SANTAL-MIDY

Standard remedy for Gleet, Gonorrhoea and Runnings IN 48 HOURS. Cures Kidney and Bladder Troubles.

HAIR LOSS CAUSED BY A DANDRUFF SCALP

That kills the hair and prevents its growth. It is the cause of dandruff, itching of the scalp, and in being a fairly good dressing for the hair, but there is only one that recognizes what causes dandruff, falling hair and baldness, and that destroys the cause, a little germ—and that is Newbro's Herpicide. This germ eats its way into the scalp, it digs up the scalp into little white scales. Unless it is destroyed there's no permanent stopping of falling hair and cure of dandruff and baldness. Newbro's Herpicide kills the germ. Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1. G. W. Mahood, special agent.

Swallowing Themselves

Halifax Chronicle. The Ottawa correspondent of the Montreal Gazette, the senior conservative organ, seems to have formed a very high opinion of Hon. Clifford Sifton. He writes in a complimentary strain of the initiative in which Mr. Sifton discussed public questions and says that the Honourable stands out clearly amid the flotilla and jetsam of the session.

And yet it was only the other day that Mr. Sifton was the best-nursed man in the government. How the Tory organs do swallow themselves!

The footprints of dyspepsia have been directly traced to the stomach nerves. When these "inside nerves" fall indigestion and stomach distress must surely result. For this, druggists everywhere are supplying a prescription known as Dr. Shoop's Restorative. First, these tiny inside stomach, heart and kidney nerves fall. Then gas belching, heart palpitation, or falling kidneys follow. Don't drug the stomach or stimulate the heart or kidneys. That is wrong. Strengthen these falling nerves. Dr. Shoop's Restorative. It is the nerves, not the organs, that are calling for help. Within forty-eight hours after starting the Restorative treatment you will realize the gain. A test will tell. Sold by all dealers.

A BODY IN A TRUNK

DEAD BODY PACKED IN STRAW AND NEWSPAPERS

Grossness Find of Picnickers in New Jersey Ravine—A Mysterious Crime to Soon Solve.

Camden, N.J., Aug. 18.—The finding of the body of a man in an old trunk concealed in a ravine near Mount Ephraim has given the authorities one of the most mysterious crimes to solve that has ever been reported here. A party of picnickers, seeking water in a ravine, came across an old travelling trunk, tied with ropes and half buried in the undergrowth beneath the breast of a steep bank. On raising the lid they found the body of a man tightly wedged in the trunk. The body was packed in straw and newspapers, and was partly clothed. Over the features was a newspaper of the issue of November 9th, 1907. The man evidently was about thirty-five years old. The body was badly decomposed, and had evidently been in the trunk for several months. The police and coroner, after a medical examination of the body, determined that the man had been murdered.

Heavy Insurance is Carried By Millionaires.

New York, Aug. 18.—There are seven men in the United States who carry \$1,000,000 and more insurance on their lives, two who carry \$1,500,000 and more, and one who carries \$2,000,000. The latter is Rodman Wanamaker, Philadelphia, who is the most heavily insured man in the world. James B. Colgate, a stock broker, at No. 36 Wall street, carries more insurance than any other resident of New York, his policies aggregating \$1,500,000. The millionaires and multi-millionaires of Philadelphia, in proportion to their number, go in for life insurance more heavily than those of any other city. Statistics gathered by the Insurance Press and published yesterday, show that 183 residents of Philadelphia are insured for \$200,000, while New York with four times as many millionaires carries \$491,000,000 in insurance for \$21,000,000. There are 1,336 men who carry from \$100,000 to \$150,000 each, and 271 who are insured for \$200,000 to \$300,000 each.

Of the seven men who are insured for \$1,000,000 each, one lives in Georgia, one in Illinois, one in Louisiana, two in New York, one in Pennsylvania and one in Wisconsin.

Cleveland has sixteen insured for \$1,000,000 to \$1,500,000 each, and one for \$2,000,000. Milwaukee has sixteen who are insured for \$200,000 to \$1,000,000. Minneapolis has five with policies ranging from \$200,000 to \$800,000, and Rochester has two who are insured for \$200,000 to \$500,000.

ANGRY ITALIANS.

Quite a Lively Row at Hagerville, Ont.

Hamilton, Aug. 18.—There was a wild time at Hagerville last night, when several foreigners employed in a stone quarry mixed it up with their employers. A young son of Por Peter, a Hungarian boarding-house boss, wandered into the premises of Samedo Panco, taking therefrom some fruit. Samedo went to the door and demanded an explanation. The few men could not understand each other, and accordingly, the serjeants of Joe Coll, an interpreter, were enlisted. Coll's answer so enraged Samedo that he picked up an axe and aimed a deadly blow at the interpreter, cutting one of his arms to the bone. Twenty foreigners who had been playing cards on the grass, thereupon made a bolt for liberty. Guespito Panco, son of Samedo, appeared with a rifle and fired at the fleeing men, but missed. Later the two Pancos were arrested. Samedo for attempted murder and Guespito for shooting with intent.

There Were Outbreaks.

Springfield, Ill., Aug. 18.—That the mob at Springfield has not been entirely subdued, was evidenced today, and last night, when, despite the presence of a thousand militia men, there were riotous outbreaks in several sections of the city. None of them were serious, however, being confined to disturbances of groups of two or three hundred.

SHERMAN NOTIFIED.

It Was a Great Time in Utica, N. Y. To-Day.

Utica, N.Y., Aug. 18.—James Schoeller Sherman, at noon today, was formally notified of his nomination for the vice-presidency at the Chicago convention of June last. The final ceremonies of officially placing the republican national ticket before the people was thus completed. The occasion of the notification was made an all-Utica holiday and the residents of the city, irrespective of

JAMES S. SHERMAN.

party, took part in the tribute to a fellow-townsman. The day's excitement began with a vice-presidential salute of nineteen guns fired at 7 a.m. Then followed a parade of the city police and fire departments and at eleven o'clock the members of the notification committee were escorted to the Sherman residence. A combined band of 110 pieces, gathered from the neighboring cities, was at the head of the column of automobiles. Secretary Root was one of the distinguished guests and made a brief address. In addition to the addresses of Senator John B. Burrows, chairman of the notification committee, and of Mr. Sherman, there were remarks by Messrs. M. W. Stryker, of Hamilton College, from which the vice-presidential candidate was graduated, by Mayor Thomas Wheeler,

MRS. J. S. SHERMAN.

and by Charles S. Symonds, chairman of the local reception committee. In one of the briefest speeches ever put on record by a candidate for so high an office, James Sherman accepted the nomination of the republican party for the vice-presidency. Mr. Sherman followed the example of Mr. Taft in pledging the allegiance of any administration with which he may have to do, to the policies of President Roosevelt.

HIS WISH GRANTED.

What Happened When a Bishop Got Angry. A certain first bishop, eloquent and saintly, whose name is almost a household word in England, was preaching at the opening of a new church, and for a few days stayed at a country house in the neighborhood. This bishop was excessively fond of a game of billiards, and could hold his own on the cloth against the majority of amateurs.

During this visit his lordship played several quiet games with his host, but one morning had a prolonged run of bad luck, which so exasperated him that at last he snarled the cue in two across the knee.

This mad action seemed to bring the bishop to his senses, and with profuse regrets he apologized to his host for his conduct, declaring that he would not have had it happen for the world. The host replied: "I must beg you, my lord, to think no more about the matter. I am really glad that it occurred, as for many years I have been wishing to see what a bishop was like when he wanted to use bad language."

Louis Helford, said to be from Toronto, was killed on the Boston and Albany railroad at Holyoke, Mass. Rev. S. Gould, M.D., medical missionary in Persia, is on furlough after fourteen years' work in that country.

At Franklin, Pa., "Mike" Holk was hanged on Tuesday morning for the murder of Police Capt. Edward Merhan. James Heffron, Toronto, aged fifteen years, had his right leg so badly crushed by a steamroller that it had to be amputated.

James Noonan, vice-president of the Plaster and Laborers' Union, Toronto, was stabbed by John Flynn, his injuries being serious. A bulletin, made public Tuesday morning on immigration, shows a further decrease in the tide of immigration to the United States.

There will be no full meeting of the Quebec Turf Club. This decision was definitely come to at a general meeting of the club, held on Monday evening. Two sharp earthquakes were felt at Eureka, Cal., on Tuesday morning.

Mayor Jackson, Whitby, is inviting municipal councils of places east of Toronto as far as Cobourg to meet in conference at the earliest possible date in order to have the Niagara power transmission line serve this part of the province constructed under the McGuigan contract.

THOSE UPPER CURRENTS.

We Should Fall Under Influence of Them. Don't you see, in one of his inspired talks to the students at Harvard University, a picture of a vessel being blown down by a wind which he called an upper current. There is not a breath of wind, and the vessel is blown down by the influence of these upper currents. We would be wise if we adjusted our relations with others that all our days we should be under the influence of the good, the worthy, the pure-hearted, the heavenly.

Shutting Down The Lid.

The prosecution of the holdmen a week ago by provincial detectives resulted in a very dry Saturday night and Sunday, though Inspector Birrell said this morning that there was room for improvement yet. He watched some of the more questionable holdmen closely, and thought unable to do more than to let the law be obeyed. Ever since June things have been pretty loose and I have seen the toughest gang hanging about certain hotels that I have ever seen since looking after this business. They were around yesterday again, and they would not have been there unless they had some chance of getting away. They were after. But it cannot continue long, and those who persist in breaking the law will get nipped. My instructions are to rigidly enforce the law, and I am going to continue to do so. There is a wave of popular feeling against this sort of lawlessness sweeping over the country, and the people want to see the law enforced.
