Next to a willing husband, Fels-Naptha soap is the handiest thing a woman can have about the house. Not only on washday is Fels-Naptha useful, but whenever there is anything to be cleaned.

Fels-Naptha will clean windows and polish them at the same time. It is the only soap that will "cut" smoke grease without scouring. Fels-Naptha is just as superior for washing dishes as for washing clothes. And as it is used in cold or lukewarm water there is no danger of cracking fine china or glassware. For washing floors, walls, linoleum or anything else that is washable you'll find Fels-Naptha, cold or lukewarm water and a soft cloth, an unbeatable combination.

And don't forget that Fels-Naptha is the best kind of an antiseptic. Germs do not live in things washed with it.
