleasure I write you a few lines to let you know the great blessing your Milburn's Heart and Nerve Pills have been to me. I was a total wreck from heart failure, my wife advised me to take your pills, and, after using two boxes I was restored to perfect health. I am now sixty-two years old and feel almost as well as I did at twenty."

Price 60 cents per box or \$3 for \$1.50 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
