ABOUT ROAD BUILDING

ALD. CARSON TELLS THE COUNCIL HIS VIEWS.

A Limestone Macadam Road Can Be Built to Last Fifteen Years—The City Has Grey Limestone For Surface Dressing. Alderman Carson at the city council meeting on Monday evening, gave his conference some valuable information concerning road building, and repeated some of the things he advocated to the board of works when he was chairman two years ago. He supported the purchase of a scarifier at a cost of \$600, because it was invaluable as a road maker. He wanted one purchased two years ago. His idea is to go over a lot of the roads with this piece of machinery and plough them up. On many of them, he thinks enough stone can be got from the sides to make a good crown in the centre. He would make concrete water tables, and when the road was rolled, it would last for fifteen years at least, and require no scraping. Ald. Carson also advocates grates at the ends and in the centre of the block, so as to have perfect drainage. All macadam roads, he says, should first be scarified, even if additional stone has to be put upon them. It is understood that City Engineer Craig's views on these matters tally with those of Ald. Carson.

Ald. Carson got back at Ald. Nickle for a statement the latter made at the council meeting last week, when he declared that the top dressing of grey limestone proposed by Ald. Carson was no extra expense. The means of the city, Ald. Carson informed Ald. Nickle that it wouldn't cost the city anything extra to have the top dressing he spoke of because there was grey limestone in the city's new quarry, and when it was reached it could be put aside for top dressing. Thus there would be no extra expense. Another point made by Ald. Carson was that a limestone macadam road could be made that would last fifteen or twenty years. He instanced the one on William street, between Sydenham and Clergy streets that had been built by the late City Engineer Bolger fourteen years ago. This road was still in splendid condition, with a good crown, and held scarcely any water. Ald. Angrove made the statement that the council was tired of Ald. Carson's "baldersdash." Ald. Carson asked the "Victoria" ward man, what he knew about road building, and Ald. Angrove replied that he knew nothing. "Then," asked Ald. Carson, "What business have you talking to me when you admit yourself that you know nothing about road building."

MADE A QUEER MISTAKE.

Moir's Photo Showed Disfigured Ear on Wrong Side. A second circular has been forwarded to the Kingston police, giving the photograph and description of the missing Pte. Moir, wanted on a murder charge. The London police department found it necessary to issue a circular, because of a peculiar mistake made by the engraver who executed the cut used in the circular. When a photograph is made into an engraving, unless the engraver takes care to reverse the negative, it will print from the cut with the left side of a man's face, actually on the right in the circular issued. The picture of Moir shows his disfigured ear on the left side of the face, instead of the right, as it should have been.

The Liniment That Will. You can absolutely depend on Smith's White Liniment to do everything that an external application can do. Its action is prompt, certain and thorough. It stops pain, heals injuries and cures inflammation of every kind. It should be in your home for emergencies now. 25c, only at Wade's Drug Store.

"Leo, The Royal Cadet." Oscar F. Telgmann, of Kingston, is in Peterboro, to make arrangements for the production of the spectacular opera "Leo, The Royal Cadet." It will likely be presented some time during the last week in May. Mr. Telgmann met the 57th Regiment to conclude arrangements.

Spring Importations Of 1908. Prevost, Brock street, has received three cases of imported goods for his order clothing department, consisting of Scotch and English tweeds, serges, chevots and vicunas. A great variety of them to choose from.

Engagement Announced. The engagement is announced of Miss Amelia Rochford, eldest daughter of Mr. and Mrs. A. Rochford, of Garden Island, to Charles Cook, son of Mr. and the late Samuel Cook, Brockville.

"Three Swallows." Sir John Power & Sons, "Three Swallows" Irish Whiskey, Famous for over a century. Of highest standard of purity, Distillers to His Majesty the King.

INCIDENTS OF THE DAY.

Newspaper Picked Up By Reporters On Their Rounds.

Beef, Iron and Wine, "Our Own" make, pint bottles, 5c., at Wade's Drug Store. Duncan Ross, recently out from the city country, where he also served in the militia, has joined the P.A.M.C. Joseph L. A. Madden, Stuart street, left, to-day, for Banff, where he has secured a situation for the summer months.

There is very little sickness among the soldiers in barracks these days, there being only two patients in the station hospital, the smallest number in some time. At Peterboro Miss Annie Self, daughter of the late Samuel Self, of Kingston, was married to Albert LeVasseur, a popular hotel clerk. Many presents were tendered.

If you are nervous or dyspeptic, try Carter's Little Nervine Pills. Dyspepsia makes you nervous, and nervousness makes you dyspeptic; either one renders you miserable, and these little pills cure both. The Kirkpatrick Fountain, in front of the court house will be in running order in a few days. Men have been engaged for some days fixing the basin, and it is now nearly completed.

Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box as a convincing proof. Write to Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen anal, bleeding or itching piles, either external or internal. Large jar, 50c. Sold by all dealers.

The Yacht Club Dance.

Despite the bad weather on Wednesday evening a large number turned out to the Yacht Club dance, held at the club. This was the first dance since Easter, and came after much longing by some of the younger set. The floor was in perfect condition, as it always is, music all that could be desired, and a really good time was enjoyed by all present.

WORK ON THE STREETS

CONSTRUCTION OF CONCRETE WALKS.

Will Begin Next Week. Earlier Than Usual—It is Expected That Road Building Will Be Started on the 26th.

It is expected that the work of constructing concrete walks will begin on the 14th, just a week from to-day. The first walk to be laid will be on the Brock street. There are several walks in that vicinity to be constructed, and as men are working on the new sewer there, and as there is lots of rough stone accessible, it is thought best to begin in that section. Two gangs will be at work on the walks on the 14th. This is about two weeks earlier than for some years.

The construction of new limestone macadam roads will begin about the 26th. It has not yet been decided which street will be the first touched, but it will, no doubt, be one of the downtown stretches of road selected. All the blocks chosen by the city engineer cannot be constructed this year, of course, but two-thirds of the number should be completed by the middle of November. The scarifier will be used on pretty nearly every road. This machine has yet to be purchased by the board of works. The city engineer is securing prices. Some repairs have to be put upon the H2 steam roller before it is used. The street scraping was hindered to-day by the rain. Streets Foreman Timms says that it will take about two weeks more to complete the work, providing the weather is favorable.

HELD FANCY DRESS DANCE.

A Most Enjoyable Affair on Wednesday Evening. A most enjoyable fancy dress dance was held in Miss E. McAuley's class room last evening by Messrs. H. Turpin and B. Lemmon. McAuley's orchestra provided music for the occasion. Thirty couples were present. At midnight supper was served, after which a flashlight was taken of all present. Those in costume included the following:

Misses R. Morris, Cinderella, B. Percy, Starlight, Lilla Smyth, H. Kelly, Lassie, Sadie Smyth, Normanly Peasant, M. Lerry, Arrah Wamma, D. Murtos, Venus, Maggie Matheson, Gypsy Queen, A. Sullivan, Queen of Hearts, Lillian Malteson, nurse, A. Lemmon, Colorado Wall, E. Whalen, Canada, G. Little, Red Hussars, A. Crillan, Columbia, Jessie Berry, Jappanese, H. Elder, Silver Heels, A. Magnus, Idaho.

Lots For Kingstonians.

Kingston, May 7.—(To the Editor): It is amusing to see how quick people rush to let the public know of their good luck. We are winners of two so-called valuable building plots, about 150 miles from Montreal, not in Montreal, as your correspondents would make one believe; \$2.90 is all that is being looked for and, by all accounts, there are no blanks, all winners. Our two valuable lots are for sale at twenty-five cents each. Faithfully yours, COWARD & DEAN, Old Block House.

THE SPORT REVIEW

RAIN SPOILS THE BASEBALL PRACTICES.

A Lacrosse League May Be Organized With Kingston, Brockville, Gananoque and Belleville—The Y.M.C.A. Harriers.

The wet weather is not going to do the baseball any good. No practices could be held on Wednesday and it will be too wet this evening. The league opens in a few days now and the teams want to get to work. With two leagues in operation the city will have lots of baseball during the summer, both schedules, running well into August before they are finished.

Y.M.C.A. Harriers. The Y.M.C.A. Harriers are out running every day night. Some of these young fellows are showing great staying power in the long runs. The five-mile intermediate race should be a good one as there are some really fast runners in the city. Nelson McCartney is showing up well and should be placed in the intermediate race. It is not known what runners are coming for the twelve-mile grind but there is promise of some good ones. The silverware in Smith's window has been much admired and many wish they were able to get out and win one of the handsome mugs.

Tweed Wants A Game. W. H. Dalby, secretary of the Kingston Lacrosse Club, received a letter from the Tweed club, this morning, asking for a game here on Victoria day. As the local team is to play Brockville, here, that day, the request had to be refused. Tweed will be given a game later on.

Will Play At Belleville. The intermediate basketball team, of the Y.M.C.A., will play its return game with Belleville on Saturday night. It is expected that quite a number of Kingstonians will go up with the team to Belleville, to witness the match. Belleville was beaten here, but they expect to turn the tables in their home town.

Ready To Play. The Wellington Baseball Club, the champions of Toronto, 1907-8, would like to arrange a game of ball in Kingston for May 25th. "Kindly put us in touch with the manager of your team," writes James Hallock, secretary, Wellington Baseball Club, 453 Manning avenue, Toronto.

Lacrosse League Likely. A series of games will likely be arranged between Gananoque, Brockville, Belleville and Kingston lacrosse teams. If a league is formed the locals should stand a pretty fair chance of being near the top.

Olympic Team. It is reported that J. H. Crocher, of Toronto, will be manager of the Olympic team. A trainer has not been selected yet, but the choice will be between Long, Sherring and Eck.

A Guaranteed Contract. In order to meet the demand for guaranteed contracts, The North American Life proposes to offer one entirely unique in the history of life insurance. This contract contains guarantees reducing the cost of insurance to a point below the rates charged by non-participating plans, and in addition provides for the return of all excess surplus earned by the company through favorable mortality, and marginal interest earnings. Members of assessment societies, who have had their assessments increased by non-participating plans, will save money by applying to us. For further information regarding this attractive plan of insurance, apply to W. J. Fair, district manager, Kingston, Ont. All correspondence will be considered strictly confidential.

Received New Uniforms. The members of the 47th Regiment have received new uniforms, with naval caps, and promise to make a fine appearance on the occasion of their visit to Quebec. Only one half the regiment is to take the trip, although all are very anxious to go.

Weak women should read my "Book No. 4 For Women." It was written expressly for women who are not well. The Book No. 4 tells of Dr. Shoop's "Night Cure" and just how these soothing, healing, antiseptic suppositories can be successfully applied. The book, and strictly confidential medical advice is entirely free. Write Dr. Shoop, Racine, Wis. The Night Cure is sold by all dealers. No. 25c. My wife has arrived at her summer home on the St. Lawrence. It is one of the most beautiful on the river.

AT THE GRAND.

"The Red Mill" Will Draw Well To-Night.

To-night at the Grand, the first performance of the interesting comic opera, "The Red Mill," will be given by Dillingham's capable company, in a complete manner as during its entire year engagement at the Knickerbocker Theatre, New York city, all last season. The company numbers sixty members, including the cute six little Dutch Kiddies and a chorus which for youth, beauty and talent has seldom been approached in a musical offering. The organization arrived at noon from Hamilton.

"Alice-Sit-By-The-Fire." The public appreciation of high class dramatic offerings has again been demonstrated by the remarkable success of Roselle Knott, the well-known actress, who is touring this season in the latest and best comedy, "Alice-Sit-by-the-Fire," by J. M. Barrie. The play is exceedingly interesting and brims over with excellent comedy, at times becomes dramatic. The engagement here is for Saturday, May 9th, matinee and night, at the Grand.

"The Barber Of Seville." From comparative obscurity to fame in a single night, such was the triumph achieved upon one occasion of the metropolitan debut, last season, by Mme. Monti Baldini, to be heard in this city, at the Grand, on Tuesday, May 12th, for the first time, in "The Barber of Seville," supported by John Dannevir and the Danesure Opera company.

Has Leased A Mine. Judge Brydge, formerly of Kingston and Renfrew, has leased from the Peterson-Lake Silver Mining company a section of their mining property adjoining the O'Brien mine, in the Cobalt district, for five years. The assay made has proven most gratifying and with samples to submit he had no difficulty in interesting three or four of Renfrew's mined men, among whom are M. J. O'Brien and T. W. McGarry, M.P.P.

BEGGAR WHO SWINDLED HE TIED UP HIS HAND IN HIS SLEEVE

And Told A Pitiful Tale of Its Amputation—Secured Money Thereby—Citizen Saw Him With His Hand Restored. Every spring a large number of beggars, cripples and tramps strike the city, to impose on the good nature of the citizens, and this year there are more than ever. Many fake cripples have appeared and one or two have been found out. Last Sunday, a man made his appearance down in the lower end of the city. His left hand was cleverly drawn up into his sleeve and had a bandage wound around the fingers. He told a good fairy tale about having lost his way in the woods and having his hand frozen. He said he was taken to the free hospital in Toronto, and had his hand amputated. At one house he was taken in, given a good meal, fifty cents, and a lunch to take away with him. The next day he appeared at McGowan's cigar factory, told the same tale, and was given two dollars. That evening the man who gave him the meal and the money on Sunday, saw him standing at the Crown bank corner, about seven o'clock. He was standing with his back against the wall, talking to a chum. Finally he pulled his left hand out of his coat, took off the bandage, and the man was surprised to see that the hand had nothing wrong with it whatever. He walked over and engaged the tramp in conversation, but it was not long before he recognized him as the man who he had swindled and he ran down the street. The police were looking for the man for some time, but could not locate him.

The Roorback.

Though the denial was made on Saturday last, as soon as Mr. Pense was made aware of the campaign he, the premier of Ontario, on Tuesday night, in Hamilton, repeated it by saying: "E. J. B. Pense had stated that he had consulted with Mr. McKay about it, and the liberal leader said the C.N.R. bill was not to be opposed. No one said a word against it. Mr. Pense, on the day the bill was introduced, offered objection to the lateness of the bill's introduction and pointed out the spectacle of a party which had opposed a bonus to the other railroads now being authors of one themselves. The premier deprecated discussion at that stage of the measure, and if it was not further dwelt upon he is to blame."

The Results Of Poor Blood. The whole machinery of health must be kept in order or diseases of the stomach, liver and kidneys will follow. These organs are so related that when one weakens all weaken. To keep them vigorous they must be supplied with pure, rich blood. Such blood is always the result of using Wade's Iron Tonic Pills (Laxative). They are a great nerve strengthener and blood maker. CITY PROPERTY COMMITTEE

Plans to Be Prepared For Repairing City Building's Dome.

The city property committee had a meeting yesterday afternoon, Alderman Angrove (chairman), Toye, Henderson, McFarlane and Cooper being in attendance. There was very little business before the committee for consideration. The chairman was instructed to ask the city engineer to prepare plans and specifications for repairing the dome of the city buildings and placing a new dial on the face of the clock overlooking King street and Market Square. The dome is in bad condition and urgently requires repairs.

There is a Pink Pain Tablet made by Dr. Shoop, that will positively stop any pain, anywhere, in twenty minutes. Druggists everywhere sell them as Dr. Shoop's Headache Tablets, but they stop other pains as easily as headaches. Dr. Shoop's Pink Pain Tablets simply coax blood pressure away from pain centres—that is all. Pain comes from blood pressure—congestion. Stop that pressure with Dr. Shoop's Headache Tablets and pain is instantly gone. 20 Tablets, 25c. Sold by all dealers.

EYE HEADACHES

THERE is no question about stopping eye headaches with glasses, if the glasses are rightly fitted.

MY method of testing is in no wise guess work. All eye headaches are caused by poor vision, and this year there are more than ever. His left hand was cleverly drawn up into his sleeve and had a bandage wound around the fingers. He told a good fairy tale about having lost his way in the woods and having his hand frozen.
