THE COUNTY COURT SELBY & YOULDEN WON THE DAVIS CASE.

No Contract With Them Was Proven—Mr. Davis, of New Jersey, Was the Plaintiff.

The regular sittings of the county court and general sessions of the peace opened at two o'clock Tuesday before Judge Madden. The following were sworn in on the grand jury: Samuel A. Krohn (chairman), Edwin A. Ada, Waddington Chapman, Thomas H. Cooke, John Corkill, Arthur Day, John Hewton, W. A. Jamieson, Peter McAllum, J. G. Maxwell, Walter Smith, Wellington Young. After the judge charged the jury they retired and shortly after brought in a true bill against James Hughes for robbery. The prisoner comes from Kennebec, where he broke into a number of houses, stealing provisions, money and other things. He was tried before a justice of the peace three and committed for trial, the grand jury then left on their inspection of different institutions of the city, excepting the penitentiary.

The first jury was then called and comprised the following: Michael F. Nolan, city; J. A. Hedden, city; Edmund Pixley, Portland; M. F. Elliott, city; Frank Keeler, Loughboro; George Kemp, Loughboro; William Bruce, city; James Hamilton, Pittsburg; Roland Coulter, Olden; W. J. Kemp, Wolfe Island; George Coxe, city; Malcolm Corkey, city.

The first case called was Davis vs. Selby & Youlden, for an account. John Melnyre, K.C., and D. M. McIntyre, appeared for the plaintiff, and A. B. Cunningham for the defendant. The firm of Selby & Youlden, for work done to the schooner yacht Wave Crest, owned by Mr. Davis. Mr. Davis made arrangements with Selby & Youlden in September, 1906, to haul his boat out of the water, cover her, and have her towed to the winter. The boat was to be drawn out within two weeks of the date the arrangements were made. The boat was not pulled out and in the spring she sank at Collins' Bay, where she was lying, and from where Selby & Youlden were to bring her to the city.

Selby & Youlden tendered their account and Mr. Davis entered a counter claim for damages for \$1,210 for non-fulfillment of agreement. Mr. Davis was put on the stand and told when he purchased the yacht and of his agreement with the plaintiff, and of its not being carried out.

Matthew B. Davis, local inspector of hulls, was the next witness called. Witness stated to Mr. McIntyre that he was present when the arrangements were made with Mr. Youlden. He also told of the yacht's arrival here from Collins' Bay, after lying at Moors' elevator for two weeks and that Mr. Youlden made no effort to haul her out, although witness saw him numerous times about pulling her out. Witness said that Mr. Youlden told him that he was getting the ways ready and on another occasion that the job was a little larger than he thought it was. Quite a little discussion arose over the production of some letters between the witness and Mr. Davis, and they were not allowed. Mr. Davis was cross-examined by Mr. Cunningham.

After that witness George Simmons, captain of the yacht, was examined. He told of the condition of the boat, how she sailed, how she was fitted up, how she came to sink and other matters. After Simmons' testimony W. B. Davis was recalled and told a few minor points concerning the craft. This ended the evidence and both counsel made brief addresses to the jury. The jury retired and after being out fifteen minutes brought in a verdict of no contract, so there could be no claim for damages. The judge awarded Selby & Youlden their account in full and costs of the court. Court here adjourned until nine o'clock Thursday morning.

Hughes Was Convicted.
The first case this morning was that of James Hughes, charged with robbing the residence of Henry Kempel, Kennebec, in November, 1903. Shortly after the crime was committed a man named Hogan was arrested and sentenced to thirty days by Judge Price, but Hughes skipped and was only arrested a short time ago. Hogan and his wife both gave evidence, and the prisoner himself gave evidence, telling that he helped in the job. The prisoner was not represented by counsel and J. L. Whiting looked after the interests of the crown. After hearing the evidence the jury were only out a short time, bringing in a verdict of guilty and the judge sentenced Hughes to thirty days in jail.

Court was resumed at two o'clock this afternoon when James Foy came up for trial for stealing \$8 from a man named Massey, of Ompah. This theft was committed here on Victoria day.

J. Snider, Clergy street west, and Charles McClellan, Barrie street, have returned home after spending a few days with friends in Montreal.

OUR NATIONAL DANGER.

Time to Cry a Halt Before Complete Wreck Results. There are thousands, both men and women, who do not take time to eat properly. They rush through life and as a result we have an age of indigestion, nervousness, irritability, sleepless nights and morose disposition. Our national danger is stomach weakness, due to the strenuous life. Mi-na tablets strengthen the walls of the stomach and stimulate secretion of the digestive juices. They make the stomach comfortable and cure indigestion.

Sick headaches, palpitation, yellow skin and coated tongue are a few of the many distressing results of indigestion that Mi-na never fails to cure. G. W. Mahood sell Mi-na in 50c. bottles and guarantee to refund the money if it does not give complete satisfaction.

CITY AND VICINITY.

Kingston And Ottawa. "Rideau King" for Ottawa, every Monday and Thursday, at 6 a.m. James Swift & Co., agents.

The Big Majority.
Of the men in Kingston wear Campbell Bros. hosiery. Straw hats, 25c. up; lightweight felt hats, 50c. up.

Corn Superstition.
Many think that they can't get rid of their corns, perhaps because they have used remedies that failed. Deck's Corn Salve will not fail. In big boxes, 15c., at Wade's Drug Store.

Some Truancy Cases.
A few cases of truancy have been reported to the police and police court cases will follow unless the offenders are brought to time. A number of parents have been served with notices that they must send the children to school.

Attending High Court.
The high court of the Canadian Order of Foresters is in session at Niagara. Messrs. Samuel McCullagh and J. Berry are the delegates from Court Stanley, of Kingston. They left yesterday to attend.

Recovering From Injuries.
Harold W. Hensley, who met with an accident at the locomotive works last week, has almost completely recovered from the injuries he received. He was not as badly injured as he was at first believed. His escape from receiving serious injuries was miraculous.

The Suffering In "Shacktown."
Bad enough, but something quite as bothersome is the suffering of a tender corn that can be cured quickly by Putnam's Corn Extractor. Nothing so quick, painless or sure as "Putnam's." Refuse substitutes.

Band Concert Arranged.
Band concerts in Macdonald Park will begin on Thursday evening, June 25th. On that date, the 14th Regimental band will give one of their usual splendid programmes. Each Thursday evening, thereafter, weather permitting, the 14th band will render a concert.

Fermenting Food.
When the stomach is weak a portion of the food does not digest. It ferments, sours and creates flatulence. Palpitation of the heart or headache is apt to result. Day's Dyspepsia Cure gives prompt relief and restores proper digestion. This preparation has the digestive, tonic and laxative properties. Each bottle contains sixteen days' treatment. For sale only at Wade's Drug Store.

A Fine Turnout.
The 14th Regiment had another large turnout on Tuesday evening. The men paraded to the cricket field, where they were put through their drill. The regiment is showing up better this year than before, in all respects. Both bands were in attendance and furnished excellent music along the line of march. The streets were crowded with people, and a large number turned out at the cricket field.

Injured While Saving Steamer.
A young man employed by the Donnelly Wrecking company, of Kingston, while working about the stranded steamer City of Montreal, below Morrisburg, received a painful injury. The company was sinking what is known as a "dead" man to hold the steamer from drifting as she was lightened of her cargo, and a tree was being cut to make the line fast, when the young man, with a misdirected blow, struck his foot, severing the little toe entirely and cutting the next one nearly off.

Cannot Go To England.
Rev. J. W. Jones, of Toronto, will not attend the Pan-Atlantic conference as anticipated. He is too busy to get away at present. It was Mr. Jones who collected the \$5,000 offering of Ontario diocese Anglicans to the Pan-Atlantic fund, and which Bishop Mills took with him to England. In recognition of Mr. Jones' work, the bishop appointed him a delegate, but the former will be unable to go across the ocean to visit his native land this year.

Death Of Former Citizen.
Francis Ricard, whose death occurred in New York on June 2nd, was born in France, and came to America in 1857. In 1867 he removed to Kingston with his family, and lived here until in 1904 he went to New York to reside. He was twice married, and leaves four children, grown: William E. Ricard, of the New York Herald; Mrs. Frank Ball, of Oswego, N.Y.; and Misses Annie and Clara, at home. His illness extended over six weeks, and death came peacefully. Many beautiful floral tributes were sent by friends of the family, among them two large standards of white roses, and carnations, from public schools 71 and 72, in which Miss Clara Ricard has been teaching. Interment was made in the beautiful Flushing cemetery.

THE SPORT REVIEW

VICTORIAS TO PLAY OTTAWA COLLEGE

In Ottawa on Wednesday Next—What is the Polo Club Doing?—Steamer Kingston Baseball Team.

The Victoria baseball team will go to Ottawa, on Wednesday next, to play Ottawa College team. The college has one of the best amateur teams in Ottawa, but the Vics hope to give them a close battle. As there is an excursion down, quite a number will accompany the team. The Victorias have also arranged a game for Nanaimo on July 1st, with the team they defeated here on Victoria day, and whom they hope to be able to defeat again.

W. H. Carson's Mare Won Again.
W. H. Carson's speedy mare, May Wax, continues to win in the east. She trotted at the St. Hyacinthe, Que. races, yesterday, and was first in the first, fourth and fifth heats, winning first money. Her best time was 2:30. Mr. Carson has as fine a trotter as Ontario has produced in many years, and his friends are all congratulating him over its success. So far this season, May Wax has won first place in the races at Kingston, Gananoque and St. Hyacinthe.

Fear Kingston Lacrosse Team.
The lacrosse team is working out faithfully every evening, and getting into fine shape. The locals must have a good reputation, as it seems rather hard for them to secure a game with any of the outside teams, either east or west. Gananoque will likely be visited, if a game can be arranged at an early date.

What About Polo?
Many enquiries are being made about polo this year, but no move seems to be made to start a team here this season. The game was very popular here while it lasted, and it is too bad to see it drop away so soon.

Steamer Kingston Baseball Team.
The crew of the steamer Kingston has organized a baseball team, with the following officers: Honorary president, Capt. H. Eford; honorary vice-president, J. Johnston; president, E. D. Masterson; first vice-president, J. Conlin; second vice-president, G. Childs; secretary-treasurer, J. E. Kane; captain, George Blanchard; manager, F. J. Weber; official scorer, R. Dion. The steamer Kingston team has challenged a team from the steamer of Toronto to a game of ball, to be played in Toronto, next Monday morning. As there is great rivalry between the two crews, the game promises to be very interesting.

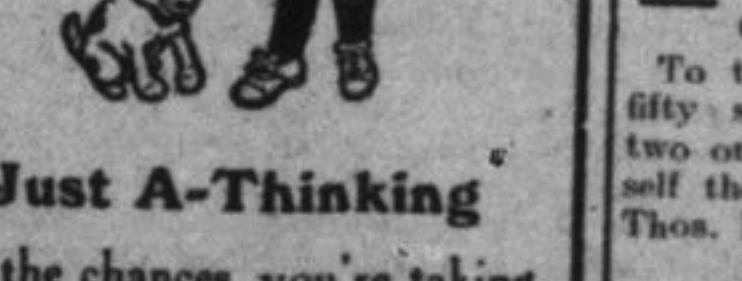

Searching For A Brother.
On Tuesday afternoon, a young man, recently from Poland, arrived in the city in search of his brother. He had letters telling him that his relative was in Kingston and he came over here in search of him. Last night he looked for him, but could not find him. Finally he succeeded in learning he was in the wrong place, that it was at Kingston, N.Y., his brother lived. He left, this afternoon, for the above place, where he hopes to find him.

New Church For Enterprise.
The Anglicans of Enterprise, whose priest is Rev. J. W. Jones, a most energetic clergyman, have decided to build a new church, to cost \$3,000. The building will be commenced early next fall, and will likely be of concrete.

A Sacred Recital.
Will be held in St. George's cathedral, Thursday, June 11th, at eight o'clock, by the Vocal Students' club. The public are invited. Silver collection.

Prevent, Brock street, has a splendid assortment of gentlemen's furnishings and ready-made clothing at low prices. The order department is well assorted with new goods. First class value and fit guaranteed.

Is Your Stomach Sour?
Just notice if you belch gas and have sour risings. Ten drops of Nerviline in sweetened water will instantly give relief. Nerviline sweetens the stomach, aids digestion, dispels gas, makes you fit and fine in a few minutes. No treatment for stomach and bowel troubles to compare with Polson's Nerviline. Thousands have proved it.

IN MARINE CIRCLES.

What is Transpiring Along the Harbor Front.

The schooner Anacia is unloading coal at Brock street wharf. The schooner Jamieson arrived from Oswego, with coal for Anglin's. The steamer yacht Corona, Alexandria Bay, is on the dry dock for repairs.

The steamer Prince Rupert discharged 75,000 bushels of wheat at Richardson's and cleared for Port William. Swift's Steamer Toronto, down and up, to-day; steamer Aletha, from bay ports; steamer A. E. Ames, of the Canadian freight line, down from Port William to Montreal, with grain. The steamer Dardanus was at Swift's wharf, to-day, on her down trip from Hamilton to Montreal. Captain Cooney, who had his head seriously injured on the last trip up, has recovered from his injuries.

AT THE POLICE COURT.
One Drunk was the Only Offender To-Day.
The police court presented a rather deserted appearance, this morning, when Magistrate Farrell took his place on the bench. There was but one offender, a drunk, a seaman on one of the coal boats lying between Oswego and Kingston.

Yesterday noon, a call was received by the police, and when Sgt. Nesbit and Constable Navton went to the foot of Brock street, they found the sailor lying in an almost helpless state. He could not walk, and was taken to the lock-up in a day. "I've got money to pay a fine," said the accused. "If you let me go I will be able to ship again." "I will impose a fine of \$1 and costs, or three days," said the court. He paid his fine, and made for his boat without delay.

AT THE COUNTY JAIL.
There Are at Present Eighteen Prisoners in Custody.
There are at present in the county jail, eighteen prisoners, sixteen males, and two females. This is a very small number in comparison with years ago, when the records showed fifty and sixty on the roll all the time. This would go to show that crime is certainly on the decrease in Kingston.

The great falling off, as years ago it was, is a common thing to have a great deal of cases for every morning during the week. But at present, for several days at a time, there is no session, and complaints few and far between. During the summer a great deal of the time of the prisoners is taken up in the looking after of the court house lawn and grounds, which are at present in fine condition.

C.P.R.'S. NEW WINNIPEG FLYER
Toronto to Winnipeg in Thirty-Six Hours.
Commencing Sunday, June 14th, the new train for the west will leave Toronto at 9:30 p.m., and daily, thereafter, will make the run to Winnipeg in thirty-six hours, saving nearly eight hours on the present time between Toronto and the west. It will be the first train to leave the Canadian Pacific's new line to Sulbury, through the heart of Muskoka and Georgian Bay, which is appropriately named "The Muskoka Route." Palace and Tourist sleeping cars will be carried, in addition to a handsome diner and first and second class coaches, everything of usual high C.P.R. standard.

The Late Mrs. Hilliard Earle.
At the home of her father, Frank Bolin, near Lyn, the death occurred on Monday night of Mrs. Hilliard Earle, Fairfield East, after an illness extending over four months. The deceased, twenty-seven years of age, was married six years ago to Mr. Hilliard, who is a prosperous and respected young farmer of the Fairfield district. Besides her husband she leaves one son, Leland; two sisters, Mrs. W. F. Ferguson, of Bremen, Ont., and Mrs. Ward H. Smith, Swift Current, Sask.; and four brothers, John, Joseph, Frank and Blake, at home.

Whitney's Remark.
The Toronto Telegram has the running comments of Premier Whitney as the returns came to hand. Speaking of the Kingston result he said: "I was as sure as a young man as there was in the house, I do not believe that he would intentionally do a mean thing. But Nickle is a bright fellow. We need more like him in circulation."

A Dog Cut In Two.
A well-bred collie dog was cut in two by a street car at Jenkins' switch, Princess street, late Tuesday night. This makes three or four dogs that have been killed by the cars in a few days, of them being well-bred dogs and highly valued by their owners.

Comparison Is Odious.
To the other fellows when one fifty sailor is placed alongside of any two or two fifty line. See for yourself the genuineness of this assertion. Thos. Mills & Co.

Keep A Cool Head.
Lightweight hats at Campbell Bros'.

Many of the cottages down the river are being let for the summer and the families are moving in. From present appearances the river traffic will be better this year than it was last, as many people who missed a year at the islands, are returning this summer. The company in present "The Lion and the Mouse," at the Grand, this evening, arrived in the city at noon, to-day, from the east. Enjoy a good supper in the open on the Palace grounds, to-morrow evening. "A" battery band in attendance.
