

Push a Cork in if you can't pull it out

We can't escape the 35 per cent. duty the States impose on Canadian ammunition.

But we drive the cork in with quality.

Witness the 20,000 rounds of Dominion ammunition sold across the border in a single year, and not one complaint worthy of consideration.

For all makes of arms. Costs one-third to one-half less than duty-paying ammunition. Our guarantee is on the Dominion Cartridge Co., Ltd., Montreal.

A LONDON MAN STOLE AND WILL BE SENT TO THE DETROIT JAIL.

Irving J. Forbes Sues G. T. R. Company For \$100,000 Damages For the Loss of His Two Arms—How Accident Occurred.

Detroit, Mich., June 12.—Frederick Pezz, twenty-four years old, who was arrested in London, Ont., for the Detroit authorities on the charge of stealing \$12 from Edward Barnett, who was brought to Canada last night, he held at the Central police station. Barnett says Pezz came to him and begged for something to eat and that he not only gave the stranger food, but a job as well. Pezz repaid him by emptying the cash drawer and disappearing with the money.

One of the biggest claims for personal damage ever filed in the circuit court is that of Irving J. Forbes, formerly of Pontiac, for one hundred thousand dollars for the loss of both arms from the Grand Trunk railway.

Forbes alleges that when only fifteen years, he was invited by the conductor of a Grand Trunk train to act as brakeman from Pontiac to Jackson. At Pinkney, the young man set the brakes of the caboose which had been shunted down the siding. The ratchet holding the brake slipped, starting the car and throwing Forbes on the track, the wheels cutting off one arm at the wrist and the other at the elbow.

The senior class of the Chatham school spent their annual outing day by going to the city on the steamship City of Chatham. They immediately went to the museum of art, where Director Griffith gave them a stereoscopic lecture on the "World Masters of Art." After which they viewed the museum collection. The rest of the day was spent in sight-seeing.

In the first cricket match of the local season, Detroit beat Chatham yesterday afternoon, on by a score of ninety-five to fifty-eight.

CZAR HAD CLOSE CALL.

Was to Have Been Blown Up, Says Paper.

London, June 12.—It was not to be expected that the journey of the czar to Revel to meet King Edward would be without the story of a plot, and this is now fully provided by the Daily Express, according to which his majesty only escaped assassination by the plot of the woman appointed to be the czar's attendant on the occasion of the czar's arrival at the school children and teachers, called upon the czar's mistress to prove her loyalty. To the cause by assassinating the czar with a bomb. Rather than throw herself in front of a train two days before the czar's arrival. She was buried at Revel yesterday in the presence of hundreds of school children, with whom she was very popular, and a few teachers and townsmen who were aware of her story.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not remedy that will weaken the muscular fibres of chronic gripes, nor turn your back to their pain. This is impossible. You can now easily kill the pain and pain of the Rheumatism.

In Germany—a Chemist in the City of Brunswick—found the best ingredients with which Dr. Shoop's Rheumatic Remedy was made a perfect, dependable prescription. Without the least element of opium or any other narcotic, many cases of Rheumatism, but now, as last, I can firmly assert all cases of this horrid disease which caused the death of my son. These same Rheumatic Remedy was found in Rheumatic Remedy to be the best. I can say every word under the sun of this remedy. Truly as does sugar when added to pure water, and then, when dissolved, those Rheumatism truly pass from the system, and the cure of Rheumatism is gone forever. There is no need for any other remedy to offer longer while I help. We sell, and in confidence recommend.

THE CANADIAN HEIRS

AFTER SLICE OF THE CITY OF PHILADELPHIA.

Hundred Descendants of Man Who Once Owned Site Hold Organization Meeting at Woodstock.

Woodstock, Ont., June 12.—Nearly one hundred men, women and children gathered in Woodstock, yesterday, from various parts of Canada. They were here to decide on some concerted action in regard to taking legal steps with the object of slicing up the city of Philadelphia among them. Their claim to be heirs of the Col. Becker, who died many years ago in Pennsylvania. The colonel, who served in the revolutionary war, is said to have owned hundreds of acres of land given under a ninety-nine-year lease, and on this land the city of Philadelphia now stands. The colonel appears to have had no direct heirs, and now that the lease has expired, an effort is being made to get all of the lineal descendants together to establish their rights. William Wilson, local coroner, succeeded in rounding up nearly a hundred and got them together in Woodstock yesterday. He produced a legal-looking document which he said was the deed of the land, and when an American lawyer who had come over, asked to see it, the conveyancer put it in his pocket, and declined to show it only to a committee, which the meeting might appoint. An old family Bible, which he said belonged to the Becker family, was also produced in evidence of the bona fides of the claim set up through his investigations. The proceedings were conducted with the utmost secrecy, and when the American lawyer started to take notes of some of the things Wilson was saying, he was asked to leave himself, as no newspaper men, it was explained, were allowed in. A goodly proportion of the assembly were doubtfully about the feasibility of evicting the city of Philadelphia from its present town site, and there was not a very encouraging response to the call for people to prosecute the claims. However, another meeting will be held at which it may be decided to which some of the heirs expect to establish their rights is estimated at eighty million dollars.

Value Of Tears.

London Daily Mail.

Dr. Ross, the well-known French medical authority, speaks eloquently of the usefulness of tears in the current issue of La Revue.

Tears, he writes, are most useful in cases of great depression or deep sorrow. Crying creates a kind of cerebral torpor, a mental indifference which acts as an anæsthetic. One drowns sorrow in tears better even than in alcohol.

"We should never restrain our tears. They form, especially with children, a safety valve, which does nothing less than preserve the balance of the brain."

A Revised Version.

New England Magazine.

At Emerson's dinner table one day there was mention of a woman well known as a lion hunter, and in speaking of her Mrs. Emerson used the word "snob." Mr. Emerson objected; the word was too harsh; he didn't like that ugly class of words beginning with "sn." His wife inquired how he would characterize the lady.

"I should say,"—very slowly—"she is a person having great sympathy with success."

Doings At Selby.

Selby, June 12.—Mr. Hooper occupied the pulpit on Sunday night in the absence of Rev. Mr. Thompson, who is attending conference at Lindsay. Misses Limbert and Duke were recent callers. Mrs. Thompson is visiting friends at Picton. The pathmaster is putting in a new cement walk in front of Paul and Dean's. Mrs. J. Gona is spending a few weeks at her son's at Murray. J. Wood has been laid up with a very sore eye. Dr. Paul, of Chicago, spent a few days at his father's. Visitors: Mrs. Winter and daughter, at J. McGuinness'; J. Gona at home; Mrs. Dale at W. Sea Smith's; Mrs. Ballance at W. Sea Smith's; Mrs. Dennis at Mrs. Schee's; Mrs. L. Innes and wife at D. Seasmith's.

To The Odor Born.

A Chicago man who was a member of the committee on reception, on the occasion of the visit of Prince Albert of Belgium a year or two ago, tells of his highness' inspection of the stock yards.

The prince received every possible attention and was much interested in the magnitude of the industry and the various phases of disposing of the thousands of cattle and hogs slaughtered every day.

Just before he left he turned to the intelligent young man who had been told to act as his guide and asked: "Do you never suffer any inconvenience from the odor here?"

"What odor, your highness?" was the naive response of the young man.

Election Reporters.

Some years ago it was rumored that the Duke of Leeds was to be gubernatorial candidate of Canada, but the report was quickly discredited. In 1887 the Duke of Leeds contested Brixton as the Marquis of Carmarthen, when his youthful appearance led to much heckling. At one meeting he held the week before the poll the candidate was interrupted by a member of the audience who shouted, "Does your mother know you're out?"

"Indeed she does," came the candidate's prompt reply, "and next week she'll know I'm in for Brixton." He was elected in the following week by a majority of nearly 1,000.

Will Fight Bills.

New York, June 12.—Determined to fight the new Agnew-Hart anti-gambling law to the last ditch, the Jersey Club, to-day, will seek to have a book-maker arrested and then taken before a magistrate. It will then go to court to have the law nullified until the law preventing action under the law until its constitutionality can be determined. "We calculate," said a prominent racing man, "that this will nullify the law until the close of the present racing. We'll fight to the highest court. Under the present law the man who receives a bet is liable to imprisonment, but the man who lays a bet is not incriminated."

Dismissed With Costs.

Sandwich, Ont., June 12.—An action by Thomas Kelly, Windsor, to set aside an agreement by which he has been paying \$30 a month for the support of his family or the last nine years came before Justice Anglin, at the non-jury assizes. Kelly asked to be relieved of the burden on the ground that the children are now all of age and able to provide for themselves; but his action was dismissed with costs.

The County Council.

The Frontenac county council opens its June session next Tuesday afternoon. It has been rumored that the county clerk will resign on account of being a candidate for the commons. A new court house caretaker is to be appointed, William Toner, of Barrield, who has been acting since Mr. Grant resigned, is likely to be given the position.

Contract Awarded To Another.

W. J. Savage, who was awarded the contract for painting and glazing at the city buildings, has refused to sign as his figure of \$227 did not include all that was in the specifications. He overbilled a portion. The next lowest tenderer, A. Mahon & Co., will be awarded the contract.

To Play This Afternoon.

By mistake the Belleville lacrosse team came here this afternoon to play the Kingstons. A game was arranged however, to take place on the cricket field at 4:30 o'clock. Several of the locals are on the sick list.

SEELY'S BAY WEDDING.

Miss Jennie Sweet and G. H. Chapman the Principals.

Seely's Bay, June 11. The home of Mr. and Mrs. A. H. Sweet, of Seely's Bay, was the scene of a pretty wedding on Monday evening, June 8th, the occasion being the marriage of their eldest daughter, Miss Jennie to G. H. Chapman, of Smith's Falls. The ceremony was performed by Rev. T. Meredith, under a large white bell suspended from a beautifully decorated arch of evergreens. The bride entered the drawing-room on the arm of her father, and was beautifully groomed in white point d'esprit net, trimmed with silk lace, and carried a shower bouquet of white carnations and maiden-hair fern, tied with long streamers of white silk ribbon. Miss Emma Sweet, sister of the bride, was bridesmaid, and was gowned in white silk, trimmed with ecru-crepe and lace, and carried a bouquet of pink carnations. Miss Ethel Sweet, cousin of the bride, acted as flower girl, dressed in white silk and carrying a handsome basket of flowers. Master Charles Robeson, nephew of the bride, carried the ring on a very elaborate hand-painted cushion. William Somerville, of Morton, supported the groom, and Miss Lizzie Chapman, sister of the groom, played the wedding march.

After the ceremony the bride received the congratulations of the guests, after which a sumptuous repast was served on the lawn to about ninety guests. The tables were decorated with maiden-hair fern and flowers. The many beautiful and costly gifts testified to the warm place the bride holds in the hearts of her many guests. Among them was a cheque from her father for \$100. The groom's gift to the bride was a cheque for \$1,000, to the bridesmaid, a gold ring set with pearls and rubies, and to the groomsmen, a set of gold cuff-links. Mr. and Mrs. Chapman left about 11 p.m., for Gananoque, en route for Renouville, Calgary, Moosejaw and other western points, to spend their honeymoon. On their return they will reside in Toronto. The bride's going-away gown was of blue armure cloth and blouse of white silk, trimmed with

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Maxwell, Maryland Block, Duluth, Montana, bought a bottle of Newbro's Herpicide April 6th, 1907, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in twenty days he had hair all over his head. On July 2nd he writes, "and to-day my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts.

Sold by leading druggists. Send 10c. in stamps for sample. The Herpicide Co., Detroit, Mich. Sold in two sizes, 50c. and \$1. G. W. Mahood, special agent.
