MORE MONEY GRANTED TO THE SYDENHAM HIGH SCHOOL.

The County Road System Under Discussion—A Motion to Dismiss W. W. Pringle.

At the Friday afternoon session of the county council Councillor Reynolds moved that as it is deemed necessary to amend the county road by-law in order to better maintain the county road system, the services of W. W. Pringle as road overseer be dispensed with thirty days from this date. Councillor Baiden seconded the resolution. In amendment it was moved by Councillor Baiden, seconded by Councillor Shaw, that the matter be left over until Saturday. The amendment was carried as follows: Years—Warden Foley and Councillors Brash, Davis, Drew, Godkin, McGregor, Miller, Staines, Thomson, McAllister—10.

Nays—Councillors Baiden, Calvin, Franklin, Rankin, Reynolds, York—6. Messrs. Stewart, Keeley, Rogers and Elliott, trustees of Sydenham high school, waited upon the council to ask for an additional \$600 grant so repairs could be made and another teacher could be engaged, and better training be given, so that so many county pupils would not have to attend the Kingston Collegiate Institute, whose fees were \$38 a year, and besides which pupils had to pay board. A fourth form was needed in the Sydenham school. Smith Elliott called the Sydenham high school a fire trap. It had needed reconstruction to make it safe.

On motion of Councillor Reynolds, seconded by Councillor Franklin, the council decided to supplement the grant to Sydenham high school by the \$600 asked.

Councillor Staines said that the county road system should be increased to cover sixty-six miles instead of sixteen miles.

Councillor Rankin objected. He said that the people of other townships would not stand for more expenditure so long as there were other roads with toll gates. The first thing to do was to free every county road of tolls. Three roads still had toll gates. It was moved by Councillor Davis, and seconded by Councillor Shannon, that \$500 be appropriated for repairs to the Perth Road running through the township of Kingston and Storrington. Councillor Reynolds and York moved in amendment that the matter be left over till Saturday. The amendment was adopted.

Councillor Staines moved, seconded by Councillor Brash, that the county road system by-law be amended so that the distance to be covered shall be sixty-six miles instead of sixteen. Councillors Rankin and Hamilton moved in amendment that no action be taken unless the present toll roads are considered.

Councillor Reynolds wanted to know how Councillor Staines proposed to maintain the roads. He could not vote for the motion under the present scheme which permitted a road overseer to utilize about one-quarter of the amount spent for his own fees.

Councillor Staines said that the system he proposed was the same as that of Lennox county which granted to townships two-thirds of the amount each municipality expended upon the roads, and in proportion to the equalized assessment.

Councillor Reynolds moved that a committee be appointed to draw up a report on the county road system and report at the coming session. The resolution was adopted. The committee consisted of Councillors Franklin, York, Hamilton, Brash, Rankin, Staines, Shannon.

On motion of Councillor Drew, the township fair grants were fixed at the same as last year.

The salary and grants by the court house caretaker were fixed at the same as those enjoyed by the former caretaker.

The council adjourned till 7 p.m.

Tax Rate Increased.
At the evening session, several by-laws were passed, one appointing the court house caretaker at a salary of \$350, and another one providing for the borrowing of \$10,000 for current expenses, and another fixing the tax rate.

The tax rate will be one and a fifth mills higher this year than last, and will remain so for ten years. It is necessary to raise the rate so as to provide for the paying of \$60,000 of debentures just issued. This \$60,000 is part of the county debt, made up of bank overdrafts, and the Ontario legislature allowed the county council to issue debentures to cover it. The debentures have to be paid in ten years, at the rate of \$7,523.33 each year, and it will require an additional tax of one and a fifth mills to do this. The county tax rate for general purposes has been too low for a long time, the revenue not meeting the expenditure.

The following additional amounts will have to be paid by the municipalities for the next ten years to meet the \$60,000 debenture debt: Barrie, \$24.80; Bedford, \$343.88; Clarendon and Miller, \$68.88; Garden Island, \$78; Howe Island, \$121.23; Hinchinbrooke, \$253.50; Kingston, \$1,696.97; Kenosha, \$68.43; Loughboro, \$622.94; Olden, \$162.71; Oro, \$129.33; Pittsburg, \$1,229.84; Portland, \$878.50; Portmouthe, \$138; Palmerston, North and South Canonto, \$75.90; Storrington, \$947.81; Wolfe Island, \$764.88.

The tax rate for some time past has been five mills. Hereafter, it will be six and one-fifth mills.

THE SPORT REVIEW

ROLLER SKATING RACE WON BY RYAN.

Y.M.C.A. Harriers Still at Work—Lacrosse Team Practices Steadily—General Notes on Various Sports.
The three-mile run for the roller skating championship of the city was pulled off at the rink on Friday evening. Ryan won from Goby by one and one-half laps in forty. The winner covered the three miles in 12 1/2 minutes, very good time. The race was close for the first few laps, the men padding each other, but near the end Ryan took the lead and gradually increased his lead until he was sure of holding it. The winner handles himself very well, skating with an even stroke, while his opponent tried to skate out of the way up the aides and coast most of the corners.

Still Practice Lacrosse.
The lacrosse team had a fairly good workout on Friday evening at the Cricket field. It is rather warm to play lacrosse now, but the boys are training out faithfully. After the practice they had a run around the park ring a few times to keep their wind in shape.

Y.M.C.A. Harriers.
The Y.M.C.A. runners are out every night now. They take a run around the prison road and on a nice night may go a little further. Some of the boys show fine form and should make good.

Roller Skating Challenge.
Kingston, June 20.—(10 the Sporting Editor): Now that Mr. Coxworthy, the champion roller skater of Canada, at the time rollers were in full blast, has met with such an accident that he can never skate again, and Charles Martin retires, I will seat Mr. Ryan one or two miles (several miles), to start from opposite sides, in two weeks time, for \$25 or more, I am thirty-nine years old but still in the game. Hoping Mr. Ryan will answer this—Yours truly, D. FITZGERALD, care Canadian Locomotive company, city.

Sporting Notes.
"Tom" Longboat is held at twelve to one by the English bookmakers. The management of the Boston National Baseball League club announces that Pitcher Irving Young, of that team, has been traded for Pitcher McCarthy and Young, of Pittsburgh.

Toronto News: The American threat not to compete against Longboat is laughable. The threat to withdraw their whole "invincible" athletic army, if the Indian competes at all is foolish, and the English Olympic committee can hardly help but see it in that light.

At Fredericton, N.B., George Wagner, Perth, Ont., lance corporal in "H." company, R.C.R., lasted only two minutes and thirty seconds with "Bar" Littlejohn, of St. John, in final bout of the military tournament.

The New York World has figured out that the passing of the anti-betting law in New York state affects 40,000 horses, and \$100,000,000 of property in value affected. It is estimated that the value of gallopers before the bill passed was \$20,000,000, and that they are now worth only \$2,000,000.

The latest reports from abroad show that France will enter in the Olympic championships some of the greatest distance runners in the world. Among the most promising is Reganeau, who has trimmed the British aggregation of distance men time and again; only once has he been conquered on English soil. It is said that Reganeau has travelled five miles in 25 minutes and 10 seconds.

Toronto Telegram: Canada has been quite sufficiently sacrificed to the old country craze for pleasing the Yankees at all costs. If this craze is to be carried out of diplomacy into sport and Longboat is to be disqualified by the highest English authorities at the bidding of a Yankee amateur, then every Canadian athlete owes it to his country to leave the Olympic games to the foreigners and the Alverstonian outfit that is afraid to call its soul its own when the walking delegate of Yankee sport orders "Tom" Longboat off the job.

The entries for the Olympic regatta at St. Catharines on June 26th, are all in and have been forwarded to the Canadian Olympic committee at Ottawa, who will send them to England. The Argonaut eight and pair will be sent to England without preliminary trial as none of the other aquatic entries have entered for these events. Three Halifax fours and one Argonaut four will contest the fours, while the following six scullers are entered: Lou F. Scholes, Toronto, R.C.; Harry Jacobs and Walter Bowler, Don D.C.; William Duggan, St. Joseph's R.C.; Halifax; John O'Neill, St. Mary's A.A. and A.C., Halifax, and James Cosgrave, Argonauts.

Constant Kingston.
A letter from Vancouver contains these points: "They call it 'good old Kingston' but it is more truly faithful old Kingston. Have you reflected that, in turn, everyone of its members who offered for re-election since Confederation has been defeated, save Britton, who took refuge in a judgeship early in the game; to wit, Sir John Macdonald, William Robinson, Alexander Gunn, Hon. William Henry, James H. McNeill, and now Percy. And all of these members were devoted to the city's interests, and did some good things."

THE ARGYLE'S FATE

WELL KNOWN LAKE BOAT MUST BE SOLD.

There Has Been Quite a Warm Row Among the Stockholders, and the Court Has Finally Ordered the Winding-up of the Company.

Justice Tetzl, on Thursday, made a final winding-up order in the case of the Lake Ontario Navigation company that will be followed by the sale of the well-known steamer Argyle, formerly the Empress of India, lying at Portmouth. The company has a capital of \$22,000 and debts of \$11,000, and it is hoped that enough will be secured from the sale of the vessel to meet the liabilities. There has been a bitter struggle within the company as to the sale of the vessel. President Hutchinson, Judge Morson (who was treasurer), and William Douglas have taken the ground that the sale was the only means of discharging the liabilities, including the mortgage to the Imperial Trust company. A majority of the stockholders, consisting of Capt. John Hazlett, (who holds \$8,000 of stock), and Messrs. P. Long and Watson, of Port Hope, and Carrick and Arnold, of this city, have been trying to keep the vessel on the lake. They appeared some time ago before the court and tendered a marked check to cover the company's entire indebtedness to the loan company, outside of which at that time the company's liabilities were trivial. This payment the loan company refused to accept, nor did the court enforce its acceptance. The majority of the stockholders say that twelve months' attempts to effect a settlement have utterly failed owing to the unreasonableness of the minority. The majority offered to buy out the minority at seventy-five cents on the dollar, or to sell out their stock to the minority at sixty-five cents. The boat has greatly depreciated in value under interim liquidation operation. Lloyd's insurance was formerly procurable at three and one-half per cent. against all risks; in 1907 it cost five and one-half per cent., and seven per cent., whilst this year it is declined by reputable underwriters. It is doubtful now whether the boat will sell for enough to meet liabilities, all of which is directly due to the liquidation proceedings.

WAS PULLED OUT OF WATER.
Young Man Named Tierney Taken in Charge By the Police.

At nine o'clock, this morning, the police received a call from Crawford's wharf, to remove a young man, "Barney" Tierney, a cigarmaker, under the influence of liquor, to the police station. Tierney was very drunk, and unable to take care of himself, and it was found that he would fall off the wharf into the water.

Earlier in the morning, it appears that he had a narrow escape from drowning. Two men at the wharf in a gasoline boat, informed the Whig that at Kingston Mills they found Tierney struggling in the water, and that he would have been drowned, had they not stopped and pulled him into the boat. He had taken off some of his clothes, for the purpose of setting them dry, and was only partly clad when the police took him in charge.

Tierney had been camping at the Mills, so it is believed, and had gone in for a swim.

An Excellent Bridge.
John Stewart, of Harrowsmith, accompanied the county council on its trip to Loughboro Lake bridge, at the request of some of the councillors. He has been in railway construction work for twenty-five years, and says he was surprised at the fine condition of the bridge. The work, he said, had been well done, and could be completed within thirty days, if rushed. The bridge, he said, would be a fine monument to the county councils of 1907-08, as showing the wisdom of these bodies. The bridge would last for years.
