THE MICROSCOPE
Proves That Parasites Cause Hair Loss.
Nine-tenths of the diseases of the scalp and hair are caused by parasitic germs. The importance of this discovery by Prof. Unna, of the Charité Hospital, Hamburg, Germany, can not be over estimated. It explains why ordinary hair preparations, even of the most expensive character, fail to cure dandruff; because they do not, and they can not, kill the dandruff germ. The only hair preparation in the world that positively destroys the dandruff parasites that burrow up the scalp into scales called scurf or dandruff, is Newlow's Herculid. In addition to its destroying the dandruff germ Herculid is also a delightful hair dressing.
Sold by leading druggists. Send 10c. in stamps for sample to The Herculid Co., Detroit, Mich. Two sizes, 50c. and \$1. G. W. Mahood, special agent.

HAS AN IDEA.

That Policy is Due to Rise of Japanese.
Tokyo, Aug. 13.—Count Okuma, an anti-imperialist, published by the Hochi Shimbun the present naval expansion policy of the United States to the sudden rise of the Japanese to the importance of a world power. The interview says in part:
Judging from the fragmentary speeches of President Roosevelt, as they have been transmitted here, it is not difficult to infer that the augmentation of the United States may in the Pacific is directed at Japan. Count Okuma doubts, however, that the views and ideas of President Roosevelt will long continue to govern public opinion in America.

The work, which is being completed by Walter Hyams & Co. of this city, will be in several volumes bound with moire silk. Massive silver plates emblazoned with the royal arms of Great Britain and surrounded by a delicate tracery of small flowers will surmount the covers.

DECLINE ROCKEFELLER GIFT.

Southerners Learn \$1,000 Subscription is Conditional.
Atlanta, Ga., Aug. 13.—Because the \$1,000 subscription of John D. Rockefeller to a fund to establish a memorial to "Uncle Remus" (Joe Chandler Harris) has a condition attached to it, it will be declined.
Mr. Joyner, president of the memorial association, received a letter from Mr. Rockefeller stating that he would give \$1,000 provided the association raised \$40,000 in one year.
The letter surprised the officers of the association and they will inform the oil magnate that the gift will not be accepted with the conditions attached.

Celebrated An Event.

Chaumont, N.Y., Aug. 13.—Just fifty years ago on Monday, Francis Duford, now of Clayton, but a former resident of this place, married Miss Philomena Archambault at St. Paul's Church, Chaumont, and raised a family of eight children. In 1877, Mr. and Mrs. Duford removed to their farm near Three Mile Bay, he having been a stone-cutter.
In 1906, after nine years upon the farm, Mr. and Mrs. Duford, having reached an age when they desired to take a little rest, purchased a home in Clayton, where they have since resided.
In honor of the fiftieth or golden wedding anniversary, Mr. and Mrs. Francis A. Duford, of this place, assisted by the other seven children and their families, planned and carried out this unique and pleasant celebration.

Telescoped Voices.

Pitts, Aug. 13.—Many excellent voices are being, according to a communication which Dr. Weiss has made to the French Academie de Medicine, by practising in too small a room. A public singer must throw every intonation of his voice a distance of thirty or forty yards, he says, but a student practising in a small room is only able to throw it a yard or two, and the consequence is that the voice, instead of expanding, becomes telescoped.

Killed By Train.

Arnprior, Ont., Aug. 13.—Robert, the little two-year-old son of Louis Neuman, was struck at the Lower street crossing by the C.P.R. 1030 local going west on Wednesday. SOFT SPOT FOUND.

Navigation Delayed While Repairs Were Effected.

Cornwall, Ont., Aug. 13.—Ever since the recent big break in the Cornwall canal, which tied up navigation for a couple of weeks, the officials have been keeping a very close watch on the banks, and every sign of a possible leak is carefully investigated. Tuesday the water in the level between locks 20 and 19 was let out to examine one of the suspected places near an old culvert. A large soft spot was found, which it was decided might prove dangerous. Navigation was temporarily resumed till Wednesday afternoon, when the level was again lowered, the soft spot removed, and replaced with carefully puddled clay. Very few vessels were delayed, and these will get through this evening.

WHY C.P.R. IS FIGHTING.

Stability of Dividend Will Be Threatened.

Montreal, Aug. 13.—In the annual statement of Canadian Pacific just issued may be found the reason why the company has decided to fight against higher wages or shorter hours. It showed a decrease of over \$900,000 in gross revenue and an increase of over \$2,000,000 in operating expenses.
Most of the increase in expenses is due to the wage list, and the officials of the company say that if it were to go on the stability of the company's dividend would be threatened—a serious matter for a young company that has to go to the market for new capital from time to time. There was only one other alternative and that was to have a more uniform scale of wage and in order to get it to fight the unions.

HE WAS POWERLESS.

What the Motor Man Says of the Accident.
Chatham, Ont., Aug. 13.—Motorman Watson, who ran the Chatham and Lake Erie electric car that was responsible for the rear end collision, Monday, and which resulted in the loss of four lives, says he suddenly noticed a section foreman, Peter Conyon, get on the track and immediately after discovered that the forward car was less than 250 feet in front of him. "I reversed the motor," added Watson, "and then the circuit breaker. The latter blew out and the motion carried the car forward, and I was then powerless."

John Rosamond Drowned.

Almonte, Ont., Aug. 13.—John Rosamond was drowned Tuesday evening. Mr. Rosamond left his boat house and was seen in his canoe about an hour later above Mr. Aikenhead's, about a mile and a half above town.
Shortly afterwards the canoe was found right side up with the sail set and some little time afterwards the paddle and his hat were picked up near where the canoe was found.
Mr. Rosamond was a son of Bennett Rosamond, ex-M.P., and was managing director of the Almonte Knitting company.

Hit By Lightning.

Strathroy, Ont., Aug. 13.—During a severe electric storm, yesterday, the home of Edward Nicholl was struck by lightning and set on fire. The flames were fought by neighbors, who extinguished the fire. Mr. Nicholl and his daughter Pearl, who were sitting in the dining room, were both struck. Mr. Nicholl being slightly shocked, while Miss Nicholl was thrown to the floor, rendered unconscious and unable to speak for some time. She will recover.

Remanded For Trial.

Sarnia, Ont., Aug. 13.—John V. Smith, arrested at Port Huron while trying to sell diamonds, smuggled over from Canada, and believed by the police to have been stolen, was arraigned before United States Commissioner and held for trial. He was remanded to jail in default of \$1,000 bail. The jewelry found on Smith is valued at \$1,000.

Prince Rupert Site Will Be on the Market—Part of the Cargo of the S.S. Southwark Was Thrown Into Sea.
Montreal, Aug. 13.—The management of the Grand Trunk Pacific railway announce that the town sites of Prince Rupert will be placed on the market in September. The arrangements regarding details are in the hands of General Manager Morsey who is now in the west. This announcement follows one that the company have been successful in arranging differences with the British Columbia government over the water front site. It has been learned that, in order to lighten the forward part of the steamer Southwark, recently ashore in the straits of Belle Isle, some of her heavy cargo was thrown into the sea. This, in part, consisted of heavy rolls of paper of considerable weight, but not great value. The Southwark has passed Belle Isle on her way across.
