NOT ANNULLED

The Case Goes Back to Superior Court.

AGNEW VS. GOBER

THE JUDGMENT OF LOWER COURT REVERSED.

The Case Has Not Yet Been Tried on the Merits of the Main Defence—Likely the Decision of the Court of King's Bench Will Be Appealed.

Montreal, May 26.—Messrs. Hickson and Campbell, attorneys for Mrs. A. W. Agnew, point out that the judgment rendered by the court of King's Bench, appeal side, is not in any way purporting to annul the marriage between Mr. and Mrs. A. W. Agnew, which is in issue in this case. The judgment simply reversed, by a majority of three to two, the decision given in the superior court by Justice Davidson, maintaining a demurrer or injunction in law filed by their client Mrs. A. W. Agnew. The case has not yet been tried on the merits of the main defence, and the effect of the judgment, Friday, is simply to send it back to the superior court for trial on the merits. Very serious additional questions of fact and of law are raised by the main defence, and have not yet been adjudicated upon. It is therefore, premature and erroneous to say that the marriage has been annulled. At the proper time the decision of the court of king's bench will, no doubt, be submitted to a higher court, should that ever become necessary, as the judges who have heretofore passed on the questions raised by the demurrer are equally divided in their opinions.

NAPAWEE TIDINGS.

Death of Mrs. W. D. Rockwell, at Chicago.

Napawee, May 26.—On Saturday morning Miss Bessie C. Fretts, only daughter of Frank Fretts, of Richmond, was united in marriage to Clarence Jones, of Pictou. The ceremony was performed at eleven o'clock in Trinity Methodist church by Rev. W. H. Emsey. The bride was attended by Miss Mabel Waltham, of Napawee, and a like service was performed for the groom by Harry Van de Bogart. The bride was attired in a becoming travelling suit of brown. After the ceremony the newly wedded couple took the noon train for a honeymoon in the east. On their return they will reside in Pictou, where the groom is a successful young business man.

Harold Downey, of Oakland, Cal., arrived home last week to visit his father, A. M. N. Downey, who is still very low. Miss Mabel Downey, of Chicago, also came home to be with her father, during his illness.

Word was received here last week of the death, at Chicago, on Thursday last, of Mrs. W. D. Rockwell. The news was a severe shock to her many friends in Napawee, who have very kindly memories of Mrs. Rockwell, who visited, with her husband, here a couple of years ago. She leaves, besides her sorrowing husband, three children. Mrs. W. A. Rockwell, of Wellington, left, Friday, for Chicago, to be with her son during his trial.

W. H. Perry, of Toronto, is spending a few days with his father, Jeremiah Perry, Frederickburg Station. Napawee was quite deserted yesterday. The ball game in Kingston and other sports drew a large crowd to the Limestone City. An excursion to Pictou also was well patronized. The use of geese and geese was forbidden the small boys of Napawee, and the absence of that amusement made the day more like Sunday than a day of merriment. In former years the use of this pasture was abused and the tame geese were often in danger of being driven with horses that were not used to the sudden explosion of gun had narrow escapes from serious runaways.

MARK TWAIN'S TRIBUTE

To the Memory of the Late Queen Victoria.

New York, May 26.—King Edward, through his private secretary, Lord Knollys, contributed a message of condolence to Mark Twain in connection with his characteristic speech at a dinner given, last night, by the British Schools and Universities Club, at Delmonico's in honor of the late Queen Victoria's birthday, which, since her death, has been celebrated throughout Britain's vast dominions as Empire day. Dr. Walter E. Lambert, president of the club, which is composed exclusively of English and American alumni of British universities and colleges, presided. With Samuel L. Clemens, the guest of honor, and the possessor of the degree of doctor of literature conferred upon him last year by the University of Oxford, at his right, Dr. Clemens paid a glowing tribute to the life of Queen Victoria, and said that she will be remembered and revered in the far-off ages.

WON'T ENLIST THEIR SONS.

London District Conference Urge Them Not to.

London, Ont., May 26.—At the annual meeting here of the London District Methodists, which has just closed, a strong resolution regarding the liquor traffic was introduced by Rev. George McAlister, of the Centennial Methodist church, and unanimously adopted. It will be sent to the dominion government. After a lengthy preamble, the resolution says: "Resolved, that we believing that there is no more reason (and much more danger) for a bar at a military school than at Toronto University, or the Agricultural College, or any of our medical institutions, we call upon the government of this country to cut the connection now existing by government regulation between the profession of arms and the drink traffic.

"In addition, we would recommend that until conditions in the camp are completely altered, they do not permit their sons to enlist."

CANADIANS IN FRANCE

To Celebrate Tercentenary of Quebec.

London, May 26.—A Paris cable says that the Quebec tercentenary is to be celebrated at St. Pierre by a gathering organized by a committee of Canadian residents and the Canadian Society. Prof. Marcel Dubois will deliver an address on the history of the French colonization in Canada. Canadian airs and poetry will be sung and declaimed. The fetes will be held at Bonheur, whence Champlain sailed for Quebec.

The vicar of Greenwich appeals to Canadians and Britishers for a memorial to Wolfe in connection with the parish church where his remains lie.

The Decline in Stocks.

New York, May 26.—In the stock market, prices for securities generally have, during the past week, been reactionary, with considerable selling by both large and small investors, who bought at the time of the panic last fall. These sales, in many instances, showed profits from twenty to fifty points, and this reaction is perfectly natural, as well as healthy. The recession will go further, but it is the opinion of the New York Stock and Commodities Exchanges that in the long run stocks will go even higher than on the recent advance.

HOLD INQUIRY

Into Textile Industry Conditions in Canada.

RECENT DISPUTES

WILL HAVE SPECIAL ATTENTION PAID TO THEM.

A Royal Commission Issued to the Deputy Minister of Labor to Carry on the Investigation—Strikers Will Go Back to Work Pending Inquiry.

Special to the Whig. Ottawa, May 26.—On the recommendation of the minister of labor, the governor-in-council has decided to hold an inquiry, by royal commission, into the conditions of the textile industry in Canada, with special reference to the disputes at present existing between the mill owners and their employees. The industry, in question, not being a public utility, does not come expressly within the provision of the industrial disputes investigation act, and the necessary investigation cannot, therefore, take place under this measure, as might have been otherwise desirable. Under the circumstances the government will issue a royal commission to W. L. Mackenzie King, deputy minister of labor, to make such inquiry as the circumstances require into the dispute between the mill owners and the employees. It is understood that the number of 6,000, will return to work, pending the result of the inquiry.

BITTEN BY YOUNG WOMAN.

Report That Girl Has Hydrophobia Denied.

Watertown, N.Y., May 26.—While sitting in the park, Sunday evening, Edna Parry, living in Factory street, was seized with hysterics. Two young men who attempted to hold her until the arrival of the ambulance, were badly bitten in the arms. For several hours after being taken to the Sisters' hospital, the girl went from convulsion to convulsion. The report spread that the girl was afflicted with hydrophobia, and while one nurse admitted it another and the physician denied it, saying she had the hysterics. Two or three cases of rabies have manifested themselves; the last few weeks causing much agitation.

SLANDEROUS POST CARDS.

Committed For Trial on a Peculiar Charge.

St. Thomas, Ont., May 26.—J. S. Wilson, retired merchant, was sent up for trial by Magistrate Glenn on a charge preferred by A. M. Hutcheon, another retired merchant, of having sent immoral and obscene literature to him in the shape of post cards through mails. Hutcheon claims to have been receiving cards and other matter bearing slanderous and immoral wording for eight years from Wilson. The latter denies any knowledge of either writing or posting cards.

Married in New York.

New York, May 26.—Madam Anna Gould, formerly the wife of Count Boni de Castellane, was the bride of Prince Helle de Sagan when they sailed for Europe aboard the steamer on April 11th last. The two were married at No. 107 Washington street, Hoboken, N.J., on April 10th, and Justice of the Peace W. C. Bubenbender is quoted as admitting that he performed the ceremony. "Yes, it's true," said Justice Bubenbender. "I won't deny it. I married them."

Expert Killed a Little Boy.

North Portal, Sask., May 26.—Elmer Nelson, a seven-year-old boy, was accidentally shot and killed by J. M. Hughes, traveler for the Peters Cartridge company, of Milwaukee. Hughes is an expert trap shooter, and after giving an exhibition at the traps, did some shooting with a 22 rifle. He had objects thrown up, at which he shot. He must have shot at one of these when near the crowd for young Nelson was away some distance when the bullet struck him in the heart.

Stabbed a Clergyman.

Salisbury, Mo., May 26.—In the presence of four hundred worshippers, Father Joseph P. Labeley, aged thirty-three years, pastor of St. Joseph's Catholic church, was stabbed twice with a pocket knife, and perhaps fatally injured in church, by Joseph Schutte, a farmer, who is believed to have become suddenly demented.

Killed By Lightning.

St. Louis, Mo., May 26.—W. H. Howard, a wealthy commission merchant, was killed by lightning. Mr. Howard, a member of the Glen Echo Gun Club, left off play and sought the shelter of a tree during a storm and lightning ran down the tree, killing him instantly.

Roots and Herbs For Food.

Kingston, Jamaica, May 26.—The drought is broken in some parts of Jamaica, but the people of the section on the southern side are in desperate straits over the failure of the crops. They are existing on roots and herbs. The government is now giving relief.

Hon. Clifford Sifton is in Ottawa, having returned from Mexico.

FRENCH PRESIDENT

Arrives in London to Visit King Edward.

London, May 26.—King Edward, the Prince of Wales, and other members of the royal family, Foreign Secretary Sir Edward Grey, Premier Asquith and Home Secretary Gladstone, welcomed the party with wish for the king and queen of France, when he arrived at the Victoria station, yesterday afternoon, to return the visits which King Edward and other members of the British royal family have paid to the head of the French republic in Paris.

A procession of state carriages, with postillions, was formed and proceeded to York House, that portion of St. James palace, where M. Faillieres will reside during his stay in London. The large crowds that assembled gave the president of France as hearty a welcome as the party could wish for. The king and queen of Britain entertained their French guests, last night, with a brilliant banquet at the palace. Out of compliment to the guests, the floral decorations throughout were La France roses.

BEING ROYAL HOUSE

Of Portugal For Debts—No Money From State.

Lisbon, May 26.—The royal house of Portugal is being besieged by its creditors and the newspapers of Lisbon are filled with the notices of suits brought by tradesmen against its members. The courts have already awarded a butcher \$210 and costs, the amount of an unpaid bill against flourer Queen Maria Pia and the Duke of Oporto. This situation arises from the fact that members of the royal household have not received a single penny from the state since King Carlos and his son were assassinated, because the new civil list cannot be approved until after the financial accounting of the reign of the late king Carlos is completed. This is held by threatened revelations from Senhor Carvalho, who was minister of finance, under Carlos, from 1890, regarding moneys which went to members of the present government.

REJECTED SUITOR SHOOTS.

Kills Girl and Wounds Rival and Escapes.

New York, May 26.—Lippman Kessler, said to have been a rejected suitor of Miss Nina E. Jones, shot and instantly killed his former sweetheart as she was entering her home, Thomas Faulkner. Faulkner was also wounded in the cheek at the same time by Miss Doane's assailant, who escaped.

Faulkner won the girl's promise to marry him, and Kessler, it is said, took lodgings nearby where he could watch the movements of the young woman. Miss Doane went to the door to answer a ring of the bell and was met by Kessler, who fired a shot point blank into her breast and sent a second into Faulkner's chest. Faulkner started in pursuit, but stopped at a drug store to summon aid, and in the delay Kessler made his escape.

WILL USE OIL

As Fuel Both For Military and Commercial Uses.

Montreal, Que., May 26.—Maj. J. R. D. Graham, formerly of the British army, and J. D. Henry, an oil expert, who have been delegated by the imperial government to enquire into the best available fields for a supply of oil, such as could be used in the event of oil being required as fuel for the British navy, are now in this city, and express the belief that it will not be long before coal is displaced by oil in that connection. Not only will the navies of the world soon be using oil, but steamships in commercial business will also adopt it. In fact, one of these is likely to make the experiment crossing the Atlantic. The officials state that Ontario and New Brunswick analysis stand very highly and is fairly free from sulphur.

NEAT LITTLE PROFIT.

Company Got \$97,300 For Salvaging Mount Temple.

Halifax, N.S., May 26.—The Mount Temple sailed yesterday, for Newport News, where she will be repaired. The steamer was ready to sail some days ago, but the agreement was not settled between the owners and the Halifax Salvage Association as to the amount of salvage the Halifax company would receive. The contract entered into with the salvage company was that the company would receive \$12,500 for their work if unsuccessful. If successful the salvage company would receive forty per cent of the appraised value of the ship as she lay in Halifax harbor. The parties finally fixed the value at 50,000 pounds sterling. This gives the company \$20,000 for their work.

POLICE ARE TRYING

To Locate the Austrian Princess, Who Elope.

Vienna, May 26.—The Austrian princess, whose elopement a couple of days ago, has caused a great excitement in Vienna, is said to be Princess Angeline Louise, sister of Prince Emilien von Furstenberg, head of the Koenigsberg branch of the Furstenberg family. It is declared that she ran away with the local agent of an automobile company, named Koran. The police are actively at work trying to locate the fugitives. The princess is twenty-two years of age. The family has large holdings in Bohemia, and a residence in Vienna.

Anarchy prevails the night Paris.
