THE REASONS

For The Increase Of The
I.O.F. Rates.

MATTER DISCUSSED

BY THE SUPREME COURT OF
THE ORDER.

Before Action of Parliament—
Supreme Court Representatives
Speak—Two Representatives
Past New York High Court
Present.

Tuesday afternoon the delegates attending the convention of the High Court, I. O. F., were treated by the local courts to an excursion on the steamer America through the Thousand Islands. The boat went down by the American channel, and returned by the Canadian channel, and the excursionists were unanimous in pronouncing the trip one of the most enjoyable possible. The band of the 14th Regiment furnished music during the afternoon, and both as to quality and quantity their effort was a pronounced success.

At the evening session of the high court, a resolution was unanimously passed according in a most enthusiastic manner thanks to the local brethren for the most enjoyable outing furnished in the afternoon.

Dr. Baskin, H.V.C.R., presented the report of the delegates to the supreme court meeting held in Toronto in June last. The report showed that the membership of the order had increased during the triennium from 225,370 to 257,267, and that during the same period there were paid in death and disability claims the enormous sum of \$6,652,198. He also detailed the steps which led up to the re-adjustment of rates and showed the necessity for the increase as set forth in brief, to the different other changes made.

The following distinguished man, superintendent physician, Ron was introduced by Bro. Clark, assistant Mathieson, supreme secretary; J. G. H. Myers, P.H.C.R., East New York; Rev. Alexander MacGillivray, P.H.C.R., Ontario; E. Chrystie, H.C.R., East New York.

Those with Dr. Clarke addressed the court and it is seldom that the high court of Eastern Ontario is treated to such a feast of good things.

Dr. Clarke who was the first speaker, referred pleasantly to the remarks of the mayor at the morning session, and facetiously suggested that Kingston be re-named the "Pow-wow City." He spoke as the representative of the supreme chief ranger, to whom he paid the highest tribute, not only for his ability but for his courage in carrying out his convictions. When it was first mooted that an increase of rates might be necessary it caused quite a flutter of excitement amongst the members and it looked as if any one who advocated such a change would be very soon deposed from any position in our order. In the face of this feeling and this incipient rebellion the high chief ranger continued to advocate the readjustment of the rates, and now that the readjustment has been effected there are very few of the members who are not ready to admit that he was right and when at first it seemed as if the order was going to lose large percentages of the old members, it is found that the lapses will not amount to two per cent.

Rev. Alexander MacGillivray gave

his name as Joseph Rubart and said

Hobo at Ogdensburg Protects
Himself From Dog.

Ogdensburg, N.Y., Aug. 27.—The
toughest looking tramp ever seen in
this city was arraigned this week be-
fore the recorder. The police saw him
on the street and, thinking his whis-
kers were false, brought him in. He
was a typical "Happy Hooligan," and
his wild range of lurid attire was
natural. When searched a cocked
chicken was found in one of his pockets.
He was wearing two suits of
clothes and in the seat of his trousers
was a big pillow.

He explained that the pillow af-
forded protection against dogs and
farmers' boots was a comfortable
seat in riding buggies and could be
utilized as a pillow at night. He gave
his name as Joseph Rubart and said

he was from Germany. As it was be-

lieved he came in from Canada, he

offices.
