TWO ADDRESSES GIVEN AT THE CLOSING SESSION OF THE C. C. W. B. M.

Statement is Given Concerning Expenditure of Money—Rev. W. T. Gunn Speaks on "Home Life On The Prairies." The closing session of the Canada Congregational Woman's Board of Missions was held in the First Congregational church, last night. The convention just closed was one of the best ever held by the society, and the workers will now enter upon another year's work with renewed vigor, as a result of the able addresses delivered, and the most encouraging reports presented by the various branches of the society. Mrs. A. B. Wilkes, of Brantford, the vice-president, occupied the chair at last night's session, and after devotional exercises, conducted the scripture reading. Two addresses were delivered, one by the treasurer, Miss Emily Thompson, on "Where Our Money Goes," and the second by Rev. W. T. Gunn, the general secretary, who spoke on "Home Life On The Prairies." The choir was present, and assisted in the musical part of the programme, and Miss Hazel Massie favored with a fine solo. Miss Thompson gave a very interesting review of the successful work being carried on. During the year the sum of \$3,295 had been raised, and of this amount, \$2,610, or eighty per cent., had been devoted towards foreign and home missions. In regard to the work in the North West, this year, the sum of \$300 had been given for the work in Saskatchewan. Some were very anxious that the amount be doubled, and an effort would be made to see what could be done in the way of increasing this grant. It had been frequently remarked that the association paid all its attention to foreign missions, and that nothing was done on behalf of home missions. It was true that the interest taken in the North West was not as great as heretofore, but the work was progressing very favorably. The speaker emphasized the fact that the amount raised for missionary work stood for a great deal of self-sacrifice, and that God's blessing was resting upon the workers. Rev. Mr. Gunn, in his opening remarks, extended to the convention the greetings of the Foreign Missionary Society of the church, and took occasion to explain that the past year had been an unusually good one for the cause of missions. The receipts for the year ran over \$6,000, and the debt of \$5,000, of a year ago had been cut down to \$900. The executive work is now in a position to enter upon new work. The speaker also extended the greetings and sincere thanks of the Home Missionary Society for the able assistance rendered by the Woman's Board of Missions. He announced that a summer school would be held at Whitby, opening on July 2nd, and

THE SPORT REVIEW

Baseball Teams Should Practice Together. Four baseball teams worked out at the cricket field on Friday evening, and all put in fairly good workouts. If the teams would bunch together more, and be a little more friendly in action a far better workout for all teams would be secured. If the four teams would join for the evening and get a good stiff game they would get far more practice than they would by merely knocking out the ball. The way they practice now is all right in some ways, but it does not include base running, very little base throwing, and there is none of the snap and action in it that there is in a good work out. Old ball players, who have followed the game for years, and who take such an interest in the city league teams that they turn out to see them practice, have made the above statement, that the teams should join together for their practice. Two good games of baseball were pulled off in the cricket field this afternoon. At two o'clock the Victorians and C.L.C. met for the first time this season, and at four o'clock the Mc-Macs and R.C.B.A. came to either.

GRAND OPERA HOUSE

Fiske Company Concludes Engagement This Evening. The Fiske Stock company was the attraction at the Grand Opera House, last evening. There was but a fair audience present. The company presented a high-class bill, "Forget Me Not," and it was handled in a creditable manner by a first-class company. To-night the company will make its last appearance in the city and will present one of their best plays, "The Shadows Of Midnight." Mrs. Leslie-Carter In "Du Barry." The coming of Mrs. Leslie-Carter, the foremost dramatic artist of our time, is a matter for general congratulation. Mrs. Carter will be seen as Du Barry in David Belasco's play of like name, at the Grand on Tuesday, June 9th. It was in this great drama that Mrs. Carter achieved her greatest triumph. She is great in this play for the reason that she is temperamentally fitted for this impersonation, and it calls upon her to exert her supreme talents to the utmost. In the whole range of the drama one will seek far and wide for another such role as that of Du Barry, one that at all approaches it for variety and richness. But it must be taken into account that the story that this play tells is one of the most tremendous known to history—the rise of Jeanette Vaubernier, the little milliner of the Rue St. Honoré, to the supreme power, next to Louis XI, in France. It is an enthralling drama, taking first rank among modern plays. "The Lion And The Mouse." After witnessing "The Lion and the Mouse," which Henry B. Harris will offer at the Grand on Wednesday, June 10th, one is willing to believe that it possesses every essential of a perfectly constructed play. In dramatic strength it is unequalled by anything seen on the stage for a generation; its story is fascinatingly interesting and intensely human; the characters are men and women prominent in the social, financial and political world of to-day, and they are made to act just like the types we are familiar with. Charles Klein has written other plays which have brought him very prominently before the public, but he has never created one that has earned the deep gratitude of all those who witness "The Lion and the Mouse."
