Kingston. To-day I am in good humor, because the Canada Life has notified me that it has made a further reduction in my premium. This is what was promised, and is now being performed. When an insurance company does this it is more than can be said of some others, and I am therefore pleased. I have society insursace which does not compare at all favorably with that I hold in the Canada Life. I have an Endowment Policy also in the Canada Life, which has matured and been paid. This was a bonanza, as the profits paid were large and more than satisfactory to me.

the Marathon race is probably one of the highest honors attainable in athletic circles the world over, and Sherring carried off the palm of victory for Canada two years ago at Athens. Consequently Canadians have been banking high on the chances of Longboat, the Indian wonder, who has recently acquired such fame. Although there can be no precise record for the Marathon race, owing to the fact that the distance varies from year to year, it will not be out of place to give the results since the revival of the Olympic games at Athens some twelve years ago. They were as follows :

winner, Lones (Greece); distance 24 miles 1,500 yards; time, 2 hours, 28 minutes, 50

Athens; winner, Sherring (Canada); distance, 26 miles; time, 2 hours, 51 minutes, 23 3-5 seconds. This year the distance of the race is approximately twenty-five miles, 600 vards. The contestants started from Windsor, crossing the Thames to Eton, and proceeding past Eton college to Slough. They then passed in turn Uxbridge, lckenham and Ruislip till they reached Pinner and Harrow. A 1,200 yards run parallel with the Metropolitan railway brought them to Sudbury, whence they proceeded to Wood Lane via Willesden and Wormwood Scrubs, finishing in front of the centre grand stand at the stadium where the last one-third was run in full view of the spectators.

There were in all seventy-three entries for the Marathon race, seventeen countries being represented. Of these only three-Canada, the United Kingdom and the United States-had a full team of twelve, Sweden, with seven, being next best. The other countries represented were South Africa and Holland, with five each; Australasia, Germany and Italy, with three each; Greece, Denmark and Austria, with two each, and Finland, Belgium, Russia. Bohemia and Hungary with one

Notes On Sport.

Hamilton Times: Those metres that Bobby Kerr is rolling off at the Olympiad are as fast as some of our electric light meters.

The Yankee aspersions on British sportsmanship are keenly resented in London. The Mail publishes the opinions of representative people, foreign and colonial.
