DOCTOR IN PRACTICE AWAY FROM FADDISTS SLOOP HAD NO LIGHT THE SPORT REVIEW

MUST NOT ATTEND SMALL-POX CASES.

The Board of Health So Decides—A Committee Appointed to Deal With Future Cases—Dr. Evans and Etherington Have Words.

The Board of Health places itself on record as being opposed to doctors in active practice attending small-pox cases. This means that the medical health officer must cease attending cases at the isolation hospital.

Dr. Etherington moved that a medical attendant be procured to attend the cases. Mr. King seconded the motion. Dr. Etherington said it was most unwise for a man in private practice like Dr. Bell to attend these contagious disease cases and be mingling with the general public.

Mr. King said the motion was not meant to cover the question of cost. It was introduced as being in the interests of public safety.

According to the statute, a board of health is required to supply only private attending physicians. Mayor Ross suggested the engaging of a nurse. The medical health officer said he had an order from a nurse to attend the cases for \$30 a week.

Dr. Evans said he was opposed to engaging a special physician and perhaps involving the city in an expenditure of perhaps \$2,000 to \$3,000.

Dr. Etherington changed his motion to read that the board adopt the principle that it is unwise for a medical man in active practice to attend contagious disease cases in the isolation hospital. This motion was adopted.

Mayor Ross said a telephone might be put in. He said he would guarantee to furnish a man to see that all necessary supplies were furnished the hospital. This was a simple matter he said. It was unnecessary for the medical health officer to take the orders and attend to the food supply.

Dr. Evans opposed such a committee. He thought the board was a small body, and it could easily be called together. It should shoulder the responsibility as a whole.

Dr. Etherington pointed out that a meeting of the board, last week, had been called, but that a certain member had blocked the business by walking out of the meeting.

Dr. Evans arose to say that he was prepared to stand by the action he had taken at that meeting in leaving the matter to the board. He did it in the public interest, he further said that he considered it indecent, or out of place, on the part of a member of the board to include himself on a committee of which he was the mover. Why not leave the matter to the chairman?

Dr. Etherington objected to being termed indecent, and was sustained by the chairman. The former declared that if the remark was not withdrawn and an apology made, he would no longer sit on the board with Dr. Evans. The latter called attention to the fact that he had qualified his remark by saying it was improper. The matter then dropped.

The committee-appointed will consult with the medical health officer as to what should be done as cases arise.

Drenched By The Waves. A lady and gentleman arrived here last evening in a gasoline launch from Alexandria Bay so drenched by the waves that they had to remain over night at an hotel. A portion of the lady's clothes were sent to a laundry for treatment. The couple returned to the Bay this afternoon.

A Good Nerve Tonic. Will act, not so much directly upon the nerves as upon the digestive functions and the abundant formation of red, vitalizing blood. Nerves can't be fed on medicine. They can, however, be restored and strengthened by assimilated food. The marvelous action of Ferrozone arises from its action over the digestive and assimilative processes. When you take Ferrozone the blood is purified, strengthened, and grows rich and red. Then you grow vigorous, healthy and beautiful ready for work, because you have the strength to do it. No tonic for the brain, blood or nerves compares with Ferrozone. Price, 50c. or six boxes for \$2.50, at druggists, or Polson & Co., Kingston, Ont.

SPECIAL ATTENTION TO READING AND WRITING.

One of Directions to Inspectors in Government's Scheme of Approved Schools—Goes Into Operation in September.

"Special attention should be given to reading and writing. There is an unfortunate ground for believing that, under the examination system, these subjects have not hitherto received the attention their importance demands."

Such is one of the directions to inspectors and principals concerning the approved-schools scheme in a circular just issued by the education department. The scheme of approved schools will go into full operation in September. Private schools may be approved if shown to be efficient, and also providing a \$25 fee is paid in advance, to be returned if the school is approved.

The circular also states that now that there are three high school inspectors "not only can more time be given to the ordinary work of inspection, but the inspectors will be able to examine classes, especially the classes which come directly under the approved school system. The object of the education department is to reduce the evils that accompany any examination system and to increase the influence of the teacher and the inspector."

Continuing the circular broadly states: "In the administration of the system just and reasonable consideration will be shown where such consideration is expedient; but it should be clearly understood that the allowances which were made during the last school year will not be continued and that regulations which have been made for the advancement of education will now be fully enforced."

PRIVILEGE WITHDRAWN.

Warden Platt Doesn't Want Curious Visitors.

Warden Platt has issued an order that until further notice no more visitors will be received at the penitentiary. This does not refer to ordinary visitors who go to the prison for a stay of two or more years, but to the curious. The warden has written the mayor concerning the matter, so that he can refuse to give further permits. It is surprising how many people are so eager to go through the penal institution to gaze upon the unfortunate incarcerated there.

To a large extent the desires of the visitors have been met, but as this is a very busy month at the penitentiary, and as it is also the heavy excursion season, Warden Platt finds it necessary to refuse further admission to the curious, for the present at least. There was a time when all departments of the prison, but when Warden Platt came these privileges were restricted. For the present the only visitors who will be received at the penitentiary will be those allowed by statute to enter and those directly interested in prison work.

TAKE IN PORTSMOUTH

In the Area For the "Indian List."

It has been suggested by some that in order to carry out the "Indian list" properly, Portsmouth should be taken into the area. Of course a person may be fined if he is on the list, is found drunk and has been served with liquor in the out side place, but it is stated that papers should be taken out against hotelmen there, the same as in the city.

It is understood that the young man, now on remand, charged by the license inspector, will plead that he was given the liquor at an outside place, Kingston's Indian list now numbers about fifty. There are both males and females, and in one case a whole family, father, mother and son.

Coming To Kingston. Everybody who has seen "Quincy Adams Sawyer" in play form is enthusiastic over its unique charm. There has been nothing in the line of rural plays to compare with it. All the scenery has been specially built and painted for this production and is very effective. There are twenty-one speaking parts and the company is well cast. AND WILL BE REPORTED FOR NEGLIGENCE.

Bothered the Steamer America Last Night—Arrivals and Departures of Vessels at This Port.

Many serious accidents have happened on the lakes and river, due to schooners and small boats not carrying the proper lights, and accidents will happen unless some masters change their ways. Last evening as the steamer America was on her way to Clayton, a schooner or sloop was sighted just off Knapp's Point. The captain of the steamer could not tell whether the sloop was going down or across the river, as there was not the sign of a light on any part of her. The name of the sloop was found and her master will be reported for travelling without proper lights.

Marine Intelligence. The schooner Dundee arrived here, light, from Belleville. The schooner Bertha Kalkins cleared, from Richardson's, for Montreal.

The schooner Coruella arrived at Booth's, from Oswego, with coal. The sloop Maggie L. is at the Grove Inn, receiving a fine coat of paint.

The steamship Waterbury is at the Kingston wharf, undergoing repairs. The schooner Mary Louise cleared for Rideau river ports with a general cargo.

The steamer Alexandria was at Folger's wharf, last night, on her down trip. The schooner Maxwell cleared from the penitentiary, for Comtant, to load coal.

The schooner Bertha Kalkins reached Toronto, from Oswego, with a cargo of coal. Swift's Steamer North King, down and up, to-day; steamer Alberta, from by points, steamer Dundurn, down, Wednesday morning.

FORMER PEN MAN.

Gets Into More Trouble at Ottawa.

The police have received word to the effect that Adolphus H. Chamberlain, a former penitentiary man, is in trouble again at Ottawa. Chamberlain served four years in the big prison here, his fondness for checks and his desire to secure goods and valuables, and not paying for them, being the cause of all his trouble. He is said to be a first class man at writing, and by means of forgery, succeeded in securing a good deal at some of the stores in the capital.

Some three or four distinct charges to a large extent were made against the Ottawa police, and in the meantime he has been given a week in jail to think the matter over.

Give One In Victoria Park.

"What about a band concert in Victoria park?" queried an Alfred states, resident to-day. "We pay taxes, up here, just like our down-town brethren. Our girls are just as good-looking—if I was a boastful man I should say better—and we would appreciate a little music up our way. Let us have one band concert, at least, before the season closes."

THE MARATHON RACE ON LABOR DAY.

Will Draw Many Outside Runners—The Locals May Show Up Well—General Notes on Sport.

The local runners have begun training for the Marathon race. Some fine outside runners will be here for the event. Distant towns have been notified of the race and will send their fastest men to take part. Fully forty should start in the race here Labor Day. Every preparation is being made to make it a success. In all probability the M.A.A.A. will send a squad and the Brockville Harriers will have a good bunch of runners out to enter the trophy. There may be a surprise sprung by one or two of the local runners, of whom no one has been thinking lately, as they are showing fine form.

Kingston Team Lost. The Ottawas defeated the Kingston Ponies at the Ottawa Oval, on Saturday, by a score of 8 runs to 3, in a game which left little doubt as to the winners after the first three innings had been played. The Kingstonians started out well, scoring their only three runs in the first innings.

About 1,500 people witnessed the ball game in Hull between the Kingston team and the home team. The visitors were defeated by a score of 5 to 1.

For Further Matinees. The Gentlemen's Driving Club is to meet to-morrow evening to arrange for its fall matinees. The club, which is a new organization, has done well this season, and if it continues its good work, it will be the means of reviving horse racing in Kingston, which has been dead for some years. The matinees have recently been made free to spectators, so as to draw as many as possible to the fair grounds.

Canoe Trip To Ottawa. On Monday morning five well-known local canoeists, Frank Strachan, Irving Martin, Walter Campion, William Steacy and James McGuire, left to paddle to Ottawa. They hope to make the trip in record time. The return journey will be made on the train.

Sporting Notes. The C.A.A.U. championships will be held at Halifax on Saturday, Aug. 29th.

Thoney's hatting was the feature of the 4 to 3 defeat of Detroit by Boston Saturday.

The Fort Erie horse meeting closes on Saturday of next week, and Montreal opens the same day.

The Ottawa Labor Day celebration committee has applied to the C.A.A.U. for a sanction for a meet on Labor Day.

The New Westminster lacrosse team played at Calgary on Saturday and had little trouble in disposing of the Calgary aggregation.

Canada's great national road race, the J. J. Ward Marathon will take place at the Exhibition Grounds on Saturday, October 10th.

The Red and the Canadian grey power, won the three heats of the 2 1/2 mile track. The stakes were \$5,000.

Hamilton Spectator: Chaucer Elliott is casting about for a back division for his M.A.A.A. team. Chaucer will have to do some pretty fine casting. He has had men are not picked up every day.

Cases where a baseball manager sells his own son are extremely rare, but this self-same thing happened recently when "Orator Jim" O'Rourke, the veteran manager of the Bridgeport club, sold his son, Jim O'Rourke, Jr., a second baseman, to the New York Americans for \$1,500.

Ivor Wagner and Roy Parkins, pitchers, with Arthur Marcan, shortstop, of the Binghamton State league team, have been sold to the New York Americans for \$6,000. They will join the New York team at the end of the state league season.

ONE FINED, OTHER REMANDED. Two Englishmen in Police Court, To-Day.

James Currell and William Troy, the Englishmen arrested yesterday by Constable Driscoll, were this morning arraigned before Ald. Givens, the justice charged to face, that of being drunk and fighting, but drunkenness was the only offence to which Troy had to answer.

The evidence of Constable Driscoll, who happened to pass along just as the trouble commenced, sufficed to convict Currell and Troy. Currell had a fine of \$3 and \$2 costs, with the option of ten days.

Troy was remanded to jail until Aug. 19th.

Was A Grand Success. The moonlight excursion to Clayton, on Monday night, under the auspices of St. James' church choir, was a grand success. At 7:30 o'clock the steamer America left here with nearly four hundred people. Early in the evening it looked very much like rain, but towards the time the boat was to leave it cleared up. The run to Clayton was made in two hours and the excursionists were given half an hour in the American town. The 14th band was on board and furnished excellent music during the evening. This is the second successful moonlight excursion the church folks have run this season and the people are looking forward to another one.
