IS THE PROPER THING TO ROB WHILE ENROUTE TO ANCIENT CAPITAL.

Montreal Feels the Effect of the Flow of Criminals to Quebec For the Ter-centenary—Hold-Ups Are Numerous.

Montreal, July 14.—The flow of criminals to Quebec for the ter-centenary, is proving an awkward thing for Montreal, and operations en route seem to be the proper thing in criminal life. The murder in a drive, recently, broke up one gang of thieves and pickpockets, but another has been landing hard on Montrealese for the past week. Citizens have been held up in broad daylight by the gang in quiet localities, and people are terrorized. The latest case reported to the police is that of a lady visitor from London, England, who was going up Cedar avenue, off Pine avenue, with her little boy, yesterday afternoon, when she was set upon and throttled, and her hand-bag, containing about \$100, taken. Hold-ups occurred last Tuesday, Friday and Saturday, and the police are convinced they are the work of the same gang.

Sir James Mills, of the Union Steamship company, of New Zealand, who has been in Canada for some time on business with the government, has, it is semi-officially stated, made a proposition to the government offering to perform the Pacific end of the All-Red steamship plan if the necessary subsidies are forthcoming from the Canadian and Australian governments, and he is giving a contract covering a number of years instead of the year-to-year plan. He will put on a fleet of twenty-knot steamers, which will meet all the requirements.

TRIED TO MURDER FAMILY.

Infuriated Man Was Probably Fatally Shot.

Belmont, N.J., July 14.—Enraged by family troubles, Amos Polhemus attempted to murder his wife and four children, yesterday, but was himself probably fatally shot by his eldest daughter, Helen, postmistress of this place. Polhemus expressed his intention of killing all the members of his family. Arriving at his home, he seized a hatchet and struck Sarah, his sixteen-year-old daughter, a glancing blow on the head, rendering her unconscious. At this juncture Helen appeared with the revolver, and, as theirate man started up stairs with the avowed purpose of killing his wife, who was lying in bed with a baby, Helen shot him in the neck. He made a dash for the girl, who shot again, the bullet taking effect in the abdomen.

ANNUAL PARADE.

An Accident to a Lad at Merrickville.

Merrickville, Ont., July 14.—The annual 12th of July celebration of the Orange Association of Leeds and Grenville was held here yesterday. Fifty lodges were in procession and not less than 5,000 visitors were in town to participate in the day's proceedings. This is, by all accounts, the largest gathering of the kind ever held in the county. Everything passed off harmoniously, with the exception of an accident to a lad, named Porter, from Smith's Falls. He was thrown from a merry-go-round, and sustained a broken leg and other injuries. It is reported that he died this morning.

Burglar Captured in Fernie.

Fernie, B.C., July 14.—Monday morning the clothing store of Johnson & Waggart was broken into and three suits of clothing stolen, besides other articles. From there the burglars next visited the hardware store of D. J. Quail, and broke open the cash register, damaging it to such an extent as to render it useless. The noise awakened Mr. Quail, who lives over his store, and he, armed with a gun, held the robber at bay while his fifteen-year-old son summoned the police. Policeman Murphy soon arrived and forced open the front door and found the man in hiding. The burglar was arrested and placed in jail. He refused to give his name.

Lad Not Drowned.

Chatham, Ont., July 14.—A score of men dragging the Thames river, with grappling irons, at a point near Aberdeen bridge, and a crowd of excited spectators watching them, were surprised to see the object of their concern and sympathy suddenly appear in the crowd and look at the proceedings. Lyle, the little two and one-half-year-old son of Oscar Papps, disappeared. Neighbors declared that they had seen him playing on the river bank. It was taken for granted that he had been drowned. When he arrived on the scene a shout of joy went up from the throng.

A Lively Runaway.

Hamilton, July 14.—George W. Carey, the well-known piano dealer, and his son, Vernon, figured in an exciting runaway on King street last evening. The front wheel of their buggy came off and both men were compelled to jump, sustaining painful bruises. The horse ran away. He went headlong into a stone wall. He was knocked off his feet but scrambled up, shook himself away from the harness and continued his wild run. The animal was later captured practically unhurt.

Will Have Plans Drafted.

Toronto, July 14.—The construction of new filtration plant, for Toronto, at a cost of \$7,500,000, was discussed by the board of control this morning. It was decided to recommend to the council that Allan Hazen, New York, prepare plans and specifications and the council is asked to decide whether the city engineer will be placed in charge of the work with a resident engineer, to be appointed by Mr. Hazen, to be on the ground all the time.

The Allan steamer Corinthian, for Montreal, sailed from Havre on July 11th with seventy second cabin and sixty stowage passengers.

TOOK CHILDREN WITH HER.

Wife Didn't Dance to Please Doctor.

New York, July 14.—Mrs. Mary D. Maynard, of Englewood, N.J., applied to vice-chancellor Stevenson in Jersey City, yesterday, for an order requiring her husband, Dr. Frank J. Maynard, to provide her with separate maintenance on the ground that he has treated her cruelly.

The doctor censured her, she said, for not accompanying him to entertainments given by the Englewood Club and the Hackensack Golf Club, to which she did not wish to go because she was not fond of dancing. Dr. Maynard told her, she alleged, that her refusal interfered with his practice and reduced his income.

Finally, she said, he ordered her out of the house, and she went, taking her two children with her. Mrs. Maynard was corroborated by her sister, Mrs. Vandervoort, and May Wood, a maid who took care of the children. Dr. Maynard, in his answer, denied he had treated his wife cruelly, but admitted that he had censured her for refusing to accompany him to social functions. He also alleged that his wife refused to allow him to see the children. This, Mrs. Maynard's counsel said, was because the doctor called at unseemly hours.

The vice-chancellor dismissed Mrs. Maynard's application and made an order allowing Dr. Maynard to see the children every Saturday from 2 to 5 p.m.

COMPERS FOR BRYAN.

Says Republicans Ignored Demands of Labor.

Fairview, Lincoln, July 14.—Samuel Gompers, president of the American Federation of Labor, will support William J. Bryan in the coming presidential campaign. In political circles this announcement over-shadowed all others, even the arrival of John W. Kern, the vice-presidential nominee.

While Mr. Gompers' support was promised to the ticket, he specifically denied any present intention of taking the stump in the coming campaign. Reports gained currency that the labor leader would speak for Bryan, but he made no such announcement. He left Fairview after fifteen minutes' interview with Mr. Bryan. At present it is believed there will be no need for Mr. Gompers' service in an oratorical sense, and Mr. Gompers does not expect to be called on to speak publicly in the campaign.

The republican convention, Mr. Gompers asserts, ignored the demands of labor, while the democrats acknowledged them in their platform. His course, he says, is clear and he will do what is demanded of him in the interests of labor as best expressed in the platform adopted at Denver. As the situation is at present, Mr. Gompers' efforts can be best expended elsewhere than on the rostrum. In his interview with Mr. Bryan, Mr. Gompers was attended by Frank Morrison, secretary of the Federation of Labor, and James Dunne, also a labor leader.

Gannaque, July 14.—D. D. G. M. Smith, of Parham, being unable to be present, the officers-elect of Gannaque lodge, No. 114, I.O.F.E., were installed last evening by Past D.D.G.M. C. Mr. Fairbanks' Plans.

Washington, D.C., July 14.—Vice-President Fairbanks will call on the Prince of Wales on the afternoon of July 22nd, the day on which the prince arrives at Quebec, on the British battleship Indomitable. This is the programme which has been conveyed to the state department. The vice-president will leave King's wharf at 2:30 p.m. for his call on the prince. Earl Grey, governor-general of Canada, will entertain the American and French guests at a dinner on the same evening. The American representatives include Vice-President Fairbanks and Maj. Mort, his aide, Rear Admiral Cowles and Lieut. Commander Sellers.

St. Thomas Settler Dead.

St. Thomas, Ont., July 14.—J. C. Schleichauf, a justice of the peace and one of the best known residents of West Elgin, died on Monday of a complication of heart trouble and drowsy. He donated the land on which the M.C.R. station was built at West Lorne on condition that the town be named Bismarck, the place being known by the joint names until a few years ago. Deceased was over seventy years of age. He leaves a widow and family of eight children.

Farmer Killed by Train.

Brantford, Ont., July 14.—William Prouse, a middle-aged farmer, residing in Brantford township, was killed at Cainsville. He went to the village to make purchases, and later sat down on the Grand Trunk tracks. It is thought he had a fit, to which he was subject, and that while lying unconscious he was run over by a train, which terribly mangled his body.

Do Not Like the Idea.

Some of the aldermen do not like the idea of being called upon to pay out of their own pockets the cost of entertaining visitors when the latter receive a civic reception and welcome. They think the city can well afford to stand the man probably from the old entertainment of visitors. The aldermen have been invited to foot the cost.

THE KING'S OWN GUIDE

NEW BOOK TELLS WHAT TO WEAR AT COURT.

Author is a Member of the Lord Chamberlain's Department—Details of Old and New Styles of Court Dress Carefully Set Forth.

London, July 13.—Exactly what to wear at King Edward's court is told in a book by a member of the Lord Chamberlain's department, issued, to-day, at the direct instance of his majesty, who is a great stickler for accuracy in little details of official costume and naval and military uniforms. The king, in fact, is a walking encyclopedia in this respect.

On several occasions he has been known to call his liege subjects to account when they have been guilty of wearing an article in the wrong way. Nearly every leading actor of the English stage has a story to tell of being politely hauled over the coals for some irregularity of this sort.

The new book is designed to make errors of this kind impossible. Details of every style of court dress, either of which can be worn by civilians as preferred, are carefully set forth.

Rumor has it that there may be some changes in the Windsor branch of the provincial police force, either in the dropping of two local officers, C. Mahoney and Fred. Campeau, and appointing two others, or the addition of another man probably from the Windsor police. Political reasons would solely be the cause.

CAPITAL TIDINGS.

The Government to Aid the C. N. R. Company.

Ottawa, July 14.—The first case before the railway commission, to-day, is that of the Grand Valley railway's application to cross the G.T.R. and the H. & B.R. tracks in the city of Brantford. Arguments were laid before the board on both sides in view of a future decision.

Work has practically ceased on the building of the C.N.R. from Montreal to Ottawa. It already runs to Hawkesbury and between that point and the capital contracts were made and some constructive progress. It is said now that the financial stringency has caused a hold-up of the work, and that the C.N.R. awaits action on its application for a subsidy. The line was to run into Ottawa this summer. The government has, this morning, proposed to grant the C.N.R. a subsidy of \$2,200 per mile.

The railway subsidy resolutions will be announced to-day. They include no subsidy for the proposed line between Ottawa and Brockville, in advocacy of which a large demonstration was held by the government last week.

A WANDERING LAD.

He Travelled Much Over the Western Peninsula.

Windsor, Ont., July 14.—Fifteen-year-old Charles Morrison, of London, was picked up by the Detroit police, while wandering around the streets, yesterday afternoon, and turned over to the Windsor officers. The boy ran away June 3rd from London. He walked to St. Thomas and from there the way to Port Huron. He was turned back at the border and sent back to St. Thomas and after wandering about for a time headed for Detroit where the police picked him up and learning his story sent him back across the border. He is 40c. in his pocket he asked Chief Wills to let him go so that he could start to walk back to London, but the chief decided to hold him and make enquiries.

Watch Social Columns.

Toronto, July 14.—The social columns of Toronto newspapers were used to advantage by one enterprising house-breaker in this city. 'Twas discovered last night, that the residence of Chancellor Mackay, of McMaster University, whose family is out of the city, had been entered and a large quantity of valuables stolen. The burglar had left behind him a social page, and the paragraphs, announcing the leaving of the city of several prominent families, were carefully marked. Two places thus marked were the residences of A. F. Rutter and Amelius Jarvis.

BOYCOTT CANADIAN GOODS.

Angry at Suppression of Opium Traffic.

Vancouver, B.C., July 14.—Chinese merchants threaten to precipitate a boycott of Canadian goods if the pending legislation is enforced to put an end to the opium traffic here. Encouraged by the success of the boycott against the Japanese, they evidently think that concerted action can be arranged to prevent the stopping of this iniquitous practice. It is very profitable, and though several young girls have been in the Vancouver police court during the past few months, having been arrested in Chinese opium dens, nothing seems to deter the manufacture or sale of opium. It is not thought that any boycott will result, as the better class of Chinese are unanimously opposed to the opium traffic.

BABY HAD DIARRHOEA FOR SEVEN WEEKS

Thousands of infants die annually who could be saved by the timely use of Dr. Fowler's Extract of Wild Strawberry.

There can be no doubt about it. Sixty-three years experience has proved this sterling remedy to be the best for Diarrhoea, Dysentery, Colic, Cramps, Cholera Infantum, Cholera Morbus Summer Complaint, and all bowel troubles in both children and adults.

Many of the imitations sold are positively dangerous, as they often check the diarrhoea too suddenly and cause inflammation.

Always insist on the genuine Dr. Fowler's. Sold at all medicine dealers at 35 cents a bottle.

Mrs. A. B. De Marchand, Bath, N.B., writes: "My baby was troubled with Diarrhoea for nearly seven weeks. I tried three different doctors, but none of them could do her any good. I was advised to try Dr. Fowler's Extract of Wild Strawberry, and less than half a bottle cured her."

Manufactured by The T. Milburn Co., Limited, Toronto, Ont.
