OLD BOYS IN TORONTO

ASSOCIATION HAS MEMBERSHIP OF FIVE HUNDRED.

The Society Was Formed in April, 1903, and Meets Each Month—List of the Officers.

The Kingston Old Boys' Association, of Toronto, was formed in April, 1903, with the late J. B. McKay, as president, and has since been incorporated. Its present officers are:—President, G. W. Gaden; 1st vice-pres., Geo. H. Sweetman; 2nd vice-pres., W. D. McRae; secretary, Robt. Marshall; treasurer, Geo. B. McKay. All of the officers are now in the city with the exception of the treasurer.

The association was fortunate in its selection of honorary president, viz. Col. Sir H. M. Pellat, and Hon. Justice B. M. Britton. Its objects are to promote the general welfare of the members, and to enable them to visit Kingston annually. About 500 names appear on the roll of the society, and it is supposed that about 300 eligible persons have thus far failed to enroll.

The organization meets monthly, when an interesting programme of song and speech is provided. Among the artists who have taken part are E. J. B. Pense, Rev. Canon Starr, the Hon. President, H. M. Mowat, K.C., Mr. Rechab Tandy, J. M. Sherlock.

The Kingston Old Boys are the most enthusiastic, original and progressive of all the Old Boys' Associations in Toronto.

That they are popular, that they know how to conduct an excursion, and that Kingston is appreciated is demonstrated by the record excursion, numbering 950, that arrived Saturday night last.

Among the excursionists were noticed Judge Britton, David Kemp, Rechab Tandy, J. M. Sherlock, Henry C. Fowler, Thos. Claxton, John McLeod, B. N. Davis, and Rev. E. A. Chown.

A most commendable feature of the excursion was that the poor unfortunate Kingstonians now living in Toronto, were remembered and brought home without money and without price.

MILLION-DOLLAR HOTEL.

Splendid New Hostel Opens at Rochester, Aug. 12th.

On August 12th, the new Hotel Rochester at Rochester will be thrown open to the travelling public. Its completion gives to Rochester the most magnificent, up-to-date, modern hostelry of the entire up-state region. Indeed, Hotel Rochester provides the traveller with every comfort and luxury obtainable at any New York City hotel. Every device modern invention has created for making a hotel stay enjoyable has been placed at the disposal of the Rochester's guests. Each of its 300 rooms is fitted with a private bath, and, of course, the hotel is absolutely fire-proof.

Its own private motor cars meets all trains and the hotel is happily located in the centre of Rochester—at Main St. and Plymouth Ave., one block from the Court House; within walking distance of the two leading theatres and opposite the largest department store. Special and particular attention will be given to the cuisine which will surpass anything between New York and Chicago and will be equalled by few hotel restaurants anywhere. The consummation of this enterprise is largely due to the foresight and energy of Walter B. Duffy, president of the New York and Kentucky Company, with headquarters at Rochester; who is also heavily interested in many of Rochester's leading manufactures. Associated with Mr. Duffy are George W. Sweeney and E. M. Tierney. Mr. Sweeney is widely known to the travelling public as the general director of the chain of hotels embracing Hotel Victoria, New York; Marlborough Hotel, New York and Hotel Lafayette, Buffalo, N.Y.

Hotel Rochester will be under the direct management of William Horstmann, who has been with Messrs. Sweeney and Tierney for many years and who is known far and wide as a cordial and painstaking host. Rochester and its visitors are to be congratulated on the enterprise of Mr. Duffy in backing the New Hotel Company and on the assured success of the Hotel Rochester by reason of the association of such sterling hotel men as Mr. Sweeney and Mr. Tierney.

TWAS FINE EXCURSION.

Held Tuesday Night By the Salvation Army.

An ideal night favored the excursion held down the river on Tuesday night, by the Salvation Army. The weather man could not have handed off better weather for the affair, and all who made the trip, had a most enjoyable time. The steamer America left about 7:30 o'clock and went as far as Gananoque, returning at midnight.

The searchlight was used to good advantage on the trip down, and the scenery shown was beautiful. The Army band was in attendance, and played a choice programme of music on the way down and back. Ice cream was served by the members. Two hundred and fifty people were on board.

THE SPORT REVIEW.

Interesting News From the Various Sporting Fields.

"They all said that I threw that Marathion race," said Longboat, "I'd a given Sixaco to have won it. I think I must have had a sunstroke. I was running without a hat, and the sun was awfully hot."

Miss Moyes, of Toronto, successfully defended her title to the ladies' lawn tennis championship at Montreal, and this being the third occasion on which she has won, the championship cup now becomes her property.

In England track meets are run by the clock. Every event is scheduled for a certain time. A clock hangs in each dressing-room, and the athletes come out at the appointed time, and the events are pulled off to the minute or the crowd howls. There is no magnifying for tardy athletes.

Detroit has paid \$20,000 for six new players. Billy Wood, the Brantford Marathioner, says: "Bobby Kerr in the final 100-metre race was given third place after a close decision, and in the 200 metres final Bobby won first place after a fine race, and he is now champion of the world for the distance. Kerr had to run six hard races in four days, which proved a little too much for him, and thus he had to be contented with third place in the 100, but as he had already beaten the winner (Walker of South Africa) twice in the English championship games two weeks previous, it is the place, rather than the conditions equal Bobby is the best sprinter in the world for either 100 or 200 metres flat."

LETTERS TO THE EDITOR

VETERAN REPLIES TO "ONE WHO WAS THERE."

He Wants Him to Come Out of the Bush So That the Kind of Firing He Can Do Will Be in the Open.

Kingston, Aug. 12.—(To the Editor): In your issue dated August 7th your paper has a statement from one who was there. "If I have made a mistake in naming the place where Captain Roberts was killed and buried, I stand to be corrected." There is more than one veteran in Kingston who has a leaf off the same grave. Hoping that "One Who Was There" will come out of the bush and let us know so we can sign his name to the next letter.—FREDERICK DAVIES, Veteran.

Should Get Credit.

Kingston, Aug. 10.—(To the Editor): I see the papers cannot give W. H. Carson too much credit for his racing mare, May Wax. A little credit where it is due should be given. There is not a word for the man who took her when she was not worth a nickel with a hole in it, and made her what she is. There is no word for the man or men who lose their sleep in order to study out the means to make a good account and get the money as she has done. Not a word for the poor fellow who works hard to keep her right and have her in good shape when the bells sound or the word is given. We are not looking for praise, but only for the credit due.—A. H. HAYES, Albion Hotel, Montreal, May Wax's trainer and driver.

Expresses Thanks.

Kingston, Aug. 10.—(To the Editor): I would like very much to thank the staff of employees at the General Hospital for the treatment I received at their hand while an inmate there last week.—C. P. J. ALLEN.

Held A Jolly Dance.

A jolly dancing party was held on Monday night, in Miss E. McAuley's rooms, on Wellington street. The affair was given by Misses Jessie Derry and Louise Craig, in honor of Miss Katie Derry, of Ottawa, who is the former's cousin, who is visiting in the city. Twenty-five couples were present, and a choice programme of music was rendered by McAuley's orchestra. At midnight, dainty refreshments were served and dancing was afterwards continued until two o'clock, when all the guests left for home, tired but very happy, and much pleased over the evening's enjoyment.

THE ACACIA RESCUED

AND IS NOW IN PORT OF CHAUMONT, N.Y.

Repairs Will Proceed and the Company Securing Her This It Has An Excellent Boat For Its Use.

The schooner Acacia, which went on rocks off Bull Rock Point some two miles from Sacket's Harbor, in a fierce gale several weeks ago, was, says the Watertown, N.Y., Standard, after a series of mishaps towed to Chaumont, where she became the property of the People's Milling company, of that village.

The Acacia was loaded with 370 tons of coal. A few days after she foundered, an arrangement was made with the owner of the steambarge, McDonald, of Kingston, to take the coal off the wrecked vessel. While this was being done the barge took fire and was badly burned, so much so that she was taken to Chaumont and repairs, which will necessitate several months' delay, commenced.

An effort was made by the People's Milling company to float the boat, but without success. A diver was secured, but he was unable to find any hole in the boat. The conclusion was reached that the leak must be in the bottom and several steam pumps were put to work. The Little Mac, owned by the same company, was sent to assist and she had a breakdown and now lies at Sacket's Harbor. The barge Parsons was, Saturday night, pressed into service, and last night drew the Acacia to Chaumont. The company believes that in her they have an excellent boat for their grain, coal and hay business.

Doing Good Work.

The steamer Wahondah is still aground at Farran's Point, but it is expected that the vessel will be released by to-night. The barges Dorchester and Grantham are being used to lighten the steamer, and the Donnelly company is doing good work. The steamer Donnelly arrived at the scene at three o'clock on Monday afternoon, and in an hour's time work had been commenced.

Marine Notes.

The steamer Missisquoi had on board a record crowd, on its trip here from river ports, yesterday. The schooner Mary Ann Lydon is at Garden Island, shipping a new spar. She will clear for Charlotte, to load coal for Booth's.

The steambarge Mary Louise cleared for Morton, with a general cargo. The steamer Stormont, loaded with up to-night at Fort William, will arrive late to-night at the M. T. company's elevator.

The schooner Bertha Kalkins will clear, to-day, for Oswego. The government dredge Sir Richard will be ready to leave for a coast of paint.

The government steamer Scout was at the city wharf on Tuesday night. Swift's Steamer Aletia, from bay ports; steamer Caspian, down and up to-day; steamer Dundurn, down, to-day.

Some Women Look Sloppy.

Beauty and Grace Disappear With the Growth of Fat.

There is nothing so repulsive in a woman's appearance as an over-development, or extreme growth of fat in any part of the body. A woman's form is essentially one of grace, and the lines of beauty vanish as fat accumulates, and instead of beauty we see bulk, and what was once fair becomes a fright.

People just can't help laughing at a heavy mother, or a massive maiden (who might otherwise be somebody's sweet) trying to sidle-wheel around with a double chin acting as a kind of pilot. It is so inconsistent with a woman's nature. So, with all due respect to our women, we still must say that there are hundreds of them who look decidedly "sloppy," simply because of even a slight growth of fat which in first notice is as a rule in the appearance of a double chin, resulting in a waist of extra diameter, and a bust with that extra diameter.

You can stop being a side-show, add to your normal soft, or perfect form and natural weight, and moreover be stronger and in better health than you ever were before in your life, and stop ridicule, by taking Rengo.

There is nothing "out as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail—paid, by The Rengo Co., 3122 Broad St., Detroit, Mich. The company will gladly send you a trial package free by mail, if you write them at Detroit, no free packages at drug stores.
