TAFT WILL GET IT

HAS 705 VOTES ON THE FIRST BALLOT.

The Vice-Presidency Can Go to New York if Gov. Hughes is Dropped—The Injunction Plank Adopted.

Buffalo, N.Y., June 18.—A News special from Chicago, says: "It is Taft, to-day, on first ballot. Long ago the president predicted 700 vote for the measure, and it is 705 for good measure. No one has a lead for vice-presidency and it is idle to guess about the winner. New York can have it but must drop Hughes. It may be too late after the ballot for president."

The Injunction Plank.

Chicago, June 18.—The injunction plank of the republican platform, as adopted by the committee on resolutions is as follows: "The republican party will uphold at all times the authority and integrity of the courts, state and federal, and will ever insist that their powers to enforce their process and to protect life, liberty, and property shall be preserved inviolate. We believe, however, that the rule of procedure of the federal courts with respect to the issuance of writ of injunction should be more accurately defined by statute and that no injunction or temporary restraining order should be issued, without notice, except irreparable injury would result from delay, in which case a speedy hearing thereafter be granted." This is considered a victory for the Taft forces.

No More For Fairbanks.

Chicago, June 18.—The promulgation of a letter from Vice-President Fairbanks reiterating that his "irrevocable determination" not to again be a candidate for the office he now holds was the most important development of the day in the vice-presidential nomination.

Presenting Candidates.

Chicago, June 18.—The platform as reported by the committee was adopted by the convention. Nominations for president are now in order. Boutwell presented the name of Cannon.

BIG FINE LEVIED

On the Oberdorfer Co. For Withholding Tobacco.

A fine of \$100 was levied upon the tobacco firm of S. Oberdorfer & Co., of this city, by the inland revenue department, for failure to report tobacco for excise duty. The fine was levied about ten days ago. The collector of inland revenue refused to discuss the matter when asked for particulars. All tobacco that comes to the local cigar manufacturers has to be reported to the inland revenue so that the duty may be fixed. The tobacco in question was discovered by the local government officials, who reported the matter to the department. A representative of the Whig called at the office of Simon Oberdorfer, this morning, in reference to the matter, but was informed that Mr. Oberdorfer had been laid up for three weeks, and that he could not be reached. Mr. Oberdorfer, Jr., refused to discuss the matter, stating that it was strictly of a private character.

BLAMES ANGLICANS

CHURCH PEOPLE ARE PATRONS SAYS BLAKE.

Makes Speech to Synod—Judged By Bible, Are Only Band of Hypocrites.

Toronto, June 18.—"The entrance fees to the Woodbine race course for his thirteen days, I am told by a man who is connected with the race course, are between \$125,000 and \$130,000, while the 50 or 100 bookmakers there each paid \$1,200 for the right to be there on those days. This is independent of the amounts spent on dress and lost in betting, and for this appalling condition of affairs in the city of Toronto we of the Church of England are largely responsible. It is largely the people of our own church who support the Woodbine. If we of the Church of England did not go down there and sanction it by our presence we could not last."

"And with all this money going to the race track we are unable to support our own widows and orphan fund. If we take our splendid Church of England and test it by that grand widow and orphan fund, we find we are nothing but a band of hypocrites. Men have given up their lives to the service of the church, relying on the absolute promise that the church would look after their widows, and today it is reported that the churches are not observing this promise."

These strong and pointed statements were made on the floor of the synod of the diocese of Toronto, in St. S. H. Blake, N.C., in a discussion over a report presented by the committee on the Widows' and Orphans' Fund.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in forty-eight hours to satisfy you that the remedy is reaching that "dread spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a falling appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. Sold by all dealers.
