## THE SPORT REVIEW

## A LACROSSE PRACTICE THIS EVENING.

All the Players Are Wanted Out  
—The Y.M.C.A. Hatters Are  
All Running Well—Notes on  
Various Sports:

The lacrosse team will practice on the Cricket Field this evening at 6:30 o'clock. The boys have only a few more days to get into shape and all the players are requested to be on hand for this work-out.

## Ran In The Rain.

The Y. M. C. A. hatters did not let the bad weather stop them from getting in some work last week. Nearly every evening rain or shine they were out for a long run around town. These boys now run a long distance and never feel the effects. The five mile run on Victoria Day, will be a good one, and the local boys should do well in Belleville on the same day.

## Horses For Training.

Three Montreal horses, entered in the Victoria Day races, arrived here yesterday to train at the fair grounds track. The Montreal horses are not yet in condition for racing.

## Belleville Beaten Again.

The Y.M.C.A. intermediate basketball team, composed of Meek, Moore, King, McCormick, McCartney and McCullough, played the Belleville Y.M.C.A., Saturday night in the roller rink there. It was the return game, and both teams were determined to win. Belleville was defeated here a week ago by 30 to 10, but when they lined up, Saturday night, almost an entirely new team presented itself. The substitution of seniors of weight and experience made it an entirely different proposition for the local boys. There was a crowd of three hundred present, which was cheering continually for the home team. The game was fast and furious from the start. The checking was strenuous, and the Kingston boys had to make up in aggressiveness what they lacked in weight. The rules were strictly enforced, and the penalties frequent for minor offences. The game was clear, and though at half-time the score was 14-8, in Belleville's favor, and Meek, King and McCullough considerably used up by their heavy-weight checks, every man was keen to win out. The final score was 16 to 18, in favor of Kingston.

The second half was even faster than the first. Moore replaced King on the forward line, on account of his weight, and played a great game, scoring a basket from thirty feet by a clean throw. McCartney, McCormick and McCullough played a heady combination, and scored three baskets in succession. Every man played a hard game and took any amount of punishment. The Belleville team is as heavy as the local seniors, and with practise would make a better showing than they did Saturday. They were beaten by a more experienced lot of players, and are really a senior team.

General Secretary Nelles, Frank Kinnear and Harry Warwick accompanied the boys, and report a splendid outing. This winds up the most successful season in basketball the intermediates have ever had, as they have gone through the season without a defeat.

## Sporting Notes.

Up in Toronto candidates for the Olympic bicycle trials are practising in the street.

Bassett is booming at Smith's Falls, Carleton Place, and Lanark, and the Ottawa Valley league undoubtedly will be a big success.

Hatch of Chicago, the St. Louis Marathon winner, is second choice to Morrissey, the Boston Marathon winner, for the United States Marathon team.

Longboat has been ordered by a physician to remain in bed five days, and his races have been cancelled in CATARACT NOW CURABLE.

But Never By Medicine Swallowed, Snuffs, Sprays or Douches.

Cataract is not a blood disease, and that is why it cannot be cured by any medicine taken into the stomach. Cataract is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissue and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucus, discharge from the nose, difficulty in breathing, hoarseness, dryness and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principal of Hyponex.

It mediates the air you breathe with the curative properties of the Australian Eucalyptus Forests, where cataract is unknown.

The reason you get relief in a minute or two from Hyponex is because it destroys every cataract germ in the air you breathe, and its dry penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for congested respiratory organs. G. W. MacBoddy's Hyponex under a guarantee of satisfaction or money back. Price, \$1.

Archbishop Gauthier laid the corner stone of the new convent at Belleville on Sunday afternoon. Rev. Father Hanley, rector of St. Mary's cathedral, and Rev. Father McDonald, assisted his grace in the ceremonies.

Some 200 children were confirmed in Belleville, on Sunday, by Archbishop Gauthier, who also, in the afternoon, laid the cornerstone of the new separate school with appropriate ceremonies.

The St. Mary's cathedral Easter collection amounted to \$15,000.

## TO SUPPORT SPANKIE

## LIBERALS OF FRONTENAC COUNTY SO DECIDE

At a Convention Held in the City on Saturday Afternoon—The Speeches Delivered.

## LETTER COLLECTION.

Awaiting For the Tenders to Be Awarded.

It is not likely that the improved local letter collection service will be inaugurated till June 1st. Tenders for the collections have not yet been let by the postmaster-general's department. As intimated by the Whig last October, there is to be an improved letter collection here, which will be gone into force on May 1st. Postmaster Stewart is expecting to be notified any time to arrange for the necessary changes. Letter boxes in the outskirts will be emptied between 10 and 10:30 p.m., and those downtown at about 11:30 p.m. Two rigs will do the work instead of one, as at present. There will also be an improved day collection.

President Vair, of Glenburnie, presided at the meeting and he reviewed the political situation.

Mr. Gallagher was the candidate of the conservative party, and Dr. Spankie would be in the field as an independent candidate.

He did not wish to dictate to the convention what should be done, but what he had to say would be in the way of advice. There were three courses open: First, to nominate a candidate for the liberal party; second, to endorse the independent candidate; third, to decide not to put up a candidate and not to endorse the independent candidate.

His advice was that they should endorse Dr. Spankie. The latter was in the field as an independent, and not an independent-conservative.

If there was a liberal in the ranks who would stand, he (the speaker) would be in favor of supporting him, and fighting out the battle.

However, no liberal could be found, who would stand as a candidate. The speaker said that Dr. Spankie would retire should the liberal party put up a candidate.

President Vair then called upon J. McDowell, and the latter said that he endorsed all that had been said by Mr. Vair.

If there was a liberal candidate who would stand, he would not for one moment consider the question of not putting up a candidate.

However, when there was no candidate, some other course would have to be taken. There was the chance of breaking up the tory "machine."

This would be doing good work for the future. The plan laid down by him was endorsed by all the provincial officers.

The speaker had consulted Dr. Spankie and asked him what stand he would take on the leading questions before the house at its last session, had he been a member.

In regard to the education policy, Dr. Spankie was opposed to it in tooth and nail, and would continue to take that stand.

He was also opposed to the guarantees of the Canadian National, and his attitude was also the same towards the grant to the La Rose mine, and the gerrymander. If Dr. Spankie was a liberal, what more could he have done?

He considered that the best course would be to support Dr. Spankie.

John Davis, vice-president, F. S. Ferguson, W. J. Franklin and William Blacklock spoke briefly, and all agreed that the plan set down by Mr. Vair and Mr. Mowat would be the best to follow.

County Councilor Stoness said that the liberal party should more carefully weigh the matter. If the party could not get a man who would stand, it should not support any other candidate.

He believed that there would be danger in supporting Dr. Spankie, and furthermore considered that it would be weakening to the party if such action was taken.

The speaker also advocated better work on the voters' lists.

T. J. Scanlan, chairman of the township of Bedford, strongly advocated the placing of a liberal candidate in the field, and nominated John O'Reilly, of Hollerford.

William Pillar moved that the convention support Dr. Spankie, and this motion was carried. The vote was not counted.

**DRUNKS' DAY IN COURT.**

Two Offenders Before the Magistrate To-Day.

To-day was drunks' day at the police court, when two offenders walked the carpet.

"It's the first time I ever was here," said one, "if you let me off this time I will be much obliged."

The magistrate could not see it this way, however, and imposed a fine of \$3 and costs, or twenty days.

The other offender said that he was guilty, and had nothing to say. He was asked to pay the court \$1 and costs, or in default to go to Castle Court for ten days.

**A Frontenac Rumor.**

The latest rumor is that J. G. Langher, M.P.P., is likely to drop out of the contest in Frontenac, and leave the field to Dr. Spankie. Not much credence is given to the rumor, though it originated in conservative circles.

**Spring Importations of 1908.**

Preston, Brock street, has received three cases of imported goods for his ordered clothing department, consisting of Scotch and English tweeds, serges, cheviots and vicunas. A great variety of them to choose from.

**Old Resident Dead.**

The death occurred on Monday of Jeanette McNab, widow of the late Colin McNab, of Pittsburg township, who was ninety-six years of age, and one of the oldest residents of the township. She was born in Colchester, Perthsire, Scotland.

Archbishop Gauthier laid the corner stone of the new convent at Belleville on Sunday afternoon. Rev. Father Hanley, rector of St. Mary's cathedral, and Rev. Father McDonald, assisted his grace in the ceremonies.

Some 200 children were confirmed in Belleville, on Sunday, by Archbishop Gauthier, who also, in the afternoon, laid the cornerstone of the new separate school with appropriate ceremonies.

## CITY AND VICINITY.

## Diocese Of Ontario.

Rev. Thomas N. Lowe, ordained May 3rd, by the Bishop of Ontario, will take charge of Madoc parish, while Rev. C. J. Young enjoys leave of absence for four months.

## To Aid The Hospital.

William Waldron treated the children of the Orphans' Home to a matinee party, on Saturday, and greatly did they enjoy "Alice in Wonderland." The proceeds of this play, about \$175, will go to the general hospital.

## Repairs Not Yet Begun.

The work of repairing the base concrete of the new gas holder has not yet been begun, and will not be until some repairs have been made to the old holder, which has to be used while the big one is out of service.

## Likely A Good Season.

Reports at the Thousand Islands indicate a big coming season. Three of the larger hotels have announced that bookings exceed the record of last year very considerably. The tercentenary of Quebec will attract throngs northward.

## Kidney Weakness In Women.

Now the backaches, aches, pains through the limbs, circums the uterus the cure is Dr. Hamilton's Pills—thousands say no medicine brings such lasting good health. Try a 25c. box of Dr. Hamilton's Pills.

## Gathering May Flowers.

A large number walked out after May flowers on Sunday afternoon and very few came home without them. Down along the track and at Tuttle's Hill there were crowds of children gathering violets and other flowers, which grow in abundance there every spring.

## The Rank of Colonel.

The militia department has issued orders and will hold examinations for lieutenant-colonels to proceed to the rank of colonel. They must prove ability to handle, in the field, bodies of troops comprising all arms, and a test will be given either in the field and actually in command of troops, or by means of a staff ride.

## Purchased New Cab.

James Mitchell returned from Montreal on Saturday, after purchasing a fine new Victoria hack. The rig will be used on the local cab stand as soon as it arrives. Many of the cabs are getting new turnout and they are all fine rigs. Kingston has fine cabs as are to be found in any city in Canada. Its fine cab service is a revelation to visitors.

## Distress After Eating.

If your food sours, ferments or digests slowly, causing pain, or flatulence, take Bay's Dyspepsia Cure and restore your stomach to proper activity.

It removes all evils arising from indigestion or dyspepsia.

This preparation has Digestive, Tonic and Laxative properties. Each bottle contains sixteen days' treatment.

For sale only at Wade's drug store.

## The Dunsmuir Opera Company.

Few operas of recent years show the attractive combination of good qualities possessed by Rossini's masterpiece, "The Barber of Seville," which will be presented here on Tuesday, May 12th, at the Grand, by the Dunsmuir Opera company. In these days of insipid "musical comedies" it is refreshing to witness a performance such as this company gives of "The Barber of Seville," with its real plot, brilliant comedy and effervescent humor, and the charming and, catchy music of the great composer.

## &gt; Another Sign Of Summer.

One of the most, if not the most, popular resorts in summer in Kingston, is the soda water fountain in Gibson's Red Cross Drug Store, opposite Whig office. At this particular, thirst-quenching resort not a question of quantity, but quality and cleanliness is uppermost in the mind of the proprietor. The ice cream is made from pure cream delivered at the store daily, and fruit syrups and crushed fruits made from fresh, ripe fruit, the best money can buy. Glasses beautifully polished, spoons and silverware all display perfect cleanliness. This fountain is one of the most sanitary in Canada. Fruit syrups never come in contact with tin, as all syrups are dispensed from glass bottles. This fountain is open for inspection on May 13th, "Wednesday," and each lady who buys a 10c. soda or ice cream will receive a dainty box of McConkey's delicious chocolates.
