GIRL HID BEHIND DOOR

WHEN CONSTABLE CAME IN SEARCH OF HER.

Father Had a Search Warrant Issued to Locate His Twelve-Year-Old Daughter Who Disappeared.

Claiming that his twelve-year-old daughter was missing, and that she had been drownded away by the oldest with whom he has not been living for some few years, W. H. Ufford called at police headquarters late on Friday afternoon, and lodged a complaint. Later, he took out a search warrant, and early in the evening, Constables Craig and Driscoll located the missing girl at a house on Victoria street, where the mother has been living, took her away from the house and handed her over to the father.

According to the story given the police by Ufford, he has been separated from his wife for about six years. There was a family of three, the eldest being Eva Ufford, who figured in yesterday's case. When the father broke up the home, he left the children with his mother, who lives on Division street, where they always appeared to be happy and contented. Mr. Ufford, shortly after his separation from his wife, went to work at Sault Ste. Marie, and only returned to the city a short time ago.

Little Eva Ufford is very pretty, and attractive, and has been attending Frontenac school. When she did not return to the home her grandmother as usual, after school, on Friday afternoon, the suspicion of the father was aroused with the result that he went to the police station, and got out a search warrant.

The first story sent abroad was that the little girl had been kidnapped by a man, while on her way home from school, but the information received by the police goes to show that the girl received a note from the mother, asking her to leave her grandmother and go and live with her, giving the reason that she would be kind and good to her. The little girl evidently gave way when made these promises, and at any rate, it appears that she went to the Victoria street house, where her mother has been living. It was found necessary to take the girl away from the house, and to find at first refused to give up the child, when Constable Robert Hughes was despatched to the house for this purpose. A search warrant was then placed in the hands of the police.

The police came within an ace of not securing the girl, as they say, the mother had her hid behind a door. The constables had made a thorough search in every room of the house, and were about to come away when Constable Craig thought of the old game of hiding behind the door. The little runaway was found crouched down behind one of the doors, and taken in charge. The mother and other people in the house protested very strongly about the child being taken, but the law was not to be blocked, and was able to take its course.

Thus the "Lost and Found" story, in which the police played a most important part, was brought to an end, the girl being handed over to her father.

It was rumored last night that Mrs. Ufford would take proceedings to secure possession of the child, but this could not be verified.

GIRLS VILIFIED.

By Letters Sent Them—A Scoundrel's Act.

During the past week a most contemptible trick was played on a number of well-known young ladies in different parts of the city. In many cases the girls would first receive an unsigned letter, of an obscure character, and containing gross lies concerning the girl. In every case a few days after the first letter the girl's parents would receive one from the same writer, containing certain things which the writer said were true about the girl. This has been going on for a long time in the city, at different times, and by comparing the letters it has been found that in every case the girls attacked have been of the best families, and no reason can be given for such an action unless the writer is insane.

NEWS FROM ATHENS.

High School Teacher Moves to Moosejaw, Sask.

Athens, June 5.—A keenly-contested game of baseball came off on Thursday between Lyndhurst and Athens, the result being twenty-one to twelve, in favor of Athens. The high school Cyclones and model school Hurricanes had a lively match the other day, the model school winning by a score of nineteen to fifteen.

Mr. Burchell took his fourth book class for a stroll through the adjacent woods, Saturday, the object being nature study.

N. L. Massey, B.A., has severed his connection with the high school after ten years of teaching and has accepted a position on the high school staff at Moosejaw, Sask. He began his work there on June 1st. B. Taggart, of Westport, is supplying for him here until the close of the term.

The conservatives held a very interesting meeting in the new town hall, last night, in the interests of Mr. Donovan. T. Berney was chairman and addresses were given by A. Johnston, Barrister Stewart, of Brockville, Dr. Lucas, St. Catharines, and A. E. Donovan. An enjoyable social was held by the W.C.T.U. at the home of Mrs. Nash, last week. Rev. Mr. Clayton, of the Holiness Movement, has been transferred to Seely's Bay and Rev. D. Anderson, of Warburton, is being sent here. Rev. S. J. Hughes, M.A., of the Methodist church, after four years as pastor, goes to Kemptonville, and Rev. F. A. Reid, of Merrickville, takes the work here. Miss Patterson, of the rectory, attended the Anglican Woman's Auxiliary at Picton.

HELP ELECT PENSE

THE FRIEND OF ALL LEGITIMATE ENTERPRISES.

No History of Kingston Can Ever Be Written Without Mr. Pense Being Closely Associated With It.

Watch ballot.

Vote for Pense, the winner.

No one can tell how any elector votes.

The workmen are working hard for Pense.

If you have a rig, help the liberal candidate on Monday.

There will be a sharp lookout for the fellows with the long green.

Liberals, do your full duty, and the cheering will be yours on the night of the 8th.

The Tory machine feels that something drastic has to be done. Watch its workers.

Don't take every statement the Standard may offer you, to-day. It may be counterfeited.

The politicians have been bombarding the tavern keepers in the liveliest way in the Nickle interests.

The ballot used cannot be identified after it goes into the box on Monday. See that it gets into the box.

A WORD OF WARNING.

Electors should pay no attention to any of the Nickle party's roozbacks that may be issued between now and Monday. Take no notice of whisperings. Mr. Nickle's bodyguard is desperate, but is being carefully watched.

Every crooked act to subvert voters will be employed, but we ask the friends of the liberal party to remain true, to refuse to listen to the eleventh hour yarns. Vote for the man you like best, no matter what the influence is.

Whitney has done nothing for labor so far. The statute books are full of labor laws put there by the liberals.

There never was a government which was better picking for the lawyers than the present one at Toronto.

The gerrymander had no excuse whatever save that it would help to cheat the freights. The organ appreciates that fact.

Are asylum supplies purchased by tender as conservatives said they would be? In Kingston they snicker at the suggestion.

The La Rose deal and the two million and a half guarantee to a private railway corporation are the output of that last awful week.

A vote won on the last working day of the campaign by honest argument is as good as a vote won a month ahead. Canvass your neighbor.

An alderman is said to have promised an elector employment on the city corporation if he would vote for Nickle. The liberals have him on the list.

Will Dr. Pense pledge himself that the new school books (when we get them) will be any cheaper than those about whose cheapness he is now boasting?

Legitimate enterprise in our city finds a friend and supporter in Pense. Vote for him on Monday and show him you appreciate devotion to Kingston and Kingstonsians.

The farmer has not been a favorite of the Whitney government. Agriculture has not less of the increase of expenditure than any other department in the province.

Talk about public ownership! The Ross government set the pace in the province when it built the Temiskaming & Northern Ontario railroad, with the intention of having it operated by

Hamilton Times.

The Lie Will Stick.

George Lynch-Stamton, stand up! On your honor as a gentleman, are you proud of your performance at the Matheson meeting in alleging that Mr. Pense had said that he had not voted against the C.N.R. guarantee because Mr. MacKay told him it was all right?

Mr. Stamton, you could not have been ignorant of the fact that Mr. Pense had emphatically denied that story, and that the press generally, the Spectator included, had published and accepted that denial. Have you, Mr. Stamton, less regard for truth than the conservative press? Why did you repeat the falsehood?

A Separation Granted.

Not by process of law, but by the silent working of "Putnam's" are corns, separated from aching toes. Any corn or wart that Putnam's can't cure hasn't been discovered yet. Insist on Putnam's Corn Extractor only.

The Kingston and Pembroke railway brought over an hundred passengers to the city this morning, from Sharbot Lake and intermediate points.
