

THE 5 P.M. EDITION

INCIDENTS OF THE DAY.

News Paragraphs Picked Up By Reporters On Their Rounds.

Try Bibby's \$1 blue shirts. When you need a Ceb phone 600. Be sure and read Saturday's Whig. There was no session of the police court today.

Mr. Pense never went to Toronto in his own interests.

Good rubber tired cab always when you phone 600.

The fruit crop promises to be over-abundant this year. Good news.

Workmen retain the Hart-Pense combination. You'll benefit by it.

William Swaine, piano tuner. Orders received at McAuley's. Phone 778.

And now the farmers would like a shower. The ground has dried up very quickly.

Spudham Street choir rehearsal this evening. Every member requested to attend.

There was no quorum at the Board of Health meeting called for yesterday afternoon.

The steamyacht Ecolvat carried over 150 passengers to Kingston Mills and return on Thursday.

H. Cunningham, piano tuner from Chikering's. Leave orders at McAuley's book store.

Seven cars of square timber arrived here today for the Calvin company, from the Temiscamingue district.

The horse races at Gananoque, on Thursday, drew a large crowd from here and from all accounts they were worth it.

The liberals are in very hopeful mood. Vote for Pense is the rallying cry, along with the provincial motto, "Trust the People."

Every liberal, active and energetic for his candidate and party, on Monday, will win the day. Spend some time in helping the cause.

For a cheap trip, take the excursion to Watertown, Saturday, 5 a.m. or 2 p.m., Sunday, 8 a.m. or 2 p.m., returning up to and including Monday afternoon.

The lacrosse team will likely play Belleville, here, on Wednesday. Manager Dalby has made the arrangements for the game. Leo Barry, a former Kingston player, is now playing with Belleville.

Try Bibby's, the shirt store. Who was it that put their money into the greatest industry Kingston had in the dark days? Liberals.

Hon. William Hart and Cornelius Birmingham were the men. Today Kingston has respect the benefit. Its population would have been two thousand less only for them.

GRAIN AND COAL

Which Arrived at Kingston During Month of May.

During the month of May 2,514,575 bushels of grain were trans-shipped from Kingston to Montreal, through the St. Lawrence canal. This was a larger amount than for the same months last year. The season of 1907 opened a week earlier than that of 1908. The coal which arrived at Kingston since May 4th amounted to 9,129 tons.

Tory Methods in New Ontario.

Ottawa Free Press. Those followers of Premier Whitney who are fond of talking about the "square deal" which that gentleman's government is anxious to give to its opponents, are invited to a consideration of the serious charges made in another column by James Connee, M.P. for Rainy River. It was bad enough for the liberals to have to fight the elections in Northern Ontario on stuffed lists which have not been revised by any justice. It is worse when the minister of lands, forests and mines is using the power of his office to utilize the granting of titles to mining or other lands as campaign weapons and to inform voters that if they want to get their titles or their licenses they must get the recommendation of the conservative candidate in their district. Is that the "square deal"?

Drink For Health.

To be wholesome, soda water ought to look good, taste good and be good. To be good in every sense it must be made from perfect materials and free from contamination of every kind. Our clean, polished glasses are in the kind that is as good as it is looks and tastes. Wade's drug store.

Cheap Excursion To Watertown.

Going Saturday, 5 a.m. or 2 p.m., Sunday, 8 a.m. or 2 p.m.; returning Sunday or Monday. Only \$1.65 return.

WHAT Y. M. C. A. OFFERS

IN THE WAY OF ATHLETIC PRIVILEGES.

The New Physical Director Proposes Extending the Athletic Work—Invitation For City Athletes to Join.

Kingston, June 4.—(To the Editor): Among the items in the sporting news column of the Whig of the 3rd, I notice a proposal to start an Athletic Club for the fostering of sport in Kingston. You will allow me to present the claims of the physical department of the Young Men's Christian Association of this city. Those who do not converse with the development of association life during the past few months may know, this letter is written to give an idea of the preparations now being made to supply the very need expressed.

In the first place, J. J. Thompson, at present director at Lindsay, has been seized as physical director in the local Y.M.C.A. He is one of the best men in Canada, outside Mr. Crocker of Toronto, Mr. Merritt of Montreal, and possibly one or two others. He is an indoor champion of the West End Association, Toronto, which has developed some of the best athletes in Canada. He held this honor for two years, 1906 and 1907. He was three-mile amateur champion of Canada for two years also. As a coach in baseball, lacrosse, hockey and running, he is widely known. He is an exceptionally good man in all departments. He has been secured for the coming season and will be available the whole year.

The gymnasium has been thoroughly overhauled and put in perfect repair. New apparatus is being purchased, and it is the intention of the secretary to introduce boxing, wrestling and possibly fencing privileges to those desiring them, at a small additional cost. The building is being cleaned and painted, the bath put in a thorough condition and every detail conducted to good work along physical lines attended to.

The reading room, game rooms and other features of association life are well known. The board of directors is doing its utmost to provide a clean atmosphere for the evening men of Kingston, and is being liberally supported by the business community. In view of these things would it not seem a poor policy to organize another body when a plant any city might be proud of is available to it? The fee of \$5 does not more than cover half the expense, but the building is open and its privileges available. This year promises to be the best one in the history of the association and it is hoped that every man in the city will help make it so. Sincerely yours, R. B. NELLES, general secretary.

Who Did It?

Kingston, June 5.—(To the Editor): Who was it, not long ago, who interfered with the people of Kingston through their representatives on the Board of Education, and by threats, or bribes, intimidated these into a surrender of their birthright, namely, their independent action—and that not only to the loss of their own manhood, but also to the injury of the Collegiate Institute?—A FREE AND INDEPENDENT ELECTOR.

MUST GO BAREFOOTED.

No Excuse Accepted in Cases of Truancy.

"Children must go to school, even if they have to go barefooted." The above is the order which has been given out from the board of education, and Constable Arniel, the truant officer, will see to it that the order is carried out to the letter. For some time past there has been trouble in getting some of the scholars to attend the depot school, and when an investigation was made, the excuse offered was that the scholars had no shoes to wear, and that they did not care to go to school. Accordingly, the order already referred to, was issued, and now it is up to the parents to see that the children go to school. The weather is now quite warm enough for the "barefoot" boy, with the check of "in," to be on his hands and his presence in school will be much desired. Boys and girls, shoes or no shoes, get to school. Perhaps some of the charity societies could do some noble work in the cases cited.

FRENCH GIRL'S ROMANCE.

Travogue and Strong Melodrama at The Bijou Theatre. The romantic castles and stately homes of Northern England will be shown at the Bijou to-day and Saturday, and some romantic stories will be told concerning them.

Tribute To Worth.

The country owes to the liberal party: Vote by ballot. Simultaneous polling. One-man-one-vote. Trial of election petition by judges. Manhood suffrage. Manhood suffrage registration. The liberal party, in short, is the party of the people.

A Cheap Line.

4 stapled chairs. 13 washboards. 12 ashshitters. 720 clothebins. Seven hundred and forty-nine articles for thirty cents under the contract for Central Prison labor made by the Whitney government with Taylor, Scott & Co.

The W. C. Caldwell Co. are not operating the Aberdeen woolen mills, at Lanark, this year, and are not buying any wool this season.

New potatoes, No. 4, quart; new cabbage 10¢ head, at Carnovsky's.

CITY AND VICINITY.

Spend Sunday In Watertown. Tickets good going Saturday or Sunday, returning until Monday afternoon. Only \$1.65 return.

Lost Boy Restored.

A lost boy was located on Division street, last night. He was taken to the home of Constable Arniel, and his parents found later.

Went To Montreal.

The excursion to Montreal, under the auspices of the Mallorytown Old-fellows, left here at seven o'clock this morning. Over fifty people from the city took advantage of the cheap rates to visit the eastern metropolis.

Queen's Endowment Fund.

The total amount assured to the Queen's University Endowment Fund on April 1st, 1907, was \$253,164. Since then subscriptions amounting to \$51,000 have been received. The total amount promised on May 1st, 1908, was \$305,919.00.

Touring The Islands.

The steamer Aletha left, at 1:30 o'clock, this afternoon, for a tour of the islands, with one hundred and fifty members of the Congregational Church Women's Missionary Society on board. The excursion was tendered the members by one of the congregation.

Forced To Change It.

The Whitney government bungled the ball business at its first attempt, and the Kingston bye-election showed how public it was as a means of learning how men voted. If Mr. Pense had not made a protest in the legislature, the "poor little thing" would have been worked in the general election.

Kingston Aid Cape Vincent.

Change of Time—Commencing Monday, June 1st, steamer will leave Kingston daily including Sunday at 5:00 a.m. and 2:00 p.m., returning leave Cape Vincent 10:55 a.m. and 4:30 p.m., making direct connection to and from all points in New York State.

The Fire Committee.

This afternoon the civic fire committee has been called to meet. Ald. Rigney, the chairman, is now home. The chief business is the receiving of a report from the sub-committee appointed to hear evidence regarding the No. 2 station horse that died, and concerning trouble between the veterinary and the station driver.

Prices At Mullin's Grocery.

Choice farmers' butter, per lb., 23c. Finest creamery butter, per lb., 25c. Strictly fresh eggs, per dozen, 17c. Roll bacon, sliced, 2 lbs., 25c. Pure lard, 2 lbs., 25c. 1 lb. 40c. Japan, black or mixed tea, 25c. 1 lb. 40c. pure Java coffee, 25c. Nice dry potatoes, per bag, \$1.15. 5 bottles Worcestershire sauce, 25c. Cor. Johnson and Division streets.

Doing Quite Nicely.

The authorities at the general hospital reported, this afternoon, that George Coxworthy was doing as well as could be expected under the circumstances. The leg was amputated by Dr. Kilborn, three inches above the knee. The patient is very weak from shock and the loss of blood, but it is thought that he will pull through all right.

Cardinal Logie Praises G.T.E.

Cardinal Logie, archbishop of Armagh, Ireland, who recently journeyed over the Grand Trunk railway system from Niagara Falls to Quebec, is profuse in his praise of Grand Trunk service, equipment and road-bed. An extract from the letter reads as follows: "My companions and I found that we had the good fortune to fall into the hands of most gracious hosts. Everyone from the highest official to the attendants did everything possible to make us feel at home, and I thank you most sincerely for my travelling companions and myself."

Unfriendly To Labor.

"So far as the labor delegation was concerned, they came away convinced that nothing will be done by the government to cancel this agreement. The only satisfaction they received was that they had again placed a standing protest on behalf of organized labor against placing the labor of convicts in the open market against honest and free labor and to prevent Mr. Hanson, the member of this government, from again making use of the assertion that no objection had been received from the unions against the most unfair kind of competition. This committee is now confirmed in the belief, which has been growing for some time, that the present government is in no way friendly to labor, and no relief need be looked for from the Whitney government."

QUEBEC HOTEL FIRE

THE CHATEAU FRONTENAC WAS IN DANGER.

The Damage Was Small—Business of the Hotel Not Disturbed—Defect in Electric Wiring Was the Cause.

Quebec, June 5.—A fire was discovered in the Chateau Frontenac, this morning, in the wall of the second storey, supposed to be due to a defect in the electric wiring. The fire brigade was promptly on the spot, but owing to it took over an hour to reach the seat of the fire and extinguish it. The guests in the immediate vicinity were removed to other rooms, but the majority of those in the house were not disturbed. There was some damage to that part of the building by the water, but men are already at work making the necessary renovations, and the business of the hotel has not been interrupted.

OFFICERS WERE ELECTED

At Friday Morning Session of the C. C. W. B. M.

Friday morning's session of the C. C. W. B. M. at the First Congregational church was given over to the receiving of reports and the election of officers. All the reports were of an encouraging nature, and were adopted after some discussion on the most important points.

Mrs. I. W. Barker, Toronto, secretary, sent in her resignation, which was received with general regret, as Mrs. Barker has filled that position with great credit. She was tendered a hearty vote of thanks for the service she has rendered to the society.

The election of officers resulted as follows: President, Mrs. S. H. E. Moodie, Montreal; vice-president, Mrs. A. B. Wilkes, Brantford; treasurer, Miss Emily Thompson, Toronto; secretary, Miss L. M. Silcox, Toronto. Mrs. (Rev.) Macallum was elected superintendent of organization and home mission supplies. Mrs. M. Savage, Montreal, was re-elected editor of the Missionary Leaflet.

The society paid a warm tribute to the work of the Laymen's Forward Movement, which had aroused the interest of laymen all over the world, in the interests of missionary work. The suggestion was made, and an important one, that there should be a mission board or young people's circle in every church.

A hearty vote of thanks was tendered by the delegates to the ladies of the three city churches, for their kind hospitality, during their stay in the city.

Arrangements were made to have the young people's service held on Saturday morning, at nine o'clock, when Mrs. Reid, Montreal, who for many years was a successful missionary in Africa, and who is still a most successful worker and speaker on behalf of missions, will give an address on "Child Life in Africa." The address promises to be a most interesting one.

Mrs. Moodie will give a lecture in Calvary church, on Saturday evening, at eight o'clock, on "Japan." The lecture will be illustrated with lantern views. Mrs. Moodie will also give an address at the Sunday school at Calvary church, on Sunday afternoon, at three o'clock.

This afternoon, the delegates and their friends left, at 1:30 o'clock, on a trip down the river.
