

THE 5 P.M. EDITION

N. F. HARBUTTLE SENTENCED.

Two Years in Alberta Penitentiary. Edmonton, Alta., June 2.—Neville F. Harbottle was sentenced to two years imprisonment in the Alberta penitentiary for the theft of \$6,918.44 from the department of inland revenue at Edmonton. This term will probably be considerably shortened by the good conduct of the prisoner, who may obtain his liberty on parole before the expiration of his term of imprisonment.

EULLER IS DEAD.

The Famous English General is No More. London, June 2.—Sir Redvers Henry Buller, the famous English general, died, to-day.

Miss A. Grady, spent Sunday with friends at Sydenham.

Beware of Ointments For Cataract That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is too fast for the good you can possibly derive from them. Hall's Cataract Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Cataract Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

A CHINAMAN'S DEATH

LEE PANK, CHEF IN KING STREET RESTAURANT.

Died After Two Days Illness—The First Chinese Death in Kingston—Remains Will Be Buried in Otarauqui Cemetery.

Lee Pank, the Chinese chef at the King street Chinese restaurant, died, at one o'clock, this morning, after an illness of two days. He was taken suddenly ill on Sunday evening, and on Monday was in a serious condition. Dr. Sparks had been attending him previously and was again called in, but could not save his life. The remains were removed to H. J. Reid's undertaking rooms, this morning. The deceased, who was forty-eight years old, had been in this country six years, and leaves a wife and family in China.

The local Chinese colony were terribly shocked when one of their number passed away, as they have not any leader or head man here, they were badly used up for a time. Lee Jue, formerly proprietor of the restaurant, and now in Montreal, was sent for and arrived this afternoon to take charge of the body. It is likely that the remains will be buried in Otarauqui cemetery. The deceased was a Christian, and attended one of the Methodist Sabbath schools in the city. The funeral service will likely be held on Wednesday.

Lee Pank is the first Chinaman to die in this city. Whenever one of them takes sick, he always leaves for home, if he thinks it is serious, as the Chinese have a great horror of dying outside their own country, or away from their priests and friends.

CIVIC COMMITTEES.

Waterworks and the Board of Works Convene.

The waterworks committee met yesterday afternoon, with Ald. Craig (chairman), Cooper, Graham, Hanley and Thown in attendance.

The offer of the Ontario Wrecking company to purchase the old pump at the pump house for \$50 was accepted. A petition of James McCammon for a water main on Victoria street was referred back to him for the signature of more property owners.

The petition of John McKee and others for a water main on Harris street, between John street and Kagan Road, was granted.

The board of works met yesterday afternoon, and decided to recommend to the city council that certain trees on George street be cut down in order to construct a concrete walk. The failure of the council to meet last evening will delay matters somewhat.

It was decided to recommend the granting of the Kingston and Pembroke Railway company's petition to erect poles on Ontario street.

The council will be asked to grant permission to Alfred Buck and L. Spooner to rebuild their porticos on Union street, on the same ground as before.

It was decided to recommend the cutting down of three trees at the corner of University avenue and Union street.

Council Had No Quorum.

A special meeting of the city council was called for last evening, to consider an application from the Kingston and Pembroke Railway company for permission to erect a line of poles on Ontario street, from Brock street to Place d'Armes, for a despatch wire. The political gathering in the city hall, however, was too much of a counter-attraction, and when the clerk called the roll at 8:05 o'clock, there was no quorum. Only seven or eight members of the council were present.

Making Good Fellows.

The government has increased in less than five years the provincial expenditure by sixty per cent. That is to say, has increased the expense of \$1 per head of the population, while the liberal government only increased it \$1 per head in thirty-two years of power. This is the record of the party that promised the people economy when it got into power.

The Whitton government spent, last year, in entertainment dinners and hospitality to visitors, \$16,965, while the Ross government, in 1903 and 1904, its last years, spent only \$150 for a similar purpose. This was only mentioned as a type of the lavish scale of expenditure upon which the people's money was wasted.

Conservative Declaration.

Mr. Whitton and his colleagues as trustees of the money and resources of Ontario, have nothing to do with the manner in which the people of Kingston choose to use the franchise. It is their duty to pay exactly the same attention to representations made by Mr. Pense as it would to representations made by a conservative member for Kingston. Certain expenditures are either warranted or not by the requirements of public service; the number of liberal or conservative votes cast has nothing to do with the decision.

Drink For Health.

To be wholesome, soda water ought to look good, taste good and be good. To be good in every sense it must be made from perfect materials and free from contamination of every kind. Our clean, polished glasses are typical of the purity of our soda. It is the kind that is as good as it looks and tastes. Wade's drug store.

Dr. Courtice For The Library.

Rev. Dr. A. C. Courtice, former editor of the Christian Guardian, is an applicant for the vacant librarianship of the public library. Dr. Courtice is a gentleman of fine literary sense and in many ways is eminently qualified to adorn the office.

Kingston And Cape Vincent.

Change of Time—Commencing Monday, June 1st, steamer will leave Kingston daily including Sunday at 5:00 a.m. and 2:00 p.m., returning leave Cape Vincent 10:55 a.m. and 4:30 p.m., making direct connection to and from all points in New York State.

Received Unanimous Call.

Rev. William A. Guy, B.A., B.D., formerly of Macdonald's Corners, who went west several months ago, has received a unanimous call to the Presbyterian church at Regina, and has accepted. Mr. Guy, who has been staying with her parents, Mr. and Mrs. Rowe, of Bath, left to-day to join her husband at Winnipeg, and proceed to their new home in the west.

Again In The Tolls.

A resident of Wolfe Island, who last summer was arrested over at Cape Vincent in connection with the stripping and sinking of a steam launch, and who afterwards forfeited his bonds by skipping over to his home on Wolfe Island, paid another visit to the Cape, on Sunday, and was nabbed by the police chief. He will be held for trial at Watertown, N.Y.

Y.M.C.A. Directors.

The regular meeting of the Y.M.C.A. directors was held on Monday night, with the president, Dr. Anglin, in the chair, when some routine matters were disposed of. As usual, the board met at 6:30 o'clock, and had tea together afterwards looking after the business. Arrangements were completed for the new physical director, J. J. Thompson, who will take charge on July 1st.

A Comparison.

"The province of Ontario gives almost as much to its provincial universities as the British government gives to all its universities put together," said Principal Hutton, of University College, recently. "Four hundred and eighty-five thousand dollars per annum is the sum voted from the British exchequer to all the British universities between them in the British Isles."

The Kingston colleges receive \$51,000 a year. What a contrast!

Denny-Byrnes Wedding.

A very pretty but quiet wedding was celebrated in the Bishop's Palace on Saturday evening at eight o'clock, when Miss Lulu Byrnes, youngest daughter of Mr. and Mrs. M. Byrnes, Barriefield, was married to James Denny, formerly of this city, but now of Cobalt. Rev. Father Macdonald officiated at the ceremony, which was performed in the presence of only the immediate relatives of the bride and groom. After the ceremony the wedding party drove to the residence of the bride's sister, Mrs. D. Millan, Pearl street, where the wedding breakfast was served. Quite a number of the personal friends of Mr. and Mrs. Denny were waiting to welcome them when they arrived at Mrs. Millan's. They left at midnight on their wedding tour through the west before taking up residence at Cobalt. Both the bride and groom were very popular in the city and good wishes for their future welfare follow them from the city.
