either found no cheese at all on the shelves, or cheese only two days old. Mr. Publow added that he had already directed instructors not to make any report on cheese less than one week old. They have also been requested to report on factories in the habit of stripping green cheese, and a list of these will be kept, and English dealers notified of their existence. The board adopted a resolution specifying that all intending buyers shall be required to sign an agreement with the secretary-treasurer that they will not consider parchases their property, or put them out of their possession, until they have issued an accepted cheque to the salesman in full payment.

## WRIGHT'S CHARGE.

a Traitor to Party and

Toronto, May 29 .- If R. R. Gamey's statement is true, that W. D. Mc Pherson had knowledge of his intention to leave Toronto, and, indeed, the famous Gamey trial, and having that knowledge he withheld it from the senior counsel in the case, then he was a traitor to his client and his party. This, in effect, was the statement which A. W. Wright, The independent conservative candidate in threat, made at his meeting at Victoria hall, last night, and he added that he made the statement on the authority of Mr. Gamey, who had promised to wreak at one of his meetings, if possible, before the close of the cam- federal government!
