**THE RIFLES' PARADE**

**KINGSTON'S OLD REGIMENT HARD AT WORK.**

The Parade Last Evening Witnessed By Thousands—The Regiment Went Through Manoeuvres at the Cricket Field.  
The first street parade of the 14th Regiment was held at the cricket field on Tuesday evening, and was largely attended. The regiment, under command of Lieut.-Col. Kent, left the Armouries at eight o'clock. Every company was well filled and both bands were in attendance. About two hundred and fifty men were on parade. The streets along the route of the march were lined with people, and when the regiment arrived at the cricket field the crowd was very dense, clearly showing that the rifle boys are still the pride of the city.  
At the field, the regiment was put through its paces by the officer commanding, and did its work well. Serjt.-Instructor Price was present and handled the regiment for a short time. Both bands are as strong this year as ever before. The music furnished by the brass band, under Bandmaster Walker, is even better than before, and the band deserves credit for the progress it has made. The bugle band, under Serjt. Simpson, was out in full strength, and furnished fine marching music. Six arc lights were put up at the cricket field and they made a fairly good light, although it was a little dark in spots. Last year twelve arc lights were in operation, but the power plant could give only half that number this year. The regiment will parade to the cricket field every Tuesday evening until after inspection.

**THE SPORT REVIEW.**

**R.M.C. Cadets preparing For the Marathon.**  
The lacrosse team had another good practice on Tuesday evening at the cricket field. There was a full turnout of players and a good, stiff workout was put on. The players are showing far better form than they did last season and should make a much better showing. They will be in fine shape to meet Brockville here on Victoria day.

**Baseball On Saturday.**  
The Canadian Locomotive baseball teams had a good practice on Tuesday and showed up well. The seniors were to have played the R.C.H.A. on Saturday last, but will play them this coming Saturday afternoon, in the city league series. They have a good team and should make a good showing.

**R.M.C. Cadets Running.**  
The cadets entered in the Marathon race are getting into fine shape. The R.M.C. men should give the other runners a pretty hard tussle.

**Horses Arriving.**  
Horses are arriving every day for the races. Some very fast ones are here and they are showing up well in their trials. The track is in very good condition, considering the bad weather during the past week. Every morning early the horses work out and quite a number go out to see the trials. The entries close on Thursday, and every race is nearly filled up.

**WHISKEY MADE HIM STEAL.**  
Prisoner For Pen Gives Out a Statement.  
Every day, the police court has a sad story to tell, and in nearly all of these cases, whiskey is at the bottom of it all. And the prisoners themselves admit this. "I would not have been here but for drink," is a statement that comes from very many of the poor unfortunates.

A prisoner, named Johnston, who was brought to the penitentiary on Monday, to serve a term of five years for burglary, told his story to one of the officers who came down with him to the big prison.  
"Do you know it was whiskey that brought all this trouble my way," he said. "I was all right until I got the taste of liquor."

"Then," he added, and his eyes began to fill with tears, "everything went wrong. I lost my position, all my friends, got into bad company, and here I am. When I get out I intend to do better. This will learn me a lesson."

Johnston's story is indeed a sad one. About two years ago, he came to Canada from the old country. He was doing well, but as he states, he fell into bad company, and they he went down the ladder very fast. He could not earn money to buy whiskey, so commenced to steal. While in the act of burglarizing a house one night, he was caught by the police.

The pupils of Victoria school are taking a great interest in the care of the grounds surrounding the school. The flower beds have been fixed ready to receive the flowers, and this morning a number of scholars were busy planting the flowers. The grounds will present a fine appearance when they are all fixed up.

**THE STRENUOUS LIFE.**

**Pulls So Hard on the Stomach It Must Have Help.**  
The stress and strain of the strenuous life in both city and country makes stomach troubles. Five people suffer to-day where one did ten years ago with sick headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion.  
All who are suffering with stomach troubles, and that means at least two out of three in Kingston and other towns, should use Mi-o-na stomach tablets. Nothing else is as safe, yet so effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na.  
So relieve it Mi-o-na, that "O.G. W. Mahood," with every 50c. box he sells, gives a guarantee to refund the money unless the remedy cures.

**MARINE NOTES.**

**The Vessels Are Beginning to Move.**  
The schooner Bertha Kalkins cleared from Toronto, for Oswego.  
The schooner Winnie Wing, is at Booth's from Oswego with coal.  
The schooner Mary Ann Lydon cleared for Oswego, to load coal for K. Crawford.  
The steamer Turbinia is still in the government dry dock, but will likely be out to-day.  
The schooner S. H. Dunn is out of Davis' dry dock, but will undergo some additional repairs before starting out.  
The schooner Tabon has arrived with coal for Booth's. The vessel which was recently purchased by Captain Barnhardt, came from Chicago.

Swift's Steamer Dundurn, down; Tuesday; steamer Belleville, up, Tuesday; steamer Alpha from Saginaw; schooner Briton, from Oswego, with coal.  
Capt. Joseph Parsons, of the steamer Montague, is a former well known Kingstonian, and to-day, he was very busy renewing old acquaintances. The Montague came from Chicago.

At M. T. company's Steamer Montague, from Chicago, with 70,000 bushels of corn; tug Thompson up with three barges, and cleared for Montreal with two grain barges.  
As reported yesterday the steamer Montague met with an accident at the Welland canal, running against the Air Line railway bridge, but the damage was very easily repaired, and the trip to Kingston was a successful one.

**THE KING EDWARD THEATRE.**

**Grand Opening Will Take Place Thursday Evening.**  
Kingston's new five-cent theatre, the King Edward, corner of Princess and Montreal streets, will open to-morrow (Thursday) evening, and a fine programme has been arranged for the opening night. The theatre, which will have a seating capacity of two hundred, has been fitted out with the very best of material and the playhouse all through, presents a very pretty appearance. The management has looked after the welfare of its patrons in every respect. Opera chairs have been provided, and the ventilation will be of the best. Special care has been given to the ventilation, and during the warm weather, the King Edward is sure to be a "cool spot."  
The operating room has been finished off with asbestos, and has also been equipped with an automatic sprinkler. The theatre has been provided with five exits.

The entire staff has already been engaged. The vocal soloists will be C. B. S. Harvey, basso, H. B. Bristol, baritone, and Mrs. Leslie Hughes, pianist. C. B. S. Harvey will be manager.  
The new theatre will be run by a company, composed entirely of local men, and should receive a liberal share of patronage from the citizens of Kingston. The programme will consist entirely of illustrated pictures and songs.

**PRESBYTERY OF KINGSTON.**

**The Business it Transacted on Tuesday.**  
The presbytery of Kingston met in Chalmers church, on Tuesday afternoon, at two o'clock. The special business was the licensing of students. The members present were: Rev. Dr. Macgillivray, Rev. W. J. Wilkins, Principal Gordon, Rev. Drs. Ross and Jordan, Profs. Ferguson and Macnaughton, Rev. Dr. MacFavish, Rev. W. J. McQuarrie, Rev. R. Laird, Sr., Rev. R. G. Craig and Rev. A. Laird. Several students, who have completed their course of study, and been transferred to other presbyteries, leaving only Messrs. Frederick Miller and A. T. Barnard to be examined and licensed. The presbytery listened to discourses by these with much satisfaction, and in view of the favorable report of the examining committee, licensed them in the usual manner to preach the gospel. Arrangements were made for the appointment of commissioners to the general assembly in the place of those who have resigned, and other business was transacted.

**ONLY FOR TEN YEARS WILL THE USE OF THE STREETS BE GRANTED.**

To the Kingston Milling Company For a Line of Poles to Transmit Energy From Kingston Mills—Committee Won't Recommend Perpetual Franchise.  
The Light, Heat and Power committee at its meeting, yesterday afternoon, decided to recommend to the city council that the Kingston Milling company be given the privilege of erecting poles and wires along certain streets of the city for the transmission of electric energy, developed at Kingston Mills, to their premises on Ontario street. A ten-year franchise, with the privilege of renewing for another ten years, will be granted, but not a perpetual franchise.  
On December 19th, 1904, an agreement was entered into between the city and J. M. Campbell, giving the latter the right to hold that the city council that perpetual use of the streets for transmission, was granted. The question was fought out in the city council, and the perpetual right carried by a vote of twelve to seven. Mr. Campbell wouldn't accept any other holding that the city, as he could use the power transmitted only for his own mill purposes. The agreement lapsed after two years. Power was never developed by Mr. Campbell for the reason that the government lease of the water falls at the Mills was not secured till May 1st, 1908. Hence another agreement has to be entered into.

The streets over which the power would be transmitted are from the northeastern city limits along Montreal street to Queen street; down Queen street to Ontario street, and along Ontario street to the company's premises.  
The agreement will provide as did the old one that the power transmitted over this line shall not be carried or distributed beyond the premises of the company, between Brock and Princess streets, south of Ontario street. The use of the electrical energy will thus be restricted to the present milling company and its successors.

The company will be required to "improve" the city from all actions and claims arising out of the construction or maintenance of the transmission line.  
At the outset, Ald. Couper opposed a perpetual franchise. He said he wouldn't vote for such a thing, and suggested five or ten years. Ald. Angrove agreed that ten years would be all that the city council should grant, with the privilege of renewal for another five years. Aids. Chown and Givens also concurred in this, and the committee was, therefore, unanimous. A by-law and agreement will be presented to the city council at its meeting next week.

The recommendation of Manager Polger, that the Frontenac Cereal company be taken on as a consumer and supplied with current for a period of one year at a fixed rate of four cents a kilowatt, with a quarterly consumption of not less than 500 kilowatts, was adopted.  
Manager Polger reported that canvassing for gas services on different streets was proceeding. Residents on Upper Colborne from Division to Chatham; Lower Bagot from Ordnance to Bay, and Earl street from Division to University avenue, asked that canvassers be sent to work on these thoroughfares. The committee decided to do this.

In attendance at the meeting were: Aids. Givens (chairman), Chown, Angrove and Couper.

**Brewster's Millions.**  
The advent of Colman and Harris' comedians presenting Winchell Smith and Byron Ogley's dramatization of George Barr McCutcheon's famous story, "Brewster's Millions," at the Grand on Thursday, May 21st, will mark a red letter event in local theatricals. Coming as it does fresh from its conquests of New York, London and Chicago, local theatregoers have reason to feel thankful for the opportunity of witnessing this great success. The merits of "Brewster's Millions" are two-fold; it is not only a splendid play, but it is also an achievement in stagecraft.

**Gave An Address.**  
At the regular meeting of the Young People's Society of Queen street Methodist church, on Monday night, a very interesting address was delivered by Rev. G. A. Mackenzie, of Bethel church, on "The Empire." A quartette composed of members of the society rendered several fine selections, and Mr. Brown, recently out from the old country, favored with a solo. The evening proved a most enjoyable one to all present.

**Thrown Into Water.**  
Quite a number of small craft were out in the harbor on Tuesday evening, and one canoe, containing two young men, came to grief near the breakwater. Both men were excellent swimmers and their unexpected ducking did not do them any harm. They pulled their canoe up and continued their paddle as if nothing had happened.
