THE SPORT REVIEW

THREE CADETS TO ENTER THE MARATHON.

Victoria Baseball Team to Play Napanee on Victoria Day Here—The Local Lacrosse Team Looks Good.

The Victoria Baseball club had a good work-out at Victoria Park on Monday evening. Both senior and junior teams are out in full force and engaged in a good stiff practice until became dark. The boys are all showing up exceedingly well and should hold their own in the league.

The Canadian Locomotive company's team also had a good work-out at the Cricket field on Monday night. The locals have a few new men who are showing up in good form, and should make good. The Locomotive works has two teams in the City League and both have games on Saturday.

The Coming Races. The fair ground track was just beginning to get in good shape when this rain came and put it back into a muddy condition. The track was harrowed on Monday and would have been gone over again to-day if the rain had not put a stop to it. Quite a few horses are working out there now and are showing good form. The entries for the Victoria day races are coming in daily and from present appearances a large field will be here for the two days' meet.

The Marathon Race. Napanee will be well represented here on Victoria day, with a baseball team and two runners in the twelve-mile race. This race should be the best ever pulled off here. The boys from Dead Man's bay have been keeping very quiet, but they have not been losing any time, and when they want to some of them can run like ghosts. William Orr is the only local entry, and with three cadets should be able to keep the mugs in the city.

At The Cricket Field. Every afternoon there is a large crowd of followers in the Cricket field, playing ball. They may expect a bit of baseball from spring till fall, but play it every chance they get. Most of the players are from the different city leagues, and it is good practice for them in many ways.

Victorias vs. Napanee. The baseball game on Victoria day will be between Napanee and the Victorias. The Napanee team are supposed to be strong, but they will be given a good run by the Victorias. Napanee is entered in the Eastern Ontario League.

Lacrosse Team Looks Good. The lacrosse team is showing up well, and should make a good showing on Victoria day against Brockville. The boys are turning out well and are putting up a good game.

Sporting Notes. Toronto World: A splendid sporting spirit was displayed, yesterday, at Upper Canada College, when fifty boys set out in the annual steeplechase, regardless of the condition of the course and the swollen creek that the plucky runners had to cross. They are some pastimes too good for the elements to destroy, of which cross-country running is a notable example.

A London (Eng.) special despatch to a Detroit paper says: King Edward, referring to "Tommy" Burns, said: "Tommy Burns is a Yankee bluffer, and I shall take every means in my power to stop the battle between him and Johnson, if it is arranged with the understanding that Burns is to receive \$300,000, win, lose or draw. The Burns proposition is not a sportsmanlike, and England should be up in arms if a battle under any such conditions is permitted to occur."

Hans Wagner of Pittsburgh baseball team, is hitting less than .200, and the Pirate fans are worrying. They fear the great Dutchman has gone back and will not be the Home of yore. But the sense of Carnegie is not missing. He's confident he will be in the midst of his annual sweatfest before long, and then look out for a soaring batting average. "I'm hitting the ball as hard as ever," said Hans, "but there are a lot of fresh guys out there in the field waiting for me, and they do more acrobatic stunts than I ever saw pulled off before."

Detroit News: The Tigers started out in their last year's stride at the plate, but the pitchers could not prevent the other side from hitting just a little bit harder. When the pitchers got going the hitting slumped. The fielding has been erratic because of lack of spring training. Over-confidence hurt at first, and now over-anxiety is hurting far more. And, above all this, there is the big fact, granted by the most impartial of critics—the Tigers have been bumping into hard luck from the start. They have fought hard to win, but a steady string of hard luck has paralyzed them. Through the instrumentality of the Cornwall Lacrosse Club, a lacrosse league has been organized, which, properly handled, may develop into a second C.L.A. It is composed entirely of junior teams, but they have called themselves the Interprovincial Lacrosse Association. Eight clubs were represented, and they accepted the handsome trophy set up by the Cornwall Lacrosse Club as emblematic of the championship. This trophy goes to the club winning it twice, not necessarily in successive years. Smaller cups have been put up by the C.L.C. for the winners in the two sections into which the league is divided. These sections are as follows: Eastern—district, Alexandria, Valleyfield and two Cornwall clubs, the Tigers and Victorias; Western—district, Berwick, St. Andrews, Grant's Corners and the International of Cornwall.

Whatever mistakes an umpire makes even themselves up during the course of a season. A player may lose a close decision to-day, but to-morrow he may get the benefit of the doubt, and so it goes all the time. There isn't an umpire who would deliberately attempt to rob a player or team. His job is a hard one when he is judging balls and strikes, especially when the pitchers are unsteady and throwing the sphere almost in every direction but over the plate. There are many fans who will condemn an umpire because they are not in a position to see the correct course of the ball. They rely entirely on what the catcher holds his hands, but this does not always mean the true course of the ball."

Little Girl's Dress. Just the style for a little girl's spring or summer dress. It was made of white cashmere. The skirt is flared all around, leaving a plain space in front, which forms a box plait. It is joined to a belt to which the jumper is also attached. The jumper is V shaped at the neck and has Japanese sleeves falling over the shoulders, and are sewed together under the arms. The jumper is trimmed with a silk border.

"Sunshine" Furnace

Where Shaking is Respectable

A Draft of furnace dome, with no other assistance, is powerful to overcome the dust, and in shaking time, only surplus dust rises of itself about the fire. Great bulk of dusts into ash-pit, and unless tightly sealed to prevent dust, will escape through ash-door gills and into operator's face.

In "Sunshine" Furnace the legitimate dust outlet is provided. It's a great big dust-pipe running straight from ash-pit to dome, thence to chimney. When big pipe damper is opened, all dust in ash-pit ascends to dome; then, when direct drafts are opened, all dust passes up chimney.

Always the clean and quick dust route in "Sunshine" Furnace—via grate, to pan, to dust-pipe, to dome, to chimney, to open air.

The Mutual Life OF CANADA

ASSURANCE

Bigger Profits to Policy-holders

It is easy to see why a policy in this Company is an excellent investment as well as a protection.

Last year, the new business amounted to \$7,081,402—a gain over 1906 of \$1,577,855. Yet the operating expenses were about the same as last year.

For the last five years, the actual mortality was only 47% of the amount expected. And the Interest Income exceeded the mortality by \$198,103.

With an expense ratio to Income smaller than its competitors, with a yearly expanding Interest Income, and a favorable death rate, it is but natural that *The Mutual Life of Canada* is earning more profits, which go to the policy-holders in reduction of their premiums.
