NO DIFFERENCE IN PRICE

The Difference is in the Quality. Go where you will for your coal supply, the price is very much the same; the difference in results—heat, comfort, coal bills, etc.—remains in a superior or inferior quality. The article of coal to be found in our yards will successfully withstand the severest test. Try it.

A CHANGE OF SCENE. "The reform candidates in Hamilton, express their anxiety to reach an agreement with the conservatives for a purity campaign. From which we gather that they are willing to admit a past not entirely pure for their own party. But are they prepared with a pledge that means anything for the future?"—Exchange.

There is another side to the question. These purity pledges were in great favour with the conservatives. In Kingston the party, feeling assured of success, demanded an agreement that would guarantee a clean election. It was entered into, and the result is well-known.

With a government on the side of the challenging party, and with the promise of patronage, it entered the contest, and had it succeeded there would have been some serious reflections. One would have been that the liberals could not win fairly and squarely, and without resort to illegal measures.

There is a difference of opinion as to the shrewdness of Belleville. On one hand it is alleged that Mr. Hope was supplanted by Mr. Morrison, until recently a member of the legislature. On the other hand it is declared that Mr. Hope resigned his office, and that the appointment of a successor was made by the government as a matter of course.

That the government has caused vacancies by suggesting to the occupants of places the desirability of their retirement is very well known. The surrender of any man who is competent, and innocent of wrongdoing, however, is without excuse. He is not expected to surrender without a cause, and the government will hesitate about pushing out of office any one who is attending to his duty impartially and efficiently.

EDITORIAL NOTES. Socialism in England is not making much headway when its representative in the Manchester election got only 276 votes.

So many of the teachers do not approve of the education department's circular on the examination question? Some more bungling, eh? "Are there to be any model schools this year, and if so, where? Is there any sense in the mystery or silence of the government on this point?"

Winston Churchill will be a different man in time, though he will, like his father, be always eccentric in some respects. With a few more knocks such as he received in the Manchester election, he will not be quite so hump-tious.

his money and his help, to elect the conservative candidates for the legislature in Ottawa. As there is not a parity agreement at the capital the remark is very significant.

The Toronto Telegram announces that "a month ago the good name of Hon. J. P. Whitney was of more value to the Ontario government than the great riches of a mighty campaign fund." The meaning of the C.N.R. agreement becoming more and more apparent.

On suspended Sentence. A sixteen-year-old lad, arrested on a charge of stealing a gun, pleaded guilty before Magistrate Farrell, Saturday, and was allowed to go on suspended sentence, as it was his first appearance before the court.

Spring Importations of 1908. Prevost, Brock street, has received three cases of imported goods for his order clothing department, consisting of Scotch and English tweeds, serge, chevots and vicunas. A great variety of them to choose from.

Trouble With Tramps. Chief White, of Perth, who was in the city, Saturday, stated that the people living in that vicinity were having a great deal of trouble with tramps. The trouble appears to be very much general, and a term-in-jail will be the only cure for these offenders.

Women Given Help. Two women, who arrived in the city several days ago from Brockville, in almost destitute circumstances, were given assistance by the Y.W.C.A. One of them was offered a position in the Children's Home, of Hamilton, and she has left for the place, the authorities at the home paying her railway fare.

Origin Of His Illness. Capt. Thomas Donnelly feels a little better since he reached home on Friday, and hopes to be able to be around next month. The trouble from which he has suffered for the past year or more originated from a fall at the curling rink. He tripped, and fell heavily on a curling stone. The blow he received caused internal trouble.

To-Night, "Our Boys." There is one feature about The Royal Alexandra Players who come to the Grand tonight, direct from their home in the beautiful Royal Alexandra theatre, Toronto, and that is that every player is an artist of tried merit. They do not claim to be the greatest on earth, but their past work speaks for them. See them tonight.

Magnificent White Pine. Some of the finest white pine that was ever shipped to Kingston is arriving for the Calvin company. The pine is from the Temiskaming district and 150 carloads are coming. Some of it arrived on Saturday. The timber will be taken to Quebec Island, and later on will be rafted to Quebec.

An Old Resident At Rest. The figure of Patrick Hamilton will be missed from the streets by many a citizen. The old man died on Saturday in the House of Providence, where he had lived for some years past. "Pat" was a war veteran, and had lived in Kingston for a great many years. He was an old friend of the Whig whose office he daily visited for his paper.

Instructing In Ottawa. Quartermaster Sergt-Instructor Jordan and Mrs. Jordan, of Kingston, are in Ottawa and will be there for the next two months. Q. M. S. Jordan will have charge of a course of lectures to be given in connection with the provincial artillery school. He will likely be one of the Ottawa contingent to go to Quebec and later on will conduct instruction classes in Toronto.

Avoid Biliousness. The dull, sluggish condition usually termed biliousness, and which includes constipation, headache, nausea and other symptoms, is due to a clogged condition of the system. Both stomach and liver are involved. Day's Dyspepsia Cure is an infallible remedy. This preparation has digestive, tonic and laxative properties. Each bottle contains sixteen days' treatment. For sale only at Wadell's Drug Store.

A Quiet Wedding. St. Luke's church was the scene of a quiet wedding on Wednesday evening, at 8:30 P. M. Kirby, of Ottawa, Rev. R. S. Forster, performed the ceremony which made Miss Annie England, youngest daughter of Thomas England, the wife of John J. Marsh, eldest son of John Marsh, of this city. The bride looked lovely in a gown of soft white silk, carrying a shower bouquet of white carnations. Miss Laura Tomkins acted as bridesmaid and was gowned in white, carrying pink carnations. Arthur Graves assisted the groom. After the ceremony the immediate relatives of both young people repaired to the home of the bride, where dainty refreshments were served.

Permanent Road Pavement. The board of works will recommend to the city council this evening that the offer of T. S. Kirby, of Ottawa, to construct some permanent road pavement here be accepted. Mr. Kirby offers to canvass the property owners along the business streets where it is decided to lay these pavements, and prepare estimates of the cost to each owner. He offers to then lay one or two blocks as samples, on the promise by the council to give him the work of laying such blocks as he can induce the property owners to sign for. These blocks will be laid under the local improvement plan, the city paying forty per cent. of the cost, and the property owners sixty per cent, as is the case with concrete walks.

SERVICE AT QUEEN'S

BACCALAUREATE SERMON BY REV. R. E. KNOWLES, B.A.

A Very Large Attendance at Service Which was Held in Convocation Hall.

The baccalaureate sermon was preached at Queen's University, yesterday afternoon, by Rev. Robert E. Knowles, B.A., of Galt. The service was held in Convocation hall, at three o'clock, and the attendance was very large. The text chosen by the speaker was Matthew xix, 22: "But when the young man heard that saying, he went away sorrowful, for he had great possessions."

The young man, starting out in life, was pictured by the speaker. He referred to the time when he was drawn towards God, and would have to decide the all-important question: "But for society, rivalry and disappointments, there would be much more happiness. There was a struggle for everyone to go through. A person must turn his face one way or the other, and he knew which way he should go. A great many had fallen just when a little more time would have saved them. Every day one was called upon to make a choice, and it all depended on how we cultivated our taste."

What was Christ's programme for men? It was, he said, that they should be poor. The speaker believed that they should have the best of life. He also believed that there was nothing too good for Christians. But life was not only one for wealth of money. Was not wealth of friendship to be considered? This was certainly something to look for, and the young man in going out into life, had more to think about than the seeking of riches.

A LONG LIFE

How to Conserve Energy and Prolong Life.

The time comes to every one when the life forces begin to fail. It is a little harder to climb a hill or walk up stairs. Exercise is taken less vigorously or abandoned, and we feel that the end of active service is drawing near. It is more than probable that we have been over-driving the machine of the body which will give out like any machine if overtaxed, and we should immediately take steps to change the gear, build up the strength and restore the life forces. To end this nothing equals our delicious cod liver and iron preparation, Vinol, which is far superior to all other tonics and cod liver preparations because it is made by a scientific, extractive, concentrating process from fresh cod's livers, combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body-builder and strength dreen, weak, run-down, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis and all throat and lung troubles, Vinol is unequalled. To get it on our offer to return your money if it fails. George W. Mahood, druggist, Kingston, Ont.

Her engine will be compounded and her hull will be scraped and painted.
