THE GRAFT IN PULPWOOD. The American paper manufacturers are acquiring large territorial or timber interests in Canada, and at an investment of millions of dollars. One large company, owning valuable forest areas in Quebec, along the St Maurice river, has recently bought vast areas of wood on the St. Lawrence, and is running mills in Gaspe county, Quebec. From its Three Rivers and Bastican mills exports are made not only to the United States, but also to Europe and South America. The same company recently acquired timber interests'in New Brunswick, for net as leader of his party with Mr. which \$250,000 was paid. It is negotiating for milling interests at Marysville, which will include the Blackville are under discussion in well-informed plant and the timber limits and licenses on the Nashwaak. The consid- circles. But if Sir James Whitney has gone to England to get time to con-

Wisconsin parties are plan- vincial premiers and local disaffecning to cut their timber this winter, raft it in the spring to Haileybury, where the Temiskaming and Northern Ontario railway is building a spur line, rail it to North Bay, to be again rafted to Georgian Bay, and thence transferred by the company's barges to Wisconsin

such forces as now oppose him." The chief worry to these enterprising Americans is the legislation of Ontario cently put it, is the king-pin in federand to the effect that the pulpwood al politics, and "there will be sometimber must be made into paper-within the province. Various arguments thing moving"-when he sets out presently for a tour of the provinces. It have been raised against this provision in law, and against the adoption is quite safe to assume, as the conservatives are doing, that when the of a federal law that will make the premier has completed his outing it exportation of pulpwood impossible. Yet all reasoning goes before the will be about time to appeal to the fact that the Canadian pulpwood is a people, and they can make up their necessity and that it should be con- minds that whatever the future has in verted into paper in Canada if that store for him, Mr. Borden will not be a winner this trip. be the decision of parliament.

According to Gen. Grant the canteen is a necessity. The men must have their liquor and they do tipple when the bar is a long distant off. They guzzle, and the result that physically there is no army badly off as that of the United States. It's a doleful tale for a Grant to

HOODLUM POLITICS NOT WANTED. The Mail and Empire, considering extraordinary success of the mathat it is the party's chief organ or educator, talks awful rot occasionaltraordinary failure of the teacher stuly. For instance, in referring to the Saskatchewan campaign, it said some days ago that Mr. Scott's return to sion is that different examiners have power, as the head of the government, would mean "that the province and that the competitors in one case

does not want its lands." It is inconceivable that a great journal should so deliberately misre WELLIH 5 MARBLE TANDO present the situation. When the newer provinces were formed the federal gov ernment decided that it would retain its lands, in order that its immigrathe examiners have been biased in with. The lands had to belong to it if they were to be free and offered

an inducement for healthy population The proposition was agreeable the governments, because they wanted money more than land, and the ar rangement was that they would re ceive in perpetuity an annual cash grant, at present \$500,000, and growing with the years until it became \$1,125,000. It remained at this sum

thereafter. The remarkable feature of the cam paign three years ago was the religious aspect of the autonomy bills The attempt was made unsuccessfully, to show that the church was dictatcompleted the racial cry failed, and resort was made to the land issue with similar effect. How could it otherwise in view of the party's re

such an enquiry as will set the ques-The conservative party was satisfied with the financial arrangement of the new provinces. It was commented upin the commons, and for the purpose of creating the envy of the other provinces; and Mr. Roblin took up the question, when it was proposed to extend the boundaries of Manitoba, and argued that this old province should be treated as well as Alberta and Saskatchewan. He did not want land only, because it took money to main-

tain law and order in it. Mr. Haultain went one better than Mr. Roblin. He demanded, in the late election, not only the subsidy, but the cheap. Thanks to the quarrel among They have not done so.
