Wall To, Cost \$2,000. It will cost \$2,000 to erect the stone wall at the rear of the Queen's University residence, for the purpose of improving the medical quadrangle. It was proposed to put up a wooden fence at a cost of \$600, but something permanent was finally decided upon. The medical faculty contribute \$800 to the great stone wall.

Makes A Complaint. Superintendent of Parks Phillips, complained this morning about the members of the R.C.M.A. driving their horses through the cricket field. He says that the by-law does not allow this, and that the practice should be stopped. He states that the grass was broken up, and considerable damage was done as a result of the trip made by the horses.

Buried On Friday. The funeral of the late George Eade occurred in Brooklyn, N.Y., on Friday. His death in Chicago was due to heart failure while he was taking a bath. His wife heard his groans, but she could not get in as the door was locked. A child was sent over the roof, to get through the bathroom window and open the door, but before aid could be secured Mr. Eade had passed away.

A Kindly Acknowledgment. J. B. Cooke, district manager Imperial Life, Kingston, Ont., is in receipt of the following letter, which fully explains itself: 'Dear Sir—I beg to thank you for the settlement of claim on the life of my son, James McLenn Boyd, for \$1,000, policy No. 19073. I filed the claim with you on May 16th and did not anticipate settlement within at least thirty days. You may imagine, therefore, my surprise when you handed me the company's cheque for the full amount, dated Toronto, May 18th. As the papers could not have possibly reached your head office until the 18th this would go to show that settlement was made by your company on the same day. Such promptness is deserving of the highest praise, and if I can be of assistance to you in future by putting in a word for you and the company you represent, I will only be too pleased to do so.—Yours truly, (Signed) MRS. ELIZABETH BOYD.' Bibby's for men's underwear.

TROUBLE BETWEEN FIRE-MAN AND VETERINARY.

Chatham Engine to Be Put in Better Condition—Settlement With Waterworks Committee For Horse Destroyed. The civic fire committee had a session, yesterday afternoon, with Ald. Hoag (acting chairman), Hart, Henderson and Robertson in attendance. Ald. Hoag presented a type-written complaint from Dr. Nicholls, claiming that a member of the fire brigade had used insulting language for him on the 17th. A letter of the chief was submitted in explanation, stating that the accused had told Dr. Nicholls he didn't know what was the matter with a sick horse in the department, and refusing to carry out his orders. Dr. Nicholls called in Dr. Macle, who confirmed the treatment being given. A committee, consisting of Alds. Henderson, Hoag and Robertson will investigate the matter. At a recent meeting, Alds. Hoag, Hart and Henderson were appointed to report upon the condition of the department. They presented a statement showing that everything was in an efficient condition, excepting that the Chatham engine and the hose wagon of No. 1 station required some attention. The necessary repairs will be made at once. The committee decided to accept \$65 from the water works, in full payment for damage done to hose loaned at the time the water works coal shed was on fire on 17th. The city clerk was instructed to notify the Kingston Milling company to put the roadway leading to its mill building into good condition.

J. M. CAMPBELL, PRESIDENT Of a New Electric Railroad Company at Rochester

JOHN M. CAMPBELL. John M. Campbell, of Kingston, has been elected president of the Lockport and Rochester Electric Railway company, N.Y. The line between Rochester and Albion is now ready, and that from Middleport to Lockport is about completed. Mr. Campbell leaves Kingston with the sincere regret of the citizens, whose light plant he ably managed for the past three and a half years.

TO GO TO WATERTOWN

To Take Evidence in a Land Case. J. B. Walkem, K.C., local master, has been commissioned by the high court of justice, Toronto, to go to Watertown, N.Y., with a stenographer and take the evidence of a Watertown lawyer in connection with a land deal involved in the suit of Thompson vs. Skill, both parties to the case being long to Toronto. Mr. Walkem will go over next week to take the evidence. The case is quite interesting. It seems that John Sears, of Inverary, secured a Fenian raid land grant. Later on he found that his tract was close to a town site laid out on the line of the new Grand Trunk Pacific railway, in the north-west portion of Ontario. He was first offered \$5,000 by the defendant in the case, and later agreed to sell to the plaintiff for \$7,000. However, he stuck to his first agreement and sold for \$5,000. Then Thompson brought suit to have the sale annulled, on the ground that his agreement was a written one. The land will become very valuable in a few years.

MEETING ON MONDAY

Of the Labor Educational Association. The meeting of the Labor Educational association will open in Grant hall on Monday morning, at 9:15 o'clock, when Mayor Ross will deliver an address of welcome. William Driscoll will extend to the delegates the welcome from the various unions in the city, and addresses will also be given on behalf of the independent labor body by F. J. Corkey and William Kelly. P. M. Deaper, Ottawa, secretary of the Dominion Trades Congress, and Samuel Landers, Hamilton, are expected to be in attendance, and J. E. Macky, editor of the Industrial Banner, at London, Ont., will also be present. The labor men are now endeavoring to secure some speakers to stay over on Tuesday night and address a meeting to be held in the interests of J. H. Metcalfe.

Inspector Taudvin has received word from headquarters of the effect that the close season for bass is from April 15th to June 16th, and not June 9th, as formerly stated. The order-in-council for June 9th, has been rescinded. Bibby's \$2 hats are stylish. Inspector Taudvin confiscated about one hundred yards of net, found in Cataragui Bay. Fishermen in this district report a great run of cut fish and bass. Bibby's foroney belts, 25c. "Tommy" Burns has accepted \$4,000 to box Lang in Sydney.

LOVE IS REVIVED BY A REVOLVER SHOT.

Wife of Music-Hall Singer Fires at Him in Street and Slightly Wounds Him. Paris, May 23.—M. Charles Leriche, a "lyric artist," otherwise a music-hall singer, whose name has been more widely illustrated by his sister-in-law, Augustine Leriche, one of the most joyous comic actresses in Paris, was walking home yesterday when he met his wife, also an "artiste lyrique." There would have been no cause for alarm in the meeting but for two reasons. One was that divorce proceedings were pending between them. The second, and more immediate disturbing reason, was that she carried a dainty revolver—one of those miniature weapons which, as a rule, if not invariably, are unpleasantly neat and accurate. M. Leriche murmured something and made off. His wife went after him and fired twice, one shot hitting him in the shoulder blade. Police and the usual crowd came, and the husband was taken to the hospital, where his wound was found to be insignificant, while the wife was led off to the police station. There she said she had shot her husband out of jealousy, but was deeply sorry, and promised to never carry a revolver again. She was let off on bail and went home. Her husband, in the meantime, had also gone home from the hospital. When his wife arrived he was not vindictive, but forgiving. Her demonstrative affection had touched him deeply, even though the one bullet which took effect had penetrated only half an inch. "Come to my arms," he cried, and embraced her. He had never dreamed she loved him so much. The next morning he went to the police and withdrew his complaint against her for having shot him. Then he called on his lawyers and stopped the divorce proceedings. Now the couple will live happy ever after.

HOWARD W. REYNOLDS

Is the Liberal Candidate For Frontenac.

HOWARD W. REYNOLDS.

The Frontenac liberals met, Saturday afternoon, and chose Howard W. Reynolds, of Toronto, as their standard-bearer, to oppose J. S. Gallagher, M.P.P., on June 8th. The liberals will make it hot for Mr. Gallagher, and Mr. Reynolds thinks he can win.

PRACTICAL ADDRESSES

Delivered to the Frontenac Teachers.

The school teachers in attendance at Frontenac convention listened to two interesting addresses on Friday afternoon. The first speaker was Prof. Hyde, who spoke on "What is Imagination?" The address was most interesting and instructive, and was eagerly listened to by the teachers. He told the teachers that a failure was the best chance for correction, and that their lessons should be arranged in a practical way, and that they should read poetry aloud and draw the attention of the scholars to the measure of the verse. A. A. Jordan also gave an interesting paper on grammar, that was most instructive to the teachers. He first spoke of the trip to Europe this summer for the teachers. Arrangements had been made with the steamship companies and the teachers could go over and back for \$125, and that \$200 would be a liberal allowance for the trip. His address was on Reading, and its teaching in the schools. He stated that the subject had been fully dealt with by the former speakers, but he wished to speak in a different way. His remarks were in regard to the libraries of the schools, and how the pupils read the books. They should be made to read books systematically and not just spin over them. They should get the connection of the story and after they had read the book they should be made to reproduce it, showing how the book appealed to them. "Let them get up in the school and tell how they liked the book," said Dr. Spankie. Dr. Spankie's address was greatly enjoyed by all present.

Registration Figures.

When the mandated suffrage registration courts adjourned at noon to-day only 1,124 voters had registered. The figures were: Sydenham, Ontario and St. Lawrence, 247; Cataragui, 246; Frontenac, 279; Rideau, 245; Victoria, 117. The total will fall far short of that of 1905 or 1906, principally on account of there being no outside students.
