THE SPORT REVIEW

FIVE INDIANS TO RUN IN THE MARATHON.

Victoria Day Sporting Events Promise to Be Excellent—The Cobourg Baseball Team Will Play the Orientals Here.

The entries for the twelve-mile Marathon race starting up last night and some good runners will be present. Five Indians and one white man are entered from Deseronto, there are three entries from Napane, six or seven from the city and one from Gananoque. The Gananoque man, named Linklater, is a good runner. He runs eight miles in forty-eight minutes, and one day last week ran from Lansdowne to Gananoque, a distance of ten miles, in an hour and two minutes. This is very fast, considering that the man was running alone, with no pacemaker or anyone along the road to help him on. The Gananoque people feel sure that he will win out in decent weather.

Hold Another Practice.
The lacrosse team will hold another practice at the cricket field on Wednesday evening, when every player is requested to be present. The boys are getting into good condition for their game here on Victoria Day, but Brockville may be picking up faster. The game should be a better one than last season. The players and those interested in the game seem to take a greater interest in it than they ever did before.

Victoria Day Sports.
On Victoria Day Kingston's sporting people will have a chance of seeing one of the best sets of sport ever pulled off in the city. At 10:30 a.m. there will be a lacrosse match at the cricket field, at 1:30 o'clock the twelve-mile race starts, at 2:30 o'clock the Orientals and Cobourg play baseball at the cricket field. At the fair grounds the Victorians and Napanees play baseball, the Marathon race finishes and the horse races will be pulled off. The horse races will be the best ever put on here, from present appearances. Some very fast horses are coming from all over to join the Eastern Circuit. Some good ones are already here and have been for some days working out on the track.

Oriental and Cobourg.
The Orientals are working out at the cricket field every evening, and are showing up well. They will have a good team for their game with Cobourg on Victoria Day on the cricket field. Cobourg is supposed to have one of the best amateur teams in the middle west and the Orientals will not have any walk over.

The Leagues' Standing.
American League—New York, 67; Philadelphia, 61; Cleveland, 56; St. Louis, 50; Chicago, 50; Detroit, 47; Washington, 37; Boston, 38.
National League—Chicago, 62; Philadelphia, 51; Pittsburgh, 37; New York, 54; Boston, 50; Cincinnati, 47; St. Louis, 37; Brooklyn, 33.
Eastern League—Baltimore, 62; Newark, 57; Rochester, 50; Buffalo, 50; Jersey City, 50; Toronto, 42; Montreal, 44; Providence, 37.

Sporting Notes.
The American A.A.U. wants Robinson of Hamilton, who trained Cullinane for Boston, to handle their Olympic Marathon men.

Twenty-two thousand saw the American Baseball League game in New York, Saturday. The Detroit champions were the drawing card.

Capt. E. R. Moore, of the George school, of Philadelphia, in competition there, made a new inter-scholastic mark for the pole vault of twelve feet one-half inches. The previous scholastic record for the pole vault was eleven feet one-eighth inches, made by A. Vail, of San Francisco, in May, one year ago.

Speed and strength in the track events enabled Yale to defeat Harvard in the Stadium in the annual dual games by 60-15 points to 43-15 points. The visitors also gave Yale permanent possession of the trophy offered in 1901, the blue having defeated Harvard since that time on five occasions.

The Toronto police department will not stand for wrestling on Sunday. Therefore when the hour of midnight arrived, Saturday night, the officers compelled "Artie" Edmunds, of Toronto, and Young Muldon, of New York, to desist in their efforts to gain the third and deciding fall of the bout at the Labor Temple.

Sidney Hatch, of Chicago, winner of the St. Louis Marathon, will be one of the United States representatives in the English Marathon. Hatch was beaten by Charlie Petch, of Toronto, in the Boston Marathon last year. He won the St. Louis Marathon three years in succession. His time this year was 2:29:56. He is twenty-one years of age, a slightly built lad, with well-muscled legs.

When the English flat racing season begins in real earnest this year it is expected that King Edward will be very successful with his three-year-old colt, Perrier, in the races in which the horse has been entered. Perrier is one of the really good animals which is controlled by the king, and in all his works this year has indicated that he will be a success when he is started.

Treated in Aberdeen Infirmary.
Mrs. James Alexander, of Pleasant Grove, Utah, U.S.A., writes: "I had Asthma in its worst form, and had the best medical skill obtainable, and was treated also at the Royal Infirmary in the city of Aberdeen. But I obtained little relief. It was difficult to take any exercise without bringing on violent coughing. In 1888 I came to this country, but the Asthma still clung to me, and for the past thirty years I have scarcely ever been free from it. I read about Catarrhosem and it was just what I needed all these years, and has given me better health than I have had since a girl. Catarrhosem is a perfect cure. I have never had a single attack of Asthma since cured by Catarrhosem. Sold by all dealers, 25c, 50c, \$1 size, the latter being guaranteed."

ed in the important English stakes. The colt will be liberally backed by the public, which is always very partial to the horses of the royal stable, whenever their training suggests that they may be winners on the turf.

Becomes Station Agent.
C. W. Glenn, Stuart street, who for the past year has managed Joseph Hiscock's fruit and confectionery store on King street, has left for Lacombe, Que., where he will fill the position of station agent for the Canadian Northern (Quebec) railway. Lacombe is located about thirty miles west of Montreal, and has a population of about 5,000, and is an important railway centre.

Mr. Glenn is well qualified to fill the position, as he has had over fifteen years experience in railroad work. He was one of the first station agents to be appointed by the Bay of Quinte line, accepting a position with that company less than six months after the first train went over the line. For many years he was stationed at Newburgh and Toronto, and is well known to many people throughout Frontenac and Lennox. His readiness to oblige and his unfailing courtesy and good nature have won him hosts of friends, who will rejoice at his promotion. The family will remain in Kingston for some time yet.

Broke Her Left Ankle.
Mrs. Joseph McConnell, Williams-ville, was the victim of a severe accident on Monday afternoon. She was hanging up clothes in the back yard, and spilled some starch on the steps. On the next trip from the house she slipped on the starch and fell down the steps, breaking her left ankle. James Reid's ambulance was immediately summoned and the injured woman was removed to the general hospital. This morning she was doing as well as could be expected, but it will some time before she will be around again.

Struck By Train.
While John Sinnott, the well-known carter, was loading some boxes in rear of Polson's warehouse, the horse backed the dray into a train which was passing, and as a result the dray was damaged, considerably. The prompt action of the engineer on the K. & P. engine alone averted a serious accident. The engine was shunting some cars into Richardson's siding.

"Three Swallows."
Sir John Power & Sons, "Three Swallows" Irish Whiskey, Famous for over a century, Of highest standard of purity, Distillers to His Majesty the King.

HE FELL MANY FEET AND ESCAPED WITH A FEW BRUISES.

Sailor on the Schooner Dunn Has a Most Thrilling Experience—Fell While He Was Fixing Rigging.

A sailor named Draper, of the schooner S. H. Dunn, of Toronto, now in Davis' dry dock, had a miraculous escape yesterday afternoon, from suffering very severe injuries, and perhaps death. It does not seem very often that a man who falls a distance of twenty-five feet, will escape with just a few bruises and a shock. However, this is what happened to Draper, and the latter is now at the general hospital thinking over the narrow escape he had. It is expected that he will be able to leave the hospital, in the course of a few days. Draper met with the mishap just about three o'clock. He climbed up to attend to some of the rigging, when he had the misfortune to fall. He fell into the water, which was in the dock, and this is what saved him. Had he landed upon the deck of the vessel, he might have met sudden death, or at least some of his bones would have been broken. In his descent he fell against the rigging, and then straight down into the dock. A number of men have been at work making repairs to the schooner, and when they heard him cry, ran to his assistance. He was rendered unconscious, and a call was sent for the ambulance. He was removed to the general hospital, where he was attended by Dr. G. W. Mylks. In a very short time the patient regained consciousness, and reported that apart from a few bruises, and the shock he received, he was feeling all right. He suffered quite a severe chill as a result of his dip in the water. Examination showed that no bones had been broken, and this was looked upon as a wonderful piece of good luck.

CAPE VINCENT HATCHERY.

Puts in 45,000,000 Fry and Millions of Others.
By the close of the propagating season of 1908, at Cape Vincent hatchery, 45,000,000 young whitefish will have been placed in Lake Ontario since April 15th. Besides these 4,500,000 lake trout, 1,000,000 brook trout and 25,000,000 pike perch, known to fishermen as wall-eyed pike, and several millions of yellow perch, will have been propagated at the same hatchery and set out to fare for themselves. These figures give an idea of what is being done at Cape Vincent under the superintendency of Chester K. Green, son of the famous Seth Green, the pioneer of fish culture.

Once Ran Over The Line.
There are burial rails in the Williams-ville section of the city. Many residents up there had good hopes of benefit from the street cars, but in a few years they found themselves shut out, and now they walk. And they are yearly reminded now that the burial rails are there for the city has to spend several hundreds of dollars to keep them from coming to surface and damaging rigs. The memories of the rat-pagers are not dulled by the attempt at burial.

Panama Hat Time Is Here.
And as usual the best hats for quality, best for style, best for values, are to be found at Campbell Bros., the leaders in men's hats.

GRAND OPERA HOUSE

PRODUCTION OF "THE MAN OF THE HOUR."

It Was One of the Best Plays of the Season—Produced by An Able Company—The Other Plays For the Rest of the Week.

One of the very best productions of the season at the Grand Opera House was witnessed by a small audience last evening. The play tells forcibly of how a young man elected mayor of an American city by bosses, failed to yield to their wishes to grant a perpetual franchise to a corporation, but remained true to the trust reposed in him by the people. It is presented by a splendid company, each one of which is well picked for the various roles. The part of the mayor was taken by William Lamp in a forcible manner. Louis Hendricks splendidly portrayed the part of "Richard Horigan," the bully boss. The chief comical part, Phelix Haney as "Alderman Phelan," and he delighted the audience with the delicate way in which he played this amusing Irish role. Thomas Chatterton was good, indeed, in the role of "Henry Thompson," and a forcible reading of his lines in the last act, where, after nine years, he gets revenge upon the financier who ruined his father and forced him to suicide. The old doctor, Ruby Bridges, made a delightful "Dallas Wainwright," and Evelyn Moore was just the girl for the part of "Cynthia Garrison." The audience appreciated the fine work of the company, and made them feel it by the vigorous applause at the act-ends and also, at other opportune moments. The play was beautifully staged.

"Brewster's Millions."
Frederic Thompson's big production of "Brewster's Millions," the breezy and delightful comedy which has enjoyed such a remarkable career of prosperity since its first production last season, will be presented here at the Grand on Thursday, May 21st. The story is a satire on itemized finance. It is full of originality, life and action and contains no dull moments. Marvellous and unusual stage effects are promised. Frederic Thompson, the wizard of tremendous effects, whose Luna Park at Coney Island is the wonder of the world, has invented some scenic surprises for this production, that has made all other producers sit up and take notice.

Ready For A Rainy Day.
Is the man who buys one of our umbrellas. See the wonderful values from 50c. up, at Campbell Bros., the store of big values in hats and umbrellas.

Purchased Broom Factory.
George Crawford, of this city, has purchased the broom factory conducted by the late J. A. Gould. He has taken charge, and the factory is now in full swing.

Atlantic City Excursion.
Via New York Central, Thursday, May 21st, at \$10 round trip. Tickets good ten days, and allow stop-off at New York on return trip. A delightful trip at small expense. Consult ticket agents.

The Case Was Settled.
The case of John Eves vs. George Sudds, entered in division court, was settled between the parties without its coming to trial.

Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within forty-eight hours after beginning to take the Restorative. The bowels get sluggish in the winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Who's your hatter? We want to be.

MERRY WIDOW HATS FOR MEN
Are not the rage! Men want neat, dressy shapes. We've twenty—or more—new and exclusive styles in stiff hats this season. Our immense range insures the most particular men of satisfaction. \$1.50 to \$4.00.

George Mills & Co.
Importers of Fine Hats.

CITY AND VICINITY.

Killed by Lightning.
William Vanhorn, Pittsburg township, had foff cows killed, on Saturday night, by lightning. The animals were in the pasture, and when found were lying with their heads together. They were insured, and W. H. Godwin, agent, has settled the loss.

14th Parade This Evening.
The 14th regiment will parade to the cricket field this evening for drill. This will be the first time this season they have had a chance to show what they are really made of, and no doubt a large crowd will be out to witness the drill. Sergeant, is still in the city and will put the men through their rifle drill.

A Small Fire.
At 5:12 o'clock, Monday afternoon, the firm received a call to a barn on Barrie street in the rear of George McGowan's residence. There was a horse in the stable but it was removed after much trouble, before the fire had gained enough headway to damage that building. When the firemen arrived the interior of the barn was in flames. It took some time to put the fire out, and the interior was badly damaged.

Has Been Superannuated.
At the ministerial session of the Kingston Methodist district, Rev. William Service, for the last four years stationed on the Harrowsmith circuit, asked, after forty-two years of service, to be allowed to superannuate. This was necessitated not so much by his own condition of health as that of his wife. Mr. Service has a son and a daughter in foreign missionary work and another daughter residing over a number of miles in the home work. A number of those present spoke feelingly of his valuable services to the church.

THE RISING WATERS

THE CITY WHARVES ARE GOING UNDER.

The R. & O. Line to Put More Steamers on the Route From Montreal to Quebec During the Tercentenary—The Port News.

The schooner Acacia cleared for Oswego. The schooner Tradewind cleared for Oswego.

The steamer Whitney cleared for the upper lakes. The sloop Maggie L., cleared, from Richardson's, with grain, for bay ports.

The steamship Robert McDonald cleared from the penitentiary for Oswego. The steamer Montangle is on her way from Fort William, with grain for the M.T. Co.

The schooner Keowatin cleared from Swift's, on Monday, for Oswego, to load coal.

The tug Thomson arrived up from Montreal, with three barges for the M.T. Co.

The schooner Maxville is expected, to-day, from Erie, with coal for the penitentiary.

The schooner J. G. Blain has arrived from Charlotte, with coal for the K. & P. wharf.

The tug Calvin was at the Kingston and Pembroke wharf, to-day, loading with for Garden Island.

The steamship Kenirving passed down, on her way from Oswego to Smith's Falls, with coal.

The barge Twin Sister is at the government dry dock, and will be towed to Montreal by one of the M.T. Co.'s tugs.

The steamer Alexandria was at Folger's, Monday night, on her down trip. Considerable freight was taken on at this port.

Nine hundred bushels of damaged grain in the steamer Turret Court, which arrived from Fort William, for the M.T. Co., were secured by Richardson & Sons.

The water is still on the rise. This morning it was washing over Swift's wharf for some distance. The wind wharf for a little in washing it over, but when calm the water is over the top of the wharf. If it keeps on coming up some of the boats will not be able to land.
