

Synopsis of Canadian Northwest

HOMESTEAD REGULATIONS.

ANY even-numbered section of the Northwest Provinces, excepting 2 and 20, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

An application for cancellation must be made in person. The applicant must be eligible for homestead entry.

DUTIES.—(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line.

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS.

ONCE MORE WELL

"FRUIT-A-TIVES" ALONE CURED HIM

Clarence J. Placey is a farmer of Ulverton, Que., known as a man of integrity and good judgment. He writes in no uncertain terms of the great benefit he derived from taking "Fruit-a-tives" for a long standing kidney trouble.

Ulverton, Que.

I suffered for many years with kidney trouble, with bad pain in the back and all symptoms of disease of the kidneys. I took every known kidney remedy and kidney pill but nothing gave me relief and I was getting discouraged. I was advised to try "Fruit-a-tives" and I did so—and this medicine cured me when every other remedy failed. I used altogether fifteen boxes of "Fruit-a-tives" and from the outset they give me relief and I am now practically well again, no pain in the back, no distress, and all the symptoms of severe kidney disease have entirely left me. I am very thankful to be once more well and I freely make this statement for the sake of others who may suffer as I suffered and to them I say "Try 'Fruit-a-tives.'" 151 (Sgd) CLARENCE J. PLACEY.

"Fruit-a-tives"—or "Fruit-Liver Tablets" are sold by dealers at 50c a box—6 for \$2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

NEWS OF NEIGHBORS

WHAT WHIG CORRESPONDENTS TELL US.

The Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying.

Woh A Red Ticket. Westport, May 11.—George W. Castle of this place, has been recently appointed a justice for Ontario. Capt. Thomas Lynch is one of the officers on the steamer Rideau King this season. Mrs. J. Williamson has returned from Lindsay. Mr. and Mrs. B. Mendels and H. A. Mendels, Montreal, arrived here to spend the summer. W. C. Frodenburg attended the annual horse show held in Perth on Tuesday and brought home a blue and red ticket, which he won with his fast pair of roadsters.

Leaving Flower. Flower, May 11.—Wilfrid Jackson has rented A. M. Deachman's house at Flower and moved his family here. Mr. Deachman leaves in a few days to join his family at Latchford. Their many friends are sorry to see them leave and wish them success in their new home. M. M. Appleby will act as secretary-treasurer for school section No. 4 in Mr. Deachman's place. Miss Lynch and Lyon Appleby have gone to Perth, where they will attend school. Harvey McGeoghean has returned from McLachlin's drive. Robert McGeoghean is home from Gillies' drive. E. Farr, of Mississippi visited friends at Flower on Sunday.

Gave A Good Sermon. St. George's Lake, May 12.—Our cheese factory has opened for the season with Mr. Bretnell, our former cheesemaker in charge. Rev. Mr. Tremblak preached to a large congregation on Sunday in the Methodist church. Mr. and Mrs. J. Farr have moved to a new home near Sharlock Lake. A. McGinnis has purchased the Stone property and intends moving thereon. J. Wilson's infant child is still very low, and but little hopes are entertained for its recovery. A little boy has come to reside at B. Quamadore's. Mrs. A. Marjoch, C. Clowbridge, Titchborne, at A. McGinnis' 2, Middleton, Crow Lake, at G. McKivior's; Mrs. J. Hollowood, Amherst Island, at B. Quamadore's; Miss Norah Miller, Oconto, was the guest of Miss F. McKivior on Sunday last.

Gift To Desert Lake Pastor. Desert Lake, May 9.—A social gathering of the young people of this vicinity was held at the residence of E. D. Snook on Monday evening. The proceeds were handed to the Rev. Mr. Churchill, making a neat little purse, as a token of the esteem in which he is held by young folks. Miss Churchill was also among the number. The farmers are kept from seeding on account of so much wet weather. The feldspar mines are running full force. Other mines in the locality are expected to open soon. The general opinion here is that Dr. Spaulk will take the seat for Frontenac in the next legislature. Mrs. J. Murphy is recovering, also Mrs. O. Snook is better. James Wilson expects to start his saw-mill soon.

Hinchinbrooke Happenings. Hinchinbrooke, May 11.—The recent rains have made the roads very bad, and put the farmers back considerably with their crops. The cheese factory has reopened, with a very good supply of milk, under the management of Arthur Harten. Thomas J. Kennedy has purchased a valuable horse from Rev. Mr. Fish Creek. J. E. Campbell has disposed of a very valuable horse to Walter Hastings. We are pleased to see Thomas Coulter around again, after being confined to his house for several months with a broken ankle. Peter Bectour has moved into his home here lately vacated by Mrs. William Kennedy. Herbert Killins has left this vicinity for the west, where he intends rail-roading, also Thomas Shillington has gone to Cleveland, Ohio, where he is engaged in bridge building. James McMahon met with an accident while driving along the roads, but, fortunately, no damage was done, other than a slight breaking of his buggy pole. Chester Kennedy has purchased a fine colt from John Lee. Walter Brown is engaged framing Thomas Peter's barn. John J. and Mrs. Hole purchased some fine timber limits around here. Quite a number attended the anniversary sermon at Parham A. G. has been erected in our school yard.

A Promising Field. A. G. Gourlay, son of the senior partner of the firm of Gourlay, Winter & Leeming, Toronto, has arrived in the city, to take over the management of what was formerly the McMillan Piano company's factory. The business will be carried on as a branch of the Toronto firm, under the name that has made it so prominent in the musical world. Over twenty employees are now at work in the local factory, and already thirteen pianos have been shipped. Seven or eight more will be ready to go out in the course of a week. It will thus be seen that this enterprising Toronto firm has lost no time in getting down to business. They look upon the Kingston field as a most promising one, and the industry is almost certain to develop into splendid proportions.

Indian Consumptive Hospital. Brantford, May 13.—At a special meeting of the Six Nations Indians council it was decided to erect a hospital for consumptives on the Reserve at a cost of \$5,000, to be shared equally by the government and the council. Two large tents costing \$150 each, will be established for immediate wants.

Crow Lake Items. Crow Lake, May 11.—S. Jones conducted the prayer-meeting Sunday evening. R. Reynolds is off work in the mines, on account of being sick. George Bradshaw made a quick trip to Kingston on Saturday to secure some fixings for the boiler in the factory. The people are anxious to have it start. Mrs. William Gamble has returned to her home here. Visitors: Mr. and Mrs. William Hicks, at D. Knapp's; Mrs. W. B. Tharrett, Mrs. R. Reynolds, Mrs. J. W. Knapp and Miss Alma Knapp, at Mrs. William Gamble's; Mr. and Mrs. James Mahon, at John Hicks; Miss R. Gordon, at Mrs. S. Jones; William Reynolds, at the mines. The new flag for the school adds greatly to the place. On Arbor Day the grounds were nicely cleaned up; much credit to the teacher.

Arbor Day Observed. Titchborne, May 13.—Arbor day was suitably observed by the teachers and pupils of Maple Leaf school. T. Duffy's mill has closed for the summer. A number of the young men have gone to Wilbur mines. Rev. T. Robinson

WILL SEEK FOSSILS

NATURALISTS INTERESTED IN VOYAGE OF BRIG.

Sailors Returning From Far Away Land Have Told of Strange Finds in Frozen Earth.

New Bedford, Mass., May 13.—The only vessel in the world which makes regular trips to the far away Desolation Island, or Kerguelen Island, as it is put down on the charts in the Antarctic ocean, the brig Daisy, Captain Benjamin D. Cleveland, will have a more important mission than the mere gathering of seal, elephant oil, her usual cargo, when she starts on her cruise early this week.

The persistency of naturalists and scientific men has at last won, and after years of importuning Captain Cleveland has promised to lend his endeavors to the work of revealing to the world the bird, fish, animal and vegetable life of the heretofore unfamiliar Antarctic region.

Captain Cleveland has been commissioned by the heads of several noted museums to collect such botanical, mineral and zoological specimens as he can and to bring back as many specimens as possible to the various museums. The Daisy has been stored with preservatives for the various kinds of life.

While Captain Cleveland's time has been for the most part taken up with the slaughter of sea elephants for their oil, which brings almost as good a price as whale's oil, he has still found opportunity from time to time to bring home unfamiliar specimens of life from the Southern Islands, which have aroused the curiosity of scientists.

Some large sized eggs of the birds of that region have been among his collections. He has brought back wings of strange birds, measuring seven feet from tip to tip, and a skeleton of a sea-elephant. His descriptions also disclose that the extreme Southern seas teem with fish life unknown or at least unfamiliar to Northern naturalists.

The island, which it is believed is now buried under lava, and underneath this strata the men of the Daisy have at various times unearthed huge skeletons of strange animals. The curators of the Northern museums are curious to learn if something new to modern research will be revealed if Captain Cleveland can bring home some of these fossils, at least in part.

LIVE POLITICAL ISSUE. Way a Liquor Man Was Treated in Chatham.

Chatham, Ont., May 13.—A new chapter in the liquor question is recorded here, to-day, by the sale of F. D. Sheldon's liquor business to Ald. James H. Massey. Mr. Sheldon was forced out of the retail liquor business, in 1905, but managed to secure a wholesale license since which time he has been agent for Windsor and Walkerville liquor manufacturers. This year, however, he was refused a wholesale license by the government, it being declared that no wholesale licenses were to be issued in Chatham. Mr. Sheldon has always been a staunch supporter of the liquor law, and is an out-and-out conservative and says he can get a license. The Sheldon liquor affair has developed into a live political issue in Kent.

Deceived The Classes. Brantford Examiner. The platform adopted by the conservatives at the provincial convention of 1905 contained two promises for labor—one to label convict-made goods as such, and the other to provide a measure to promote better relations between capital and labor. The latter promise was ignored, and instead of the other having been kept as soon as the party got into power it made a Central prison contract in which it was provided that convicts should not be so labelled. There is not much to be proud of in such a record.

It Hits Back. Calgary Daily News. The gerrymander or redistribution—whatever you like to call it—will not help the Whitney government, as many as would appear on the face of it. These things usually have boomerang results in certain quarters.

The Platform. Regina Leader. The opposition platform appears to be a purely negative one, as shown by the following typical planks: Crops without seed. Education without text-books. Bridges without rivets.

The receiver for the Third Avenue railroad, New York, reported that of \$35,967,444 paid in only about \$30,000,000 had been spent and that it would be useless to try to recover the balance.

Eleven persons were injured in a collision between two trains on the Third Avenue elevated road, New York.

President Roosevelt, responding to a delegation of the National Prosperity Association of St. Louis, declared his willingness to aid the movement in every possible way.

How Harsh Physic Wrecks the Bowels

Irritate the skin in any spot frequently and that spot will grow calloused. That is Nature's means of protection. So with the bowels. When you irritate the lining with salts or "pills," the lining grows hard.

That so retards the natural bowel action that you come to need physic constantly. And you need a constantly larger dose because of the calloused bowels. You have the "physic habit."

Cascarets bring the same results gently and naturally—without irritation. They restore the natural bowel functions, so you don't need them long. And the dose never needs increasing. Their effect is the same as the effect of laxative foods—or of exercise.

They act exactly the same as right living would do. If the bowels are already calloused, you may need two tablets a day for a time. But, after that, take one at a time—when you need it.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C.C. on every tablet. The box is marked like this:
