ONCE MORE WELL
"FRUIT-A-TIVES" ALONE CURED HIM

Clarence J. Placey is a farmer of Ulverton, Que., known as a man of integrity and good judgment. He writes in no uncertain terms of the great benefit he derived from taking "Fruit-a-tives" for a long standing kidney trouble.

I suffered for many years with kidney trouble, with bad pain in the back and all symptoms of disease of the kidneys. I took every known kidney remedy and kidney pill but nothing gave me relief until I was getting discouraged. I was advised to try "Fruit-a-tives" and I did so—and this medicine cured me when every other remedy failed. I used altogether fifteen boxes of "Fruit-a-tives" and from the outset they give me relief and I am now practically well again, no pain in the back, no distress, and all the symptoms of severe kidney disease have entirely left me. I am very thankful to be once more well and I freely make this statement for the sake of others who may suffer as I suffered and to them I say "Try 'Fruit-a-tives.'" 151 (Sgd) CLARENCE J. PLACEY.

"Fruit-a-tives"—or "Fruit Liver Tablets" are sold by dealers at 50c a box—6 for \$2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

CITY COUNCIL SESSION

OFFER OF \$175 FOR ROAD REPAIRS

Refused From the Light Plant Committee—Civic Holiday on Aug. 10th—A Painting Tender Awarded.

The city council met last evening. Present were: Mayor Ross, Aldermen Angrove, Chown, Craig, Free, Graham, Henderson, McCartney, Nickle, Rigby, Toye and Hoag.

These communications were referred to committees:

—Mother Superior acknowledging with thanks the receipt of one thousand dollars from the city council to the Hotel Dieu hospital.

—James Johnston asking to be relieved from paying business tax.

—J. Massie, V.S., to account for professional services in consultation with official veterinarian of city.

—Thomas W. Milo asking to have a tree removed from the front of his property on Bagot street.

—Kingston Milling company re entering the city with power from Kingston Mills and asking that a franchise longer than ten years be granted.

—Petition re concrete walk on east side of, Mainland street from King street easterly.

—James Johnston asking permission to erect porticoes in front of houses on Clergy street.

—E. C. Folger, manager Light, Heat and Power company, asking for increase of salary.

—Dr. J. C. Connell and others regarding grievance caused by Donnelly Working company at waterworks wharf at foot of West street.

—C. W. Clement and others opposing street watering on Earl street, from Alfred to Albert street.

—Petitions for concrete walks on Chatham, First and Second streets were read.

—A communication was received from the Kingston Old Boys' association asking that the civic holiday in Kingston be fixed for August 10th, so as to meet the wishes of both the Old Boys' associations of Toronto and Ottawa which could not run excursions till August 8th. On motion of Ald. Rigby the civic holiday was fixed as requested.

—The reports of finance committee, board of works, water works, fire and light committee and light, heat and power committee, as already reported, were adopted.

—Objection was raised by Ald. McCartney, Henderson and Graham to the sum of \$175 tendered by the light, heat and power committee for damage done on certain streets in the laying of gas mains. The figure was agreed upon by the city engineer and J. M. Campbell. They did not think the amount nearly sufficient.

—Ald. Chown explained that the streets which the \$175 covered, were to be reconstructed and the above amount did not cover patching of the streets. The blocks in question had now to be torn up anyway. All the other streets damaged by the light department were to be repaired. The blocks in question were: Bagot, from Brock to West Barrie, from Brock to Princess; Brock, from fire station to Division; Union, from Barrie to Alfred; Division, from Brock to Alice; Montreal, from Queen to Bay.

—The tender of \$175 was refused.

—Ald. Chown said that it would seem in order for the council to engage a new city engineer if that was all the confidence it had in him in not accepting his figure for street repairs.

—A number of by-laws for construction of sewers and walks were given a first reading.

—The motion of Ald. Angrove the tender of W. J. Savage for painting and placing of the doors and windows of the city buildings, was accepted, it being the lowest. The amount was \$221.

—Council adjourned at 8:50 o'clock.

A LADIES' SLATE-SLATER.

They Make Just As Fine Styles As For the Men.

We have all heard of the witty politician who found it hard to surmount his early reputation for clever quips, and take his place as a serious statesman. So rapidly was gained the fame of the Slater Shoe for men that many people forgot that it was in the making of ladies' shoes that the Slater's made their first mark. They have written a book about the Slater Shoe for ladies, and it's a book that every lady would like to read. It's easy to get at any Slater Shoe store. The ladies' slate-slater has all the desirable and many advantages of the best made shoes of America. It's four-dollar worth of shoe beauty. And there are \$5 shoes, too. For sale by F. G. Lockett, Kingston.

SOLDIERS AS DOMESTICS.

Novel Experiment By Naval Officer's Wife

London, June 10.—The wife of a naval officer residing in a remote Surrey village has satisfactorily solved the domestic servant problem by dismissing her household of maids and engaging soldiers in their places. She now has a "parforman," a "houseman," a cook and a "kitchenman," each and every one a "treasure."

The entire work of the household—sweeping, scrubbing, dusting, washing-up, cooking, waiting, etc., is done by these men.

A neat-handed "parforman," in a trim blue uniform, attends to the door, waits at table, and dusts the drawing-room. The "houseman," also supplied with a blue uniform, undertakes all the work done by his predecessor, the housemaid. Far from being clumsy and awkward the "parforman" and the "houseman" do their work quietly, expeditiously, cleanly and methodically. They waste no time, meals being served to the minute. Breakages have become practically an unknown quantity, for the "houseman" has no troublesome skirts to sweep havoc in the household.

After a six-months' trial her mistress is so delighted with the result of her novel experiment that she never wants to have another woman servant in the house. The average wage paid these men servants is £28 a year.

GRAND OPERA HOUSE.
A Fine Production By Mrs. Leslie Carter.

Only a fair-sized audience was present at the Grand Opera House, on Tuesday evening, to witness one of the best plays of the season, when Mrs. Leslie Carter presented "Du Barry," by David Belasco. This was Mrs. Carter's first appearance in Kingston, and those who witnessed her performance will always remember her as one of the best actresses they ever saw.

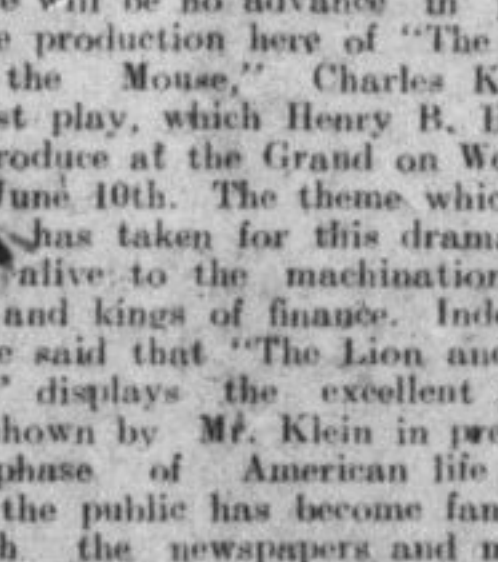

The play, which was written especially for Mrs. Carter, is laid in the reign of Louis XV. of France, and follows years, portraying a strong story of life at the court in all its splendor. As "Jeannette Vaubien," afterwards "La Du Barry," Mrs. Carter has a part that only an actress of her temperament and ability could portray to satisfy an audience. The star is one of the greatest emotional actresses ever seen on a local stage, her work keeping her audience with her from curtain to curtain. Mrs. Carter was ably supported by an all-star cast, every one being perfectly suited to his or her part. Richard Thornton, as "King Louis," was strong and Wadsworth Haggis was all that could be desired as "Comte Jean Du Barry," brother-in-law of "Du Barry," handling his difficult part well. Frederick Bart, was good as "Comte Bretonne," one of the king's guards, known as "Comte" in "Du Barry." He had a difficult role to portray, and was never found wanting. "Dennis," porter of the millinery shop, and "Sophie," "Du Barry's" maid, were well handled by R. C. Carlton and Miss Phyllis La Ford. The minor parts were all well taken, and the play was superbly staged.

In brief, the play deals with the life of a maid, "Jeannette Vaubien," a handsome little French girl, who goes from a trimmer of hats to sway the kingdom of France. She loves a young gentleman named "Comte," but is persuaded by others to take a different course, going to different places and then to court as the king's favorite. While here the revolution starts in part, and the leader turns out to be her lover. He is seen going into her room, but she successfully hides him in the and is forced to surrender him to the king. He is imprisoned, but released by the people who take him to prison.

In the last act "Du Barry," who has fallen a prey to the people, is seen in the old wooden cart, her hands tied behind her back, being dragged to the guillotine.

"The Lion and The Mouse."

There will be no advance in prices for the production here of "The Lion and the Mouse," Charles Klein's greatest play, which Henry B. Harris will produce at the Grand on Wednesday, June 10th. The same which Mr. Klein has taken for this drama is keenly alive to the machination of trusts and kings of finance. Indeed it may be said that "The Lion and the Mouse" displays the excellent judgment shown by Mr. Klein in presenting a phase of American life with which the public has become familiar through the newspapers and magazines of the country. He depicts the king of finance as he is, robbed of all melodramatic attributes. In opposition to him he places an equally true figure of American manhood. It is their struggle with the final victory for the girl which constitutes the basis upon which this powerful drama of emotion is built. The extraordinary success of the play is well-known. Its presentation here cannot but excite the wildest interest. Seats now on sale.

Remember: One fare for the round trip—for the message and the answer.

This point in long-distance telephoning is worth thinking over!

A Chain and Its Links.

A chain is no stronger than its weakest link.

In telephoning there are three links in the chain that constitutes "good-service": 1. The person calling. 2. The operator. 3. The person called.

No matter how much any one or any two of these links do to develop good service, the result is determined by the measure of co-operation of the third.

If the person calling fails to consult the directory and gives a wrong number, the operator inevitably repeats the error. If the person called fails to answer promptly, and the caller leaves the telephone, naturally "there is no one on the line."

Being human, the operator—the third link—is liable to err occasionally, but careful analysis demonstrates that she is not fairly chargeable with many of the difficulties frequently ascribed to her.

If Link No. 1 gives the right number and calls distinctly, and Link No. 3 answers promptly, the Telephone Company will be responsible for its part of the chain. If no higher motive actuated it, the motive of economy, or self-interest, would suffice.

From any Pay Station you can speak to anyone in Ontario, Quebec or the United States within a radius of a thousand miles.

If the party you wish to reach has no telephone, you can arrange to have him called to a Pay Station to talk to you.

Help the Bowels Gently—Do as Nature Does

When pain follows physic you are doing the bowels an injury. You are wrecking the stomach, too.

You are causing the bowel lining to harden, just as the skin gets callous under irritation.

Then the bowels cease to supply their own laxative, and you have constipation.

Harsh physic also inflames the stomach, and the result is dyspepsia.

Constipation and dyspepsia are generally due to salts, castor oil or cathartics.

You can get the same help without the slightest danger of injury.

Cascarets are just as effective. Yet

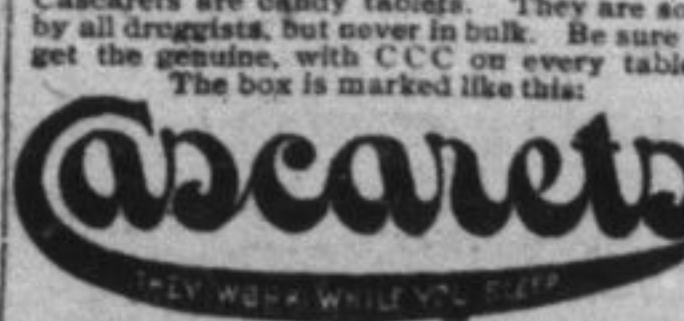

they are gentle, acting in Nature's way.

No pain, no gripping, no irritation. Take one daytime or night-time whenever you need it. Correct the trouble at the start.

You won't need them long.

For Cascarets are curative. Their action is to set the bowels right.

Cascarets are candy tablets. They are sold by all druggists, but cover in bulk. Be sure to get the genuine, with C.C.C. on every tablet. The box is marked like this.

Cascarets

The vast-pocket box is 10 cents. The month-treatment box 50 cents. 12,000,000 boxes sold annually.
