YEAR 75.

KINGSTON, ONTARIO, SATURDAY, JUNE 20, 1908.

NO. 1

London this year is the great attraction, not only for the residents of the Inited Kingdom and France, but for people of all countries, and it is estimated that the attendance will reach from 30,000,000 to 40,000,000 during the life of the undertaking. Canada is well represented with the Dominion , government buildings, and the country will no doubt receive more publicity in the oldscountry than ever before. The Grand Trunk Railway System have erected a magnificent paand where the hulding is surrounded ed upon it, this exhibit is a great The electric lighting of the building means. by beautiful gardens laid out by a no- success and a credit to the Grand inside and outside has been arranged The lettering on the exterior of the ted French landscape artist. The Store Where the Price is Always Stamped By the Makers.

The coming of the Slater Shoe made a big difference in the shoe trade, Supreme in Canada most shoe merchants who try to compete with the "Slater" a typical and rather uncanny wizard, have to adopt the subterfuge of importing American shoes that look like the "Slater," and have to ask their customers to pay the added thirty per cent. duty, which means \$1.50 on a pair of shoes, costing as much as letic, well-groomed young man, the Slater & shoes. The slate-Slater greets you in breezy fashion, and Shoe has besides the dollar-and-a-half difference the more appreciable advan- such perfect English that his Italian tage of having been made for wear name is forgotten, and you remember in Canada, where climatic conditions only that his mother was Irish. demand more substantial attention to stout oak-tanned leather soles, than my hopes, but please don't make me the New England factories give. For sale by F. G. Lockett, Kingston.

PROPHET CAUGHT ASLEEP.

Deprives Him of Sword-Killed With Knife.

Cairo, June 20.-The false prophet, Abd el Kader, who treacherously murdered Scott Moncrieff, fled on a don-

He fell asleep on the way and was recognized by a negro, who tooks away his sword and awoke him. The negro then told him to come with him, intending to hand him over to the authorities. But Abd el Kader possessed a knife, with which he kill ed the negro.

He was afterwards met by six Arabs who took him and bound him fast. As he refused to walk he was tied to an angareeb and carried to Kattvia. Abd el Kader and some of his followers were captured by the people in the neighborhood, which shows that the light is from the same point either by local natives have no liking for rebels against the government.

Anxious Moments. The hot weather months are an an-

xious time for all mothers, but par ticularly for young mothers. They are the most fatal months in the year for babies and young children, because of troubles. These come almost without 2,000 words daily across. warning, and often before the mother realizes that there is danger the little one may be beyond aid. It is the duty of every mother to use all reasonable precautions to ward off summer com- messages one way at a time. If an plaints. For this purpose no other medicine can equal Baby's Own Tablets. An occasional dose will keep the stomach and bowels from offending matter, and will ensure the little ones good health. If the trouble comes unexpectedly the tablets will speedily cure it. Every home, therefore, should keep the tablets on hand always; ing with apparatus which will enable they may be the means of saving your child's life. They are guaranteed free from opiates and narcotics, and may been quite successful over a distance be given with perfect safety to a new of three or four miles at l'oole, born habe. part and calculated to endure bard handling every kind of freight, from one. It was just what I needed all for his little ones at almost any lements that fight disease and weak wire-cutting could hinder.

Accompanied by Terrible Itching-A Complicated and Most Distressirg Case-Well-known Remedies Feiled to Cure-Doctor Thought an Operation Necessary-Then

CUTICURA PROVED ITS WONDERFUL EFFICACY

"I am now eighty years old and one

morning, three years ago, I was taken with a hard pain in my right side. In two days I had an attack of piles (hemorrhoids), bleeding and protruding. The doctor gave me some medicine and an ointment for them which helped me some but I had to keep using them all the time. Then I changed to the Premedy; but if I did not use it every day, I would get worse. The doctor said the only help for me was to go to a hospital and be operated on, At this time, about a year ago, I went to using the S—remedies. I tried them for four or five months but did not get much help for my piles. During this time sores would come on a fleshy part of my body. They bothered me all the time. I would get one healed and another would come. These sores changed to eczema, accompanied by a terrible itching. It seemed as if I could not keep my hands from tearing my flesh. This and the pile trouble brought on an inflamed condition Then I got the Cuticura Remedies, washed the affected parts with Cuticura Soap and warm water in the morning at noon, and at night, then used Cuti cura Ointment on the irritated surfaces and injected a quantity of Cuticura Ointment with a Cuticura Sup-pository Syringe, I also took Cuti-cura Resolvent Pills three times a day. It took a month of this treatment to It took a month of this treatment to get me in a fairly healthy state and then I treated myself once a day for three months and, after that, once or twice a week. It is fortunate that I used Cuticura. The treatments I had tried took a lot of money that I would have saved by using Cuticura Remedies sconer, but I am wiser now, and I would not feel safe without them. J. H. Henderson, Hopkinton, St. Lawrence Co., N. Y., U. S. A., April 26, 1907." U. S. A., April 26, 1907,"
