HAD TO BUY CIGARS.

The Story of a Lost Fountain Pen.

A few days ago, a well-known merchant lost a valuable fountain pen or rather he thought that he had lost it. He spent half a day in a search for it, and then decided that he would have to advertise in a local newspaper. On the way to the Whig office he met a friend, to whom he told the story of his lost pen. His friend gave him the laugh, and the merchant asked what was the matter. "If I tell you where you can find your pen, will you buy the cigars?" asked his friend. "Why, certainly," was the merchant's reply, "where is it?" "Right there," said the friend, pointing under the man's arm. There was a clasp on the pen, and instead of putting the pen in his vest pocket he had fastened it on to his shirt by mistake, and it was hidden from view. He lost no time in taking his friend to the nearest cigar store, where he bought two of the best Havanas in stock.

HORSE SAW AN UMBRELLA AND GREW EXCITED.

D. A. Shaw in Leaping From the Delivery Wagon Was Thrown Violently Against Pavement and Seriously Hurt.

D. A. Shaw, of the firm of Newman & Shaw, Princess street, was seriously injured this morning in a runaway accident on Brock street. Samuel Percy, driver for R. McKail, met Mr. Shaw on his way to work and offered to drive him to the store. Mr. Shaw had just got into the rig when it started to rain and he raised his umbrella, holding it out in front over the horse's back. The animal is very excitable and in turning the corner of the Hotel Dieu grounds on to Brock street, the horse saw the umbrella and started to run away. At the corner of Brock and Montreal streets Mr. Shaw jumped out of the wagon, but jumped backwards and was thrown head foremost against the pavement. He was picked up by two men and carried to Dr. McCarthy's surgery.

PRINCE OF WALES.
Who sailed to-day on Indomitable for Quebec.

HE HAS BEEN IDENTIFIED AS TORONTO MAN.

Man Who Leaped Into Whirlpool Rapids, is J. A. McNab, Who Disappeared Week Ago.

Niagara Falls, N.Y., July 14.—R. A. Campbell, of Pembroke, Ont., reached here, to-day, and on viewing the body of the man taken from the Niagara river at Fort Niagara, last Sunday, identified it as that of his brother-in-law, John A. McNab, of 18 St. James avenue, Toronto, Ont., who had been missing since a week ago to-day. There can be little question but that McNab is the man who leaped to death from the Whirlpool Rapids one week ago to-night. The description given of that suicide corresponds very closely with the body identified as that of McNab.

BASEBALL LEAGUE

To Consider If Fair Ground Diamond is Suitable.

A meeting of the Kingston Baseball League executive was held at the Randolph Hotel on Tuesday evening. Charles McKay was present on behalf of the Kingston Gentlemen's Driving Association, to see if it could be arranged for the senior games scheduled for Saturday to be played at the fair grounds instead of at the Cricket Field. The matter was full discussed, and it was finally arranged that the diamond should be inspected by the officers of the league to see if it was in good condition for games. The game on Saturday is between the C. L. C. and the Irishmen, and should the latter win they stand a chance of winning out, so they are anxious of getting the best diamond in the city.

London, July 15.—The weather again, this morning, gave promise of treating the game kindly, but clouds are still hovering in the sky and this, to some extent, explains the slowness of the attendance.

SLOOP GRANGER DAMAGED.

Struck By Grand Trunk Train Tuesday Night.

The sloop Granger of Picton arrived in the city on Tuesday afternoon, from bay points with a cargo of hay for local merchants. She tied up at the Wolfe Island ferry wharf, to unload. As she sailed straight in, her bowsprit was out a little over the wharf. Some time during the night the suburban on one of its trips from the station hit the end of the bowsprit, tearing it out of the boat. Considerable damage was done to the bow of the sloop by the train. Besides the bowsprit, her stays were carried away. It will be a day or so before the damage can be repaired.

City Engineer Craig is now ready to submit the figures as to cost and other information. If block paving is adopted, the work could be commenced just as soon as the property owners on the business streets sign for construction under the local improvement plan.
