MARINE NEWS.

What is Found About the Wharves.

The schooner 'Anicia' cleared from Crawford's, for Oswego. The steamer 'Kenning' cleared for Rideau canal ports, to-day. The schooner 'Kowatin' cleared for Oswego, and will load coal for Kingston.

In The Year 1866.

The year 1866 (not 1867) was the high water year referred to by J. D. Thompson. This was at the time the troops from Kingston were preparing to embark to get after the Fenians. Much merchandise in the warehouses near the wharves was ruined by the floods.

MORE HONORS GIVEN

COUNCILLORS BARONETS AND KNIGHTS CREATED.

R. W. Perks, M.P. a Leader in the Wesleyan Church Work and in Many British and Canadian Works of National Moment.

London, June 27.—Four new peers, ten privy councillors, eleven baronets and twenty-five knights were created. The new peers include Sir Antonio Patrick Macdonnell, under secretary for the lord-lieutenant of Ireland, whose resignation from this post coincides with his elevation, and Right Hon. George Goschen, who until recently was chief liberal whip and member of parliament for the Fife constituency in West Yorkshire, W. Russell, liberal member of parliament for South Tyrone, is made a privy councillor.

Among the baronets are Sir Thomas Lauder Brunton, a well-known physician, and Robert William Perks, liberal member of parliament for the south division of Lincolnshire, who was closely associated with the late Charles T. Yerkes in his projects for the improvement of the traction system of London.

The list of knights include J. J. Davson, well-known art collector, in connection with his gift to the nation of the Turner gallery, which is now being built at a cost of \$200,000, to hold the works that Turner bequeathed to the nation; J. A. H. Murray, of dictionary fame, and R. A. Hatfield, president of the Iron and Steel Institute.

Sir R. W. Perks is a Wesleyan and one of the leading members of the forward movements of that church, advocating that the Wesleyan organization should include immigration, banking and social improvement schemes. He has been in Canada several times recently and is one of the chief promoters of the Georgian Bay canal.

LORD ROBERTS.

Quebec, June 27.—Lord Roberts, the hero of the Boer war, is coming to Quebec for the tercentenary festivities. A cable to this effect has been received.

END OF 'BLACK PETER.'

A Pet Cat Was Killed By a Street Car.

'Black Peter,' a valuable cat owned by James Craig, Princess street, and a pet with the whole neighborhood, is no more. Concerning his sad death, which occurred yesterday afternoon, there is a sad story. Mr. Craig, who is numbered among the many followers of Isaac Walton, in this city, had been out fishing with a friend, and made a fine catch. There was one bass, a regular 'beauty,' weighing close upon three pounds, that attracted the attention of 'Black Peter,' when he noticed it in a pail of water, all nicely cleaned and ready for eating. So when the coast was clear, Mr. Peter stole the fish, and made off. With the fish in its mouth, the cat hurried across the road, but failed to notice a passing street car, and was run down and cut to pieces. A trail of water from the pail to the door, told the story of the theft, and later the remains of the cat were found on the track. Thus ends the story of the sad end of a pet cat.

A PEACEFUL GATHERING.

May Be 10,000 Women Will Surround Parliament.

London, June 27.—Convinced that the recent tactics have failed to persuade Premier Asquith to accelerate the legislative machinery in their favor the suffragettes project a novel demonstration, next Tuesday, with a view to exerting further pressure. While a deputation will seek an interview with the prime minister, it is the intention to surround the House of Commons with a cordon of suffragettes, which the leaders predict will number at least 10,000. It will be a peaceful gathering, however, and no attempt will be made to force an entry into the house.

A Black Bear Shot.

Smith's Falls, Ont., June 27.—A large black bear was killed on the farm of William Lawson, at Bass Lake, an inland body of water about seven miles from Smith's Falls, a few days ago. The animal was seen coming out of the swamp and was immediately attacked by the farm dog.

After a sharp rough-and-tumble fight between the two, the bear broke away and sprang into a large maple tree. In about half an hour's time it began to descend and then it was quickly dispatched by a couple of well-directed shots. It was a fine specimen, jet black in color, and weighed over 200 pounds.

A suit for damages arising out of a box of sample pills being thrown in at the door is now before the courts in Toronto.

On Sunday, Archbishop Gauthier will confirm eighty-six boys and girls in St. John's church, Perth.

Case Set For Monday. A chicken stealing case will come up before Magistrate Farrell, on Monday. Some time ago, a charge was made against a man, who was alleged to have been caught in the act of stealing chickens, but at the time he managed to make his escape. He returned to the city recently, and on his own bail was given his liberty, to appear on Monday, when evidence will be taken in the case.

Has Accepted The Position. Prof. James Small has accepted the offer of Sydenham Street Methodist church musical board to become organist and choir-master. His wife will be soloist. He will take over his new duties on August 1st, his term with St. James' Methodist church, Montreal, there expiring, Mr. Small, who was once organist of St. John's church, Dundee, Scotland, comes highly recommended.

Began Her Trips. The steamer 'Caspian,' of the Lake Ontario and Bay of Quinte Steamboat company, began running to-day, taking the school teachers of the city on a complimentary trip down the river. The officers of the steamer are: Master, W. Bloomfield; first officer, D. Miller; second officer, G. Clapp; purser, H. W. Hare; steward, W. Bennett; chief engineer, D. Leslie; second engineer, G. Sauve. At 5 p.m. the steamer cleared for Charlotte, and, hereafter, until September 6th, the company will have daily boats to and from Charlotte and down to Alexandria Bay.

Ran All Over House. During the heavy electric storm on Friday, June 19, the house in Clyde Forks, owned and occupied by John Park and family, was struck by lightning. It apparently struck the fire first. This is demolished or loosened nearly to the roof, then spread and entered every room in the house, upstairs and downstairs, with the exception of one, leaving its marks of destruction in its path, splintering wood-work and loosening and destroying paper and plaster. The inmates all received a severe shock, but have completely recovered, with the exception of Miss Jessie, who is still quite poorly from the effects of same. She was standing in the doorway when a bolt shot past, tearing off the door check and burning her arm. A curious fact is that, although at the time the place seemed vivid with light, no fire ever started. This is an experience long to be remembered.

CASE FOR POLICE COURT.

Inspector Wright Makes Charge Against Citizen.

License Inspector Clark Wright has laid an information against a citizen, charging him with having purchased liquor for a member of the 'Indian list.' The case will come before Magistrate Farrell on Tuesday morning. The member on the list has been doing exceptionally well, so it is claimed, up until the time it is alleged that he had secured liquor for him.

This is the first case of the kind that has been brought before the court. The inspector stated this morning that he was determined to have all the offenders against the liquor act punished.

GIVEN A SEARCH WARRANT.

Will Endeavour to Trace Some Mica Which Was Stolen.

A. S. Harding, a Brockville lawyer, was in the city, this morning, in connection with the recent theft of a large quantity of mica from the mica factory in that city. He secured a search warrant at the police station, and with County Constable Smith, left for Sydenham.

It will be remembered that some time ago a man named Trussdale was arrested here on a charge of stealing mica from this company. At the trial he was allowed to go on suspended sentence.

It is understood that there is yet missing mica valued at a few thousand dollars, and there may be some new developments in the case shortly.
