PORTSMOUTH WEDDING

MISS E. DENNISON WEDS REV. A. BRIGHT, B.A.

Ceremony Took Place Under a Very Beautiful Arch, at the Home of the Bride—Left For East on Wedding Tour.

One of the prettiest of house weddings took place, Tuesday morning, at the residence of Mr. and Mrs. James Dennison, Portsmouth, when their only daughter, Miss Mary Etta, was married to Rev. Alfred Bright, B.A., of Ingersoll, Ont. The ceremony was performed by Rev. Dr. Mackie, pastor of St. Andrew's church, and was witnessed by fifty the immediate relatives.

The drawing-room, where the ceremony took place, was decorated profusely with greenery, growing plants and flowers. The floral design was most unique.

An arch, under which the bridal couple stood, was composed of ferns, smilax and orange blossoms, same being banked with greenery and colonnade of large palms, the background being arranged as an immense fan, made up of interwoven vines with dashes of orange blossoms, pink and white carnations, making in all a most effective scene.

Mendelssohn's wedding march was played by the bride's cousin, Miss Jennie Irwin, who was dressed in blue mousseline de soie, trimmed with baby Irish lace. She also wore the groom's gift, a crescent brooch, set in pearls. The bride, who was unattended, entered on the arm of her father. She was attired in a gown of white silk tulle, with trimmings of Valenciennes lace and insertion, her veil of Brussels net being caught up with orange blossoms. She carried a shower bouquet of white roses and lilies of the valley, the only ornament she wore being an emerald brooch set in pearls, the gift of the groom.

The little flower girl, Lorraine Irwin, cousin of the bride, looked sweet in a French gown of Persian lawn, trimmed with Valenciennes lace and insertion and touches of blue, and wore a wreath of marguerites on her pretty fair hair. She wore a fleur-de-lis pin with pearl setting, the gift of the groom.

The groom's gift to the bride was a cabinet grand piano. The bride was the recipient of many handsome and useful gifts, many from outside cities, all testifying to the popularity, and esteem in which she is held by her hosts of acquaintances.

Following the ceremony and the expression of good wishes for the happy couple, breakfast was served, and after the usual toasts and speeches, the bride donned her travelling suit of navy blue voile over tulle, the Eton coat being trimmed with Tussan souchet braid, and white silk blouse, with baby Irish lace. A Tuscany hat with Copenhagen blue trimming and handsome leather mount, completed the costume. Amid a shower of confetti and rice, the happy couple drove away at the noon hour and left via the last train for Montreal, where they will remain a week or more, accompanied by a number of the members of the Methodist church, at Portsmouth, and presented with a handsome clock. The bride has been for over two years organist at the church and always taken a deep interest in church work, and will be much missed in church circles.

Dominion Day At Napanee. The Napanee Driving Park association have a good entry list for three races on Dominion Day. Cassie Pointer, Togo, Jim, Leo, De, Silver King, Fox Pug, St. Peter and Major Hamburg will start in the three-minute class. Zac-Medium, 2:16; Muriel Wilkes, 2:16; Grace Pointer, 2:15; Prairie Oyster and Ayfile will start in the 2:16 class, besides seven horses start in the named race. Kingston and Napanee will play baseball. This is one of the most pleasant grounds in Canada and no doubt many of our citizens will avail themselves of the day's outing at Napanee.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave in languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in forty-eight hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the system than any other known nerve tonic. It cleanses the system, sharpens a falling appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. Sold by all druggists. The diocesan pilgrimage will take place this year on July 7th. Kingstonsians have \$950,855 invested in Canadian bank stocks.

INCIDENTS OF THE DAY.

Newspapers Picked Up by Reporters on Their Rounds. The Whig will not be published on Dominion Day.

A fine shower of rain fell about two o'clock this morning.

J. V. Mallen has secured a permanent position in Brockville, Ontario.

The tourists are coming to Kingston in numbers. Entertain them well.

"Swimming wings" are sold at Gibson's Red Cross Drug Store, Phone 229.

There will be a free first forms for Kingstonians in the Collegiate Institute in September.

The 14th band will play in Macdonald park on Thursday evening, weather permitting.

The Portsmouth council will hold its July meeting this evening and then adjourn until September.

The condition of Thomas McAdam showed very little improvement, at the general hospital, to-day.

The 14th regiment had a good turnout to the cricket field last evening for the weekly parade and drill.

Mrs. Braham-Shannon, Spryville, is staying with her mother, Mrs. Shannon, Albert street, who is very ill.

Among the world's best things to drink is "Salada" Tea. Its purity, flavor and deliciousness stand unrivalled.

Shaboot Lake is being besieged with visitors these days. The K. & P. railway report larger traffic there this year than for some time past.

You hardly realize that it is medicine, when taking Geyer's Little Liver Pills; they are very small, no bad effect, all troubles from torpid liver are relieved by their use.

Merchants and householders should be provided. There is negligence somewhere. The board of works should enquire.

Excursion among Thousand Islands, Friday, July 3rd, by C.W.A. Society of St. George's cathedral. Steamer Caspian leaves Swift's wharf at 10:15 a.m.

The large cross which was knocked off St. Mary's cathedral tower, last week, by the electric storm, will be replaced shortly by a much larger one.

The K. & P. railway have just issued some new folders with the timetable, which are very attractive, and which contain a map showing the different places over which they run.

The civic light, heat and power committee, was called, this afternoon, to discuss the application of the Kingston Milling company for a longer franchise than ten years for the use of the streets over which to carry electric power from Kingston Mills.

City Clerk Sande made a fine catch of perch yesterday afternoon, there being two dozen in his haul, and the smallest of them weighed three-quarters of a pound. One of the catch looked like a Scotch herring and another was declared to be a "finnan haddie."

Canadian Freeman: Some clothing merchants in Kingston are continually complaining about people getting their clothes outside the city. The fact that many of them are members of the civil service, enjoying good fat salaries of good Canadian money.

The July Rod and Gun, published by W.J. Taylor, Woodstock, Ont., contains the life story of Champlain. Among other good articles are "The Trail of the Kawingomas," "In the Next West," "A Schoolboy's Search for an Ideal Vacation," "The Irish Water Front of Canada," and many others, all profusely illustrated.

The number is an unusually interesting one for the lover of the out-of-door. Piles are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar, 50c. Sold by all dealers.

PAID HEAVY FINE For Securing Liquor For Man on "Indian List."

To purchase liquor for any person who is on the license inspector's "Indian list" is a very serious matter. In the police court, this morning, a young man who pleaded guilty to such a charge, lodged against him by Inspector Bright, found this to be the case, when Magistrate Farrell imposed a fine of \$25 and costs, or twenty days.

This is the first case of the kind that has been brought before the court, and the magistrate explained that the penalty had been made very severe in such cases, so that the members who had been placed on the "Indian list" could be safeguarded. The young man charged, claims that he did not know the man for whom he purchased the liquor, was on the "Indian list."

"Three Swallows." Sir John Power & Sons, "Three Swallows" Fish Whiskey. Famous for over a century. Of highest standard of purity. Distillers to His Majesty the King.

Everybody Going. To the searchlight excursion under the auspices of the St. Andrew's Epworth League, Monday, July 6th. 14th band will be in attendance. Tickets 35c.

Make Your Outing Enjoyable. By wearing one of Campbell Bros.' new light felt straw or crash hats.

KINGSTON AFFECTED

BY THE BREAK IN THE CORNWALL CANAL.

Merchants Lose Money—Many Sailors Rendered Idle By Boats Being Likewise—Trains and Boats As Carriers.

The Cornwall canal break means a great deal to Kingston. Many of its merchants and sailors suffer by the withdrawal of a large number of boats from traffic owing to being unable to get their cargoes to Montreal. Quite a number of sailors on upper lake vessels are coming home, owing to their steamers going temporarily out of commission. Captains and engineers of vessels are engaged by the season, but most of the other men aboard vessels are not, and hence hundreds of sailors are idle as a result of the accident that occurred to the Cornwall canal.

The loss to local merchants is quite significant. While the Cornwall canal is blocked, very few grain vessels will come here to discharge their cargoes. During the season of navigation, thousands of dollars are spent here for provisions for the vessels on their return trips. Much money will thus be lost by a number of merchants who did the supply work. Only a small percentage of the people know what the marine traffic means to Kingston merchants in the summer.

The superiority of big steamers over railway trains as grain carriers is very great. Trains may reach their destination quicker, if they have a clear line, but it is seldom that this happens. The largest of the Montreal Transportation company steamers, towing two lake barges, can bring 150,000 bushels of grain from Fort William to Kingston. It would take three trains to haul that cargo, as a car carries 1,000 bushels, which would mean 190 carloads of grain. It costs more than twice as much to haul grain by train as it does by boat.

Was Badly Damaged. It cost \$30,000 to get the steamer City of Montreal off the rocks in the St. Lawrence when hauled out at Ogdensburg. It was found that her bottom was so badly damaged that another haul would be required to make her whole again.

Superintendent Woods stated, yesterday, that the vessel will be on the ways three or four weeks. The only thing that saved the boat from total destruction was an outside sheathing of four-inch rock elm planking bolted to the hull, which prevented her being pounded to pieces on the rocks. She was leaking badly and the siphons were kept constantly at work on the way up the river. Part of this sheathing will have to come off in order to repair the bottom. Six plates were pierced and will have to be replaced, and as many others which were dented will have to be straightened. Six of the stern plates, three on each side, must also be replaced, and in addition part of the stern post, the rudder shoe and part of the keel will have to be repaired and a new wheel put on. The City of Montreal was formerly the China, of the Anchor line and although an old vessel is in first class shape. The damage is covered by insurance.

CONCRETE COAL SHED To Be Erected By the Waterworks' Committee.

The waterworks committee met, last evening, with Alds. Craig, Graham, and Hanley present.

The chief question for consideration was with regard to the erection of a new coal shed to replace the one destroyed by fire last fall. It was decided to engage William Newlands, architect, to prepare plans and specifications for a new shed, and to call for tenders for its construction. The shed will be 65x55 feet, of concrete, and without a roof.

Several estimates were presented for a new coal shed. One of concrete without a roof would cost \$2,235. A roof could be added at a cost of \$1,134. Other sheds with roof would cost \$4,098 and \$4,200. The committee expects to have a satisfactory one constructed for \$2,235. Towards this amount about \$1,500 insurance was received for the destruction of the old one.

Catholic School Grounds. Canadian Freeman. The Catholic schools throughout the city closed last week after a most successful season. The different buildings and grounds surrounding are in splendid condition and are quite a contrast to some years ago. The lawns in front of St. Vincent Academy, the Convent and St. Mary's school are among the prettiest in the city and reflect great credit, not only upon the caretakers, but also the separate school board.

Dominion Day Picnic. At Lak Ontario Park. Base-ball game between the Canadian Locomotive and Y.L.C.R.A. teams, for a purse of \$50. Managers Moran and Palmer each claim to have their teams in the pink of condition for the big game, dancing in the pavilion. Admission to grounds 15c., children 10c.

Yacht Club Races. The Kingston Yacht club will hold their Dominion Day at 10 a.m. for sailing yachts, motor boats, dinghies and canoes. Entries should be made with H. P. Smith, secretary of the committee, at as early a date as possible. Full attendance is hoped for of members and their guests. All races will start from club house and finish at same.

To stop any pain, anywhere in twenty minutes, simply take just one of Dr. Shoop's Pink Pain Tablets. Pain means congestion—blood pressure—that is all. Dr. Shoop's Headache or Pink Pain Tablets—will quickly coax blood pressure away from pain centres. After that, pain is gone. Headache, neuralgia, painful periods with women, etc., get instant help. 20 Tablets 25c. Sold by all dealers. The weather is delightful, hot days and cool nights.

Reef, Iron and Wine, "Our Own" make, pint bottle, 50c., at Wade's Drug Store.

SOCIAL, BROCK ST. CHURCH.

Rev. T. E. Burke Delivers An Interesting Address.

The Young People's Society of Brock Street Methodist church, held a social last evening, the main feature of the evening being an address by their pastor, Rev. T. E. Burke, entitled "Canada," Mr. Burke, in opening his address, referred to the time of John Cabot, the Norwegian, in the tenth century, passing along up through the centuries to the times of Champlain, and Jacques Cartier, and on through to the confederation. He also spoke briefly of the siege of Quebec and the Battle of the Plains of Abraham.

"While at Quebec a few weeks ago," said Mr. Burke, "I had the pleasure of visiting the citadel, and treading the Plains of Abraham. I stood and looked down on the grand St. Lawrence, and the beautiful surrounding country, and then went to the spot known as Wolfe's cove and looked up the heights. I conceived then the very difficult task that great Gen. Wolfe had when he stormed the heights."

Rev. Mr. Burke then gave a general geographical survey of Canada, its size, compared with other countries, and Europe. "We are proud of Canada, and why shouldn't we," said Mr. Burke, "for Canada has much to be proud of, and can boast of having a few of the largest things in the world." "Canada has the largest wheat belt in the world, the largest sea fisheries, the largest grain mill, at Montreal, the largest elevator at Port Arthur, the largest canal at the Soo, largest nickel mines, largest coal seams some large copper mines, and will have the largest bridge, when completed in the Quebec bridge, when the scene of the recent disaster. Although there is a lot of Irish in me," said Mr. Burke, "I love Canada as well as you, for Canada is the land of my adoption and my home."

After the address, all present joined heartily in singing "The Maple Leaf Forever." Ice cream and cake was served at the close, and all present enjoyed the evening's entertainment.

STRUCK BY AN ENGINE.

Narrow Escape of a Young Kingstonian.

While walking along the track near Kingston Mills, last Monday afternoon, William Babcock, aged sixteen, living on Barrie street, was struck by a light engine, and received several scalp wounds, but his injuries are not of a serious nature. He was removed to the general hospital, and this morning, it was stated that he was doing nicely. It appears that Babcock had just stepped out of the way for one train, and did not notice the light engine coming along. The engine was only travelling at a slow rate of speed, and this was a lucky thing for Babcock, as had it been going fast, he certainly would have met a terrible death.

Engineer George Gallivan was in charge of the engine, and brought it to a standstill as soon as possible. Babcock was pushed to one side, and when picked up by the men on the engine, his head was bleeding from wounds. One wound was about two inches in length. Babcock was brought to the city on the engine, and was then conveyed to the hospital in the ambulance.
