To-day I am in good humor, because the Canada Life has notified me that has made a further reduction in my premium. This is what was promised, and is now being performed. When an insurance company does this it is more than can be said of some others, and I am therefore pleased. I have society insurnace which does not compare at all favorably with that I hold in the Canada Life. I have an Endowment Policy also in the Carada Life, which has matured and been paid. This was a bonanza, as the profits paid were large and more

than satisfactory to me. The same contract can be secured to-day at the Office, 18 Market St. J. HUTTON, Agent
