**EMERALDS DEFEATED IN GAME WITH C.L.C.**

Leaders of League Win Out By a Score of 5 to 0—Crescents Win a Game in the Junior Series.

The fans at the Cricket field on Saturday afternoon, were treated to a ragged game, and a lively dispute over a decision by the umpire, in the match between the Emeralds and the Canadian Locomotive works. It was a case of the leaders of the Locomotive works' team had no difficulty in taking the Emeralds into camp, by a score of 5 to 0. "Teddy" Saunders pitched a star game for the winning team, not one hit being made off his delivery, and he also had the honor of fanning out a score or more men.

He put nine men to sleep at the bat in the first four innings. He had "spiced to burn," as the saying goes. "Nipper" Matheson was not in very good form, although it must be stated that the support he was given was very poor, nine costly errors being chalked up against his men.

"Teddy" Saunders, who pitched star game for C. L. C., delivering a puzzle to the Emeralds.

The C. L. C. team went to bat first, and tallied two runs, Esford and Ewart doing the scoring. The Emeralds got a man as far as third, and when there was a chance of scoring Walsh fanned. In the second, the C. L. C. added two more runs, scored by Esford and McKim, and the Emeralds went out in one, two, three order.

The dispute over Umpire Nicholson's decision occurred in the third inning. The Emeralds claimed he was thrown out, but the umpire cried "safe." The Emeralds left the field, and fifteen minutes was lost in the argument which followed. The C. L. C. team finally gave way to the Emeralds and the game proceeded. In the fourth the first three men up for the Emeralds fanned. The C. L. C. scored their fifth run in the next innings, and the Emeralds were again retired in one, two, three order. O'Connor knocked a fly into centre field, Duffy fanned and Anderson was put out on a pick-up of Ewart's. There was no more scoring after this.

The line-up was as follows: Emeralds—Nicholson, c.; O'Brien, 3b.; Bramble, 1b.; Walsh, r.f.; O'Connor, s.s.; Duffy, 1b.; Anderson, 2b.; Pierce, c.f.; Matheson, p. C. L. C.—Esford, 3b.; Ewart, s.s.; McMahon, 1b.; Dehany, 2b.; Dickson, 1b.; McKim, r.f.; Saunders, p.; Davidson, c.f.; Burke, c.

Scores by innings: RHE Emeralds.....00000000-0 09 C. L. C.....220010000-575

**Junior Game Saturday.**

In the junior game at the Cricket field on Saturday afternoon, the Crescents defeated the C. L. C. by a score of 7 to 2. Umpire Fitzgerald handled the game in good style. The game was characterized by very heavy hitting, Deeks and Walsh each making a home run. The line up was as follows: Crescents—Walsh, c.; Kane, p.; Modden, 1b.; Carson, 2b.; McInnells, s.s.; Metcalfe, 3b.; Goodenale, 1b.; Wright, c.f.; McKee, r.f. C. L. C.—Deeks, c.; Ewart, p.; Rushford, 1b.; Davidson, 2b.; Doherty, 3b.; Buncan, s.s.; O'Connor, r.f.; Forbister, c.f.; O'Brien, 1b.

**Why Your Teeth Ache.**

Usually toothache is due to neuralgia in the gums or to congestion and swelling of the nerve pulp. As Nerviline relieves congestion you can easily see why it cures so quickly. Nerviline does more—cures any ache or pain, in any part of the body, and let it be earache, neuralgia, lamboago or rheumatism—so long as there is pain; Nerviline will cure. All the ills of the family are relieved by Polson's Nerviline.

**PARADE THIS EVENING.**

Notes About the 14th P. W. O. Rifles.

The 14th Regiment will parade this evening to the cricket field. Three more regimental drills will be held before the regiment goes to Quebec. By that time it will be in high perfect order.

The 14th Regiment companies are practising guard mounting and other manoeuvres which will be required at Quebec.

The rifle colors of red and green, which were placed around the regiment's helmets last week, add greatly to the appearance of the men. The flatness of the white helmet is thereby broken.

On church parade, yesterday, the regiment totalled 267 or 100 less than at the recent inspection. The attendance, yesterday, was good, however, considering the hot weather and the absence of many from the city over Sunday.

**Institute Meeting.**

At the annual meeting of Addington Farmers' Institute, Tamworth, the officers for the current year were elected:

President—Smith Gilmour. Vice-president—M. Shannon. Secretary-treasurer—J. B. Aylesworth.

Directors—C. D. Wagar, Thos. Evans, Mark A. Gilmour, Wm. H. Paul, John Cairns, Wm. Nugent, H. F. Bell, J. M. Lockhead, Wm. Brown.

**SOLDIERS AT CHURCH**

**ARTILLERYMEN JOINED THE RIFLEMEN.**

14th Regiment and R.C.H.A. Parade at St. George's Cathedral—A Fine Sermon Was Preached By the Dean of Ontario.

On Sunday morning the 14th Regiment, Princess of Wales Own Rifles, had its annual church parade. Headed by both brass and bugle bands it left the armouries at 10 o'clock, in command of Lieut.-Col. Kent, and proceeded along Montreal street, down Princess and along King to St. George's cathedral. Hundreds lined the route, and admired the fine body of men now constituting Kingston's old rifle regiment. At the corner of King street, the 14th was met and preceded by the Royal Canadian Horse Artillery band and fifty men, from the barracks. On arriving at the cathedral it took but a short time for the artillerymen and riflemen to file into the sacred edifice, and occupy the seats allotted to them.

Dean Farthing preached a strong sermon from the text, "I go the way of all the earth. Be thou strong, therefore, and show thyself a man," David's last words to Solomon. The preacher congratulated the 14th on having chosen to go to Quebec, and said he was sure it would commend our race and religion to those of another race and faith. After an introduction dealing with the whole man, that is a man developed not in body and mind alone, but also in spirit, the dean said he believed that in every boy and man was a developed life of purity and righteousness before God and man. It is unfair to men to infer that they have no religion. Women, and devout women, too, are mainly responsible for the prevalence of one standard for men and another for women. Mothers who bring their girls up to go to church and live the religious life, in many cases treat their sons as if they had no longing after God, no desire for righteousness. Many a young man with a yearning for the things of the Spirit, has been turned aside, because he found that such aspirations were not expected from him. Man's highest honor is the power to commune with God through the Spirit. "Is it quite manly," asked the preacher, "for us to allow ourselves to be classed as irreligious? God came to earth as a man. He left His church in the care of men. The church is powerless to-day, because men withhold their strength from her. God cannot be worshipped by proxy, he that proxy priest, choir or woman. The church, Canada, needs the enthusiasm, strength, courage, of the men. Let the words of Solomon ring in your ears," concluded the preacher.

The processional hymn was "O'ward Christian Soldiers," and the recessional "Brightly Gleams Our Banner."

After the service, the artillery band and batterymen proceeded westward along King street to the barracks which the 14th Regiment took a route march westward along King street, to Barrie, to Clergy to Princess to Montreal, and thence to the armouries.

**Passed With Honors.**

W. A. Kingsley, of Wolfe Island, has passed with honors the final year examinations of Laval medical college. The first three years of his course he took at Queen's. Dr. Kingsley will go west to practice. He is the third of his family to become a medical practitioner.

**SUNDAY OF FLOWERS**

**AT SYDENHAM STREET METHODIST CHURCH.**

Programme By the Sunday School—Addresses By E. F. Jenkins and T. F. Harrison—The Secretary's Report.

Flower Sunday at Sydenham street Methodist church was marked by a special service in the morning which was of a bright and helpful nature. There was a very large congregation present. The pulpit was banked with flowers, very prettily arranged, and made a fine appearance. On the platform were Rev. C. A. Sykes, the pastor, E. P. Jenkins, the acting superintendent, and A. Shaw, assistant superintendent. A special programme was arranged, consisting of exercises, solos, choruses and duets by the scholars, and everything was given in a manner that was most pleasing.

The choir was also present, and added to the musical part of the programme. At the opening there was an instrumental march given by Miss L. Shaw. Then followed a chorus, "Ring the Invitation," followed by prayer, offered by the pastor, Mr. Shaw, led in the responsive reading.

Another chorus, "The Rejoicing," (by Rudyard Kipling), two junior members of the Sunday school, Muriel Saunders and John Ufford, extended words of welcome. The other part of the programme was as follows:

Exercise and solo, Harry McQueen; Donald P. Jenkins, Grace Sikes; recitation, Jack Richardson, Mary Andrews, Elsie Stewart and Herbert Chown; exercise, "A Dozen Daisies," by members of the primary class; chorus, "Cheer Up, Dearie," by Margaret and Elizabeth Cunningham, Helena and Jean Chown and Grace Sikes; recitation, "The Sparrow," by Gerald Muirhead; solo, Mary Andrews; duet and semi-chorus, Pearl Richards, Norma Hughes and six girls; exercise, "God's Treasury," by eight boys, solo taken by Miss Edwards; exercise, "Spring Flowers," by five little girls.

At every flower service it is usual to have a chorus by members of the Chinese department, but yesterday this had to be dispensed with, owing to the unavoidable absence of some of the class. This class has an attendance of from sixteen to twenty-two members, and is most interesting progress under the able leadership of Miss A. Benn.

Mr. Jenkins spoke briefly, referring to the good work carried on by the Sunday school, and made a strong appeal to the members of the church to be more active in their support. He announced that during the year seventy-seven children had professed Christianity, and Mr. Jenkins asked if this was not good results. Was not the money given to help along the Sunday school a good investment? For the year ending April 30th, 1907, the sum of \$106 had been raised for the general fund; for 1908, \$254. This year an effort would be made to raise \$400.

T. F. Harrison, superintendent of the Sunday school for ten years, gave a ten-minute address. Mr. Harrison and Mrs. Harrison have just returned from attending the big Sunday school convention at Louisville, Ky., and he referred to that great gathering. Some people, he said, had an idea that the Sunday school was only for the children and that it held no interest whatever for older people. At this convention one thousand people, delegates from China, Japan, West Indies, Mexico, Yukon, Canada, United States and many other cities. This went to show that Sunday school work was not merely for children alone. It was quite evident that the world of to-day was alive to the work of the Sunday school. At this convention one man alone had donated the sum of \$10,000 for the carrying on of the work. Inside of two hours the sum of \$75,000 had been promised for the work, and in a month hence the amount will have reached to the handsome sum of \$150,000. It would be hard to realize the amount of good that could be accomplished if the money could be realized.

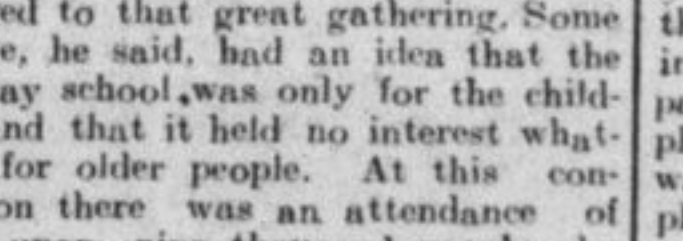

The speaker, in closing, asked for a liberal offering and expressed the hope that the Sunday school would have another successful year.

A. F. Chown, the secretary, gave a report of the work of the Sunday school, which was of a very encouraging nature.

**DRY DOCK CALAMITY**

**THE DAVIS DOCK OUT OF COMMISSION.**

High Water Pressure Caused Break Under Gates—A Dam Will Have to Be Built—Grantham Was Filled With Water.

On Saturday night, the Davis company dry dock was put out of commission for a month by the high water pressure. A large break occurred under the gates and the pumps of the company were found inadequate to keep the water out, so it will be necessary to build a dam across its entrance.

On Saturday, the big schooner Wrecking, owned by the Donnelly Wrecking company, entered the dock for repairs. Her owners had the vessel's plug removed in order to let out the water in her. The plug was not replaced, and when the dock filled with water, the Grantham, lying on the blocks, also filled.

The break under the gates came suddenly. Nothing wrong had been previously noticed. R. Davis, Sr., head of the company, stated that the break was, no doubt, due to the extraordinary pressure from the high water this season. Twelve years ago the company had a similar accident, and had to build a dam.

Mr. Davis says it will take probably a month to get things in order for the re-opening of the dock. A number of vessels were scheduled for docking during the next couple of weeks. After that, the dull season comes.
