## THE SPORT REVIEW

### CITY LEAGUE BASEBALL TO-MORROW.

Two Matches to Be Played at the Cricket Field—The C.A.A.U.'s Unwise Action in Refusing to Sanction the Local Marathon.

The Kingston Baseball League opens at the cricket field on Saturday afternoon, when the Victorians meet the Irishmen and the R.C.H.A. meet the Locomotive Works. All the teams are in fairly good form and two good games should be put up. The teams have all been working as hard as the weather would let them.

#### A Very Unwise Action.

The Canadian Amateur Athletic Association, which has refused to sanction the twelve-mile Marathon race here on Victoria day, gives as its excuse the fact that the Olympic trials take place in Toronto on the same day. This is a poor excuse. The C.A.A.U. might just as well sanction the meet here for no one from this district is going to Toronto to compete in Marathon trials. The trials are only farces anyway, for it is well-known that only certain runners can win. The C.A.A.U. is a fine body, and doing splendid work for amateur sport and it should aid rather than hinder the development of runners in this district. It is only throwing cold water over a race that might mean a good deal to athletics at Kingston.

#### Sporting Notes.

Manitoba expects that four Winnipeg players will call a game on the Canadian Olympic football team. In Wednesday's baseball match with Jersey City, three home runs were made by Toronto, Phyle making two and Gettman one.

Ottawa Citizen: A big crowd from Ottawa will go up to Kingston for the opening of the Ontario racing circuit, Victoria day.

Arrangements are completed for a wrestling match between "Yankee" Rogers, of Montreal, and G. Hurtubise, of Peterboro, to take place at Peterboro for \$200 a side. Sherring, of Hamilton, has received official notice of his appointment to the staff of the customs department, and he will be granted a three months' leave of absence to accompany the Canadian Olympic team to England. His salary will continue during his absence.

Frederick Taylor, the Ottawa hockey player, has turned out with the Capital Lacrosse Club, and in practice has made quite a hit with the Ottawa fans. "Fitz" Green also thinks he has the makings of a second Hobbin, in the person of a youngster named Foley.

Wilbert Robinson, the veteran baseball catcher, will join the Baltimore Eastern League team and play his old position. Robinson caught for Baltimore when it won the National League championship three successive seasons in the nineties. He has been in private business here for several years past.

Hamilton Spectator: So our old friend "Dinny" Burke will be found with "Jack" Murray's Guelph Royals this year. "Dinny" has many friends in Hamilton, who will wish him all kinds of success. "Dinny's" resurrection brings back fond memories of the days when Knotty Lee, "Chances" Elliott, "Herby" Dale and "Dinny" Burke were shining lights in the Canadian baseball world.

#### Barbara Heck Monument.

At the meeting of the official board of Sydenham Street Methodist church on Monday evening of this week it was resolved to give the congregation an opportunity to aid in the enterprise of erecting a monument of Barbara Heck, the noble and consecrated woman, who, in the year 1766, planted in the city of New York the first seeds of Methodism on this continent. The earthly resting place of Mrs. Heck is a beautiful spot on the banks of the St. Lawrence, about three miles above Prescott. The neighboring congregation of the Methodist Episcopal church in the United States are joining heartily with the Canadian conferences in this project. The pews of Sydenham street church will be supplied on Sunday next with envelopes for the congregation may have the privilege of contributing a donation worthy of itself towards the proposed undertaking.

#### Banquet To W. J. F. Malloch.

On his departure from Brantford for Kingston, W. J. F. Malloch was tendered a farewell dinner by his friends, who wished him continued success in his new sphere of business in the Limestone city. A couple of happy hours were spent when a toast list was hoisted and speeches covered in terms of regret were delivered all round the board, in honor of the guest of the evening. Mr. Malloch, in expressing his appreciation for the honor done him by those present, referred in terms of regret to his departure from Brantford, because it seemed as his native city, where he had spent some very happy years, and where his associations both at home and outside had always been most pleasant.

### QUEEN'S UNIVERSITY.

#### The Institution's Report to the Synod.

Rev. Dr. D. M. Gordon, principal of Queen's University, presented a report of the year's work. There are 1,250 students enrolled, as compared with 1,189 last year, and \$53,500, five years ago. The increase is especially in science studies. The new faculty of education has forty-two students, the poly has thirty-six, and there are only six in the graduating class, but a number in arts are looking forward to the ministry.

To become a beneficiary of the Carnegie fund, Principal Gordon said, certain legal restrictions as to denominational control must be removed. That fund, he said, affected every university in the United States and Canada, for universities not in a position to take advantage of it must provide in some way or other an adequate resting land or they must fall behind. The university of Toronto had grasped its opportunity and had obtained assistance to its benefit, and the authorities of Queen's felt they ought to seek it too. If such a change were effected they could also look to the government of Ontario for aid.

Rev. Robert Laird, agent for the Queen's endowment fund, reported that more than \$50,000 had been received, and 165 congregations had been visited. The contributions ranged from \$500 down, being mainly from men of average means. He trusted that at least half of the congregations in the synod would be able and disposed to help the fund.
