

Fluffy White Underskirts

Do you want to hear of a very special offering of Petticoats?

We've always an eye open to an opportunity to pick up unusual bargains.

We've just profited by that, and a few days ago we unpacked a special purchase of petticoats. All white—of fine lawn and nainsook. Not the "scrappy" sort (you know the kind we mean), but splendid full-fashioned skirts—generous in every way.

Some are prettily trimmed with val. lace and insertions—others are graced with fine embroidery.

In all wanted lengths—with underfrills.

Each is worth considerably more than we ask. \$1, 1.25, 1.35, 1.50, 1.60, 1.75 and so on up to 5.00 each.

Interesting News From the Various Sporting Fields.

Watertown to have an up-to-date athletic and baseball field.

Saturday's lacrosse: Tecumsehs, 5; Cornwall, 4; Capitals, 12; Toronto, 3; Nationals, 14; Montreal, 8.

Montreal Gazette: When Hogan was asked after the match in Toronto why he had struck Felker on the head with his stick four or five times, while they were both walking towards the penalty bench, he replied: "Every time I struck him, he called me a vile name."

"Jimmy" Murphy wants to know where "Chauve" Elliott acquired the right to coach a lacrosse team? "Jimmy" forgets the correspondence schools teach everything," says the Ottawa Free Press. "Perhaps 'Chauer' knows just about as much about lacrosse as Murphy. His team is doing as well."

Speaking of the Canadian Olympic lacrosse team, the Toronto Telegram says: Another thing that might help some would be to have Martin Maude prepare a pamphlet on "Lacrosse Etiquette in England." It will take hard study for Pat Brennan to say "beg pardon" in the right places, and Billy Strachan to know just how to pick up the man he has knocked down.

Within a week or so the first meeting of the year of the Ottawa football club will be held for the purpose of making arrangements for the coming season. The Interprovincial league will be continued with Ottawa, Hamilton Tigers, Argonauts and Montreal, the present champions, comprising it, and the Ottawa team, on paper, looks far stronger than it was last season when it finished third after a great series of games.

Ralph Rose, the Olympic club's champion, has left San Francisco for New York, where he will join the American team in the Olympic games in London on July 13th. Rose's departure was preceded by that of Samuel Bellah, the Stanford pole vaulter, who was also selected as a member of the team of athletes who will compete against the best in the world next month. Rose and Bellah

are the only Californians who will be on the American team, Oregon being represented by Daniel Kelly, Forrest Smithson and A. C. Gilbert, of Portland.

Newark News: While there is no official record of the longest hit made in a professional game of baseball, Jack Cronin, the Providence pitcher, claims the distinction of accomplishing this feat, and his contention is backed up by Manager Stallings, of the Tigers, who saw him do the trick. Cronin made his mighty swat in the city of Minneapolis in 1900, when he was a member of the Detroit American league team, which was at that time managed by Stallings.

According to Stallings the sphere travelled a distance of between 700 and 800 feet before it fell to the ground, and Cronin had time to walk around the bases two or three times before the ball was recovered. Cronin made the honor off Red Ehret, who was at that time managed by Stallings.

Clayton Lawyer Married. At St. Mary's cathedral, on Monday morning, the marriage took place of F. M. McKinley, attorney of Clayton, N.Y., to Miss Astoria Kirby, of the same town. Rev. Father Hanley performed the ceremony. The bride was attended by her sister, Miss Blanche Grey; Mrs. M. Webster and Miss J. E. Evans, of E. Hartmann's; Roy Godkin, at J. Denie's; William Christian, at R. G. Watkins'; Mrs. Duck, renewing old acquaintances here; J. Denie, at J. Shultz's; Plevna; Misses N. Watkins and Jennie Gilmore, at J. Godkin's; Plevna.

No Other Such Drink. Wade's ice cream soda, by all proper standards, is the ideal beverage. It is delicious, refreshing and wholesome. It is free from any objections that may sometimes be made against soda water, because every ingredient in it, as well as the glasses in which it is served, are clean and pure. Wade's Drug Store.

No City Council Meeting.

No special meeting of the city council will be held this evening, as intended. The mayor decided that the council might as well have another regular session a week hence, and accordingly, did not call a meeting for this evening. There is quite a lot of business to dispose of before the aldermen can secure their civic vacation.

Met With Accident. John Bent, blacksmith, met with a very painful accident. While at work a piece of steel struck his eye glasses and as a result a piece of the broken glass penetrated his eye. He is undergoing treatment at the Hotel Gretna.

There is a probability that coal oil will be found in the Jamison mines at Eganville, if the present indications become stronger as they go down in depth.

A Small Blaze. Some chemicals in a vat at N. C. Polson's, Ontario street, exploded at 8:30 o'clock Monday morning, and caused a blaze. The firemen were quickly on the scene and the fire was soon extinguished with the use of a Babcock, and with very little damage.

DOMINION AMMUNITION

FALSE AND THE TRUE

LUST OF GOLD THE CURSE OF A NATION.

Sermon By Rev. Dr. Macgillivray in Chalmers—He Declared That Elections Can Be Won By Prayers.

In Chalmers' church on Sunday morning, Rev. Dr. Macgillivray took as the subject of his discourse "The False And The True in National Life." His text was 1 Kings xii, 29: "Behold thy Gods, O Israel!" having reference to King Rehoboam's making two calves of gold and setting them up for the people to worship. The preacher pointed out how in King Solomon's time there had been an abnormal expansion of the nation and that the people had lost their heads in their desire for gaining riches. In Rehoboam's time the reaction came. Canada could well afford to take warning. Mammonism was the curse of the nation that allowed it to get a footing. It was only the healthy, religious qualities of the British people that had saved Britain from destruction. The prevailing love of mammon, but in spite of the religious vigor of our race, there remain forces for the future of our nationality which talk so much about money and profit as the people of Canada do. Nineveh and Tyre, ancient Rome, Spain and other countries perished, because of their lust of gold.

How to root out the cancer of the love of gold one scarcely knows. Canada's advantages at present are her peril. It is not wealth and expansion that is indispensable to a nation's greatness, but the fear of God.

Men who scoff at matters like these should not be allowed to have the direction of our educational affairs, Dr. Macgillivray said. There should be no taint in our men of public affairs. Moral considerations must not be kept aside from politics. The people have to do with the private as well as the public standard of their representatives.

"A paper recently said that elections are not won by prayers," said Dr. Macgillivray. "But when said it is going to the devil, elections have been and will be won by earnest prayers."

INFANTS BURNED TO DEATH.

Awful Affair at Ardch—House Struck By Lightning.

Ardch, June 26.—Farmers are again busy cutting their hay, and report a very light crop. The building of the new bridge at Ardch is now under full progress. Wedding bells were heard on Monday last, when Miss C. Schonawer, youngest daughter of James Schonawer, was united in marriage to P. Myers, a prosperous farmer of this place. The ceremony was performed by Rev. Father Dunne. The bride was very becomingly attired in white silk and carried a bouquet of white carnations. The bride was attended by the groom's sister, while William Christian acted as best man. The surprise party at George Schonawer's, on the 15th inst., was at a success.

A very sad affair occurred on Tuesday last, when the home of Mr. and Mrs. Ernest Baader was struck by lightning and their two infant children were consumed by the flames. Much sympathy is being extended to Mr. and Mrs. Baader in their bereavement. Mrs. T. Tampon has returned home, after visiting friends at Parry Sound. Great preparations are being made for the funeral which is to be held in Tapping's grave on July 8th. A number of young men from this vicinity have returned home from the drive. D. Godkin made a business trip to Kingston last week. Visitor's Alexander Gilmore spent Sunday at his home here; Miss H. Critchley, at M. Walker's; W. Tapping, at R. G. Watkins'; A. Young, at Mrs. A. Grey's; Mrs. M. Webster and Miss J. Evans, at E. Hartmann's; Roy Godkin, at J. Denie's; William Christian, at R. G. Watkins'; Mrs. Duck, renewing old acquaintances here; J. Denie, at J. Shultz's; Plevna; Misses N. Watkins and Jennie Gilmore, at J. Godkin's; Plevna.

LETTERS TO THE EDITOR.

Increased County Tax Should Continue Only Two Years. Perth Road, June 22.—(To the Editor.) I wish to draw your attention to some figures that have gone out in your Saturday's issue of last week. It appears that the ratepayers of the county will continue with an increased rate of six and one-fifth mills on the dollar for the next ten years. But this should only continue for two years in the place of ten, as we are paying off our consolidated debt by raising three and one-third mills at the present time, which will be paid off in 1909. And the ratepayers will only be requested to pay 2-13-15 mills instead of six and one-fifth mills.

This is a question of importance to the ratepayers of the county, as there has been considerable discussion in the taking over of the Kingston and Perth Road and the building of Loughborough Lake bridge, and as it has been declared that the county's debt instead of decreasing is increasing.

Notwithstanding all the improvements made she has made on the county buildings, county roads and bridges, and the freeing of toll roads, the county of Frontenac is left in a first-class financial condition to enlarge her county system of county roads to all municipalities, equal in proportion to valuation, and a right to draw one-third of total expenditures from the government.—J. M. STONELESS.
