All Charges Against the District Attorney Were Disproved Upon Evidence, So Finds Commissioner.

WILLIAM TRAVERS JEROME.  
Albany, N.Y., Aug. 25.—Richard L. Hand, Elizabethtown, appointed by Governor Hughes to take testimony and report his findings upon the charges filed against District Attorney William Travers Jerome, of New York county, by a minority stockholders' committee of the Metropolitan Street railway company, in a report submitted to the governor, finds that not one of the series of charges is proved, but all are disproved upon the evidence. He recommends the dismissal of the charges. A request was made for Mr. Jerome's removal. Governor Hughes has not acted upon Commissioner Hand's report. "My conviction upon the whole case," says the report, "is that the respondent has been shown to have discharged the onerous duties of his office with zeal and ability, having the public good as his motto, and that no insupportable indifference or neglect of duty have been shown in any case."

London, Aug. 25.—King Alfonso arrived here last night, and will rejoin Queen Victoria, who is visiting her mother, Princess Henry of Battenburg, sister of King Edward, on the Isle of Wight. None of them saw his majesty, who, it turned out, arrived at Folkestone instead of Dover, and reached the Victoria station on a special train at eleven o'clock last night.

**THE FIRST TROUBLE**

IN CONNECTION WITH THE C.P.R. STRIKE.

A Strike-Breaker Has His Leg Broken—Attacked by Mob—Keir-Hardie Did Not Strike a Man Aboard Ship.

Montreal, Aug. 25.—James Keir Hardie, the British labor member of parliament was guest of the officers of the Montreal Trades and Labor Council, to-day, being driven round the city and royally entertained. He addresses a mass meeting at the Monument National to-night. It is denied by Keir Hardie's friends that he tried to strike another passenger coming over on the Hesperian, while he was making a speech at the saloon concert. This man, named Wother- spoon, it is claimed, made some disagreeable remarks during his speech. Strange enough this man died suddenly a couple of days afterwards and was buried at sea. Death was due to natural causes.

The first trouble in connection with the C. P. R. mechanical strike took place yesterday afternoon, when a mob of about 200 men of various nationalities set upon a small party of strike-breakers in the vicinity of Papineau avenue and badly injured four men, three of whom were French-Canadians and the fourth a Jew. These men got off a C. P. R. train run for the convenience of the workers, to proceed to their homes, when they found a crowd had collected. They were set upon by both some of which clubbed them. One of the strike-breakers had his leg broken. The men were badly used by the mob before assistance reached them. It is claimed that the trouble was not caused by the strikers, but by their sympathizers.

Spokane, Wash., Aug. 25.—One of the strangest coincidences in the history of real estate dealers in Spokane has just become a matter of record in the office of the auditor of Spokane county. Thirteen is prominent throughout the transaction, but F. Frank Lathrop, who has thirteen letters in his name, laughs superstition to scorn. He bought lot thirteen in block thirteen, on Thirteenth avenue, of Spark Bros., a real estate brokerage firm, with thirteen letters in its incorporation name, for \$513, on the afternoon of August 13th. The property is in an addition legally registered as Wood-lawn Place, also containing thirteen letters. Karl G.
