Naughty Grit Watchers. Dr. Ross, president of the Conservative Association, had a troublesome Sabbath. Many visited his office, Albert B. Joyce, to live with him, and agreed to pay him a certain sum per year, increasing it as he grew older. He went to live with Halpenny in 1901 and left in 1907. The society claims \$140 to be due the boy and takes action to recover it. The defence is that Mr. Halpenny paid to J. E. Skene, an inspector from the home, \$150 as settlement when the boy left and produces a receipt. Mr. Skene denies this and claims that the receipt was one made out to be given if Mr. Halpenny paid the money and destroyed if he did not.

DOMINION AMMUNITION

Locomotive Is Recovered. Sherbrooke, Que., June 8.—News from Eastmain is to the effect that the Canadian Pacific railway engine which took a headlong run from the Eastmain trestle, last fall, was successfully raised. Since the accident it has lain in the mud beneath the surface. A large crowd of people gathered to witness the raising of the engine. It was drawn from the mud and water, and restored to the rails. Though badly damaged it did not appear to be very badly damaged by its plunge of sixty feet.

Out Of Jail. Montreal, June 8.—F. W. Boschen, the stock broker, who has been in jail for the past few days as the result of failure to secure bail after arrest on a capias, in connection with a \$25,000 action, has been released as the result of an agreement between counsel and the case will likely be heard this week. Boschen, who failed some time ago, was, last week, expelled from the Consolidated Exchange of New York.

Has Reached Montreal. Montreal, June 8.—Rear Admiral Charles E. Kingsmill, formerly in command of H. M. S. Dominion, and who accepted the command of the Canadian naval fleet, was in the city, to-day, having arrived on the Dominion from England. He will proceed to Ottawa at once to confer with the department of marine, with reference to the work of the new office which he has undertaken.

Born With No Legs Or Hands. Halifax, N.S., June 8.—At Blackpoint, Halifax county, a male child was born who had no legs and no hands, the limbs being only stumps. The boy was in excellent health at the last report, and the case is one that will excite curiosity in medical circles. Dr. Norwood, who attended the case, says it is the most marvellous case he has as yet known of.

THE BRIDE'S RETURN

WILD SCENES AT REUNION IN IRELAND.

Robert Flynn of Ballinacragh Separated From His Bride For Two Months For Getting Married Before a Registrar.

Dublin, June 8.—Robert Flynn, of Ballinacragh, county Leitrim, and his bride, who were boycotted because they were married before a registrar against the wishes of the priest, have been reunited after a two months' separation. After the marriage on March 16th, a mob of thirty disaffected men broke into Flynn's house and carried away the bride to her father's home. Since then bride and bridegroom have been kept apart, armed men maintaining a blockade of Flynn's house.

On Thursday the parish priest, Father King, called on Flynn and told him that the ceremony would take place the next day. The long-separated couple accordingly met late on Friday evening and were united according to the rules of the Catholic church. As Flynn's bodyguard there came a mob of men broke into Flynn's house and carried away the bride to her father's home. Since then bride and bridegroom have been kept apart, armed men maintaining a blockade of Flynn's house.

Another escort, also mounted and armed, accompanied the bride, but both escorts were ordered to remain outside the chapel while the ceremony was going on. They leant on their arms, eyeing one another with unfriendly feelings, and, apparently spoiling for a fight. The tension was relieved by the appearance of the married couple. Some of the rustic elders delivered speeches as to the necessity for a cessation of hostilities, as the church and the people of the district had now been satisfied by the penance imposed on Flynn. Cheers were then given, the rival factions shook hands, and the guests adjourned to the bridegroom's house for the wedding feast.

About two o'clock in the morning, when the merry-making was at its height, a score of masked men entered the house and indulged in the wildest display. They kissed the bride, drank deeply, and having practically cleared out the place, and broke up the festivities, lit a huge bonfire outside the house, tearing down the greater part of the thatch of Flynn's house to feed the flames.

Flynn accepts all as the natural state of things, and seems proud of the victory he has gained over the forces arrayed against him.

QUESTION OF RECEIPT

For Money For Settlement of a Case. Ottawa, Ont., June 9.—The June sittings of the county court open before Judge MacFadyen, on Tuesday. A case, which will cause a great deal of interest, is that of Dr. Barnardo's home and Alfred Bowen, superintendent of the corporation for Canada, against Adam J. Halpenny, of the county of Carleton. Mr. Halpenny took a ward of the Barnardo home, Albert B. Joyce, to live with him, and agreed to pay him a certain sum per year, increasing it as he grew older. He went to live with Halpenny in 1901 and left in 1907. The society claims \$140 to be due the boy and takes action to recover it. The defence is that Mr. Halpenny paid to J. E. Skene, an inspector from the home, \$150 as settlement when the boy left and produces a receipt. Mr. Skene denies this and claims that the receipt was one made out to be given if Mr. Halpenny paid the money and destroyed if he did not.

WALLET WITH \$576 LOST.

Owner Jumped For It and Was Almost Drowned.

Bancroft, Ont., June 8.—James Moore, of this village, met with a big loss while up fishing at Lake St. Peter, a few days ago. Mr. Moore had received a small sum of money from a party that morning, and while out alone in a boat it occurred to him to place this money in a wallet which he carried in his coat pocket and which contained \$576. He placed the wallet on the seat of the boat, and a moment later a gust of wind blew it overboard. "Jim" cannot swim a stroke, but this fact did not deter him from jumping overboard after the wallet. His ordinary work is likely have been written up by this time had not a son of M. McLaren noticed his predicament and come to his rescue. All efforts to locate the wallet have so far failed, and Mr. Moore is feeling rather blue, and rightly so, over his loss.

FLOODS OF BRIBERY.

The reports that come to hand this afternoon, indicate that the greatest amount of bribery and corruption ever known in Kingston is in progress by the Conservative party. They are exposing great piles of cash and are seeking in every conceivable manner to corrupt the electorate. Mr. Pease's victory, should it occur, will be the greatest triumph ever secured in a provincial election, over the vilest of corrupt influences.

Tried To Bribe Him. About 10:45 o'clock on Sunday evening an uptown liberal workman was waited upon by one of the tory helms at his house, and tendered an envelope which the visitor said contained five dollars, and said it was for him to vote and work for Niekle to-day. The workman spurned the offer, and ordered the stranger out of the house. The latter had many other little episodes to leave at houses. The tory bribery was certainly smooth.

The Temeraire was second, and the Thistle, third.

Wants Daughter Back. Mrs. Ufford is endeavoring to get possession of her twelve-year-old daughter, taken from her by the police on Friday night. She was at the police station, to-day, and protested very strongly about the action which was taken. The case will no doubt be decided by the magistrate.
