

HE WILL STICK

Unless His Policies Are Carried Out.

GOV. HUGHES' VIEWS

AS EXPRESSED BY THOSE NEAR TO HIM.

Hughes Would Retire in Favor of Wilcox—Such is Word of a Close Friend of the Governor.

New York, Aug. 28.—From a source close to Governor Hughes some interesting light is thrown on the feelings of the governor toward the question of a re-nomination to succeed himself, says a statement, just issued by a press bureau. "It is learned that the governor, for his own personal interests, was strongly opposed to the idea of serving longer in his present position and desired to return to the practice of his profession at the close of this year. It was only when machine politicians sought to compass his defeat and to destroy the effect of his policies that he took up the gauge of battle they had thrown down and announced his candidacy. The governor is absolutely determined that the republican nominee, whether it be him or another, shall carry on and enforce the Hughes policies. There is strong reason to believe that the governor really is anxious to see the nomination go to a man in whom he has every confidence rather than to be nominated himself, for his own re-election would mean grave financial loss to him, as it is an open secret that his expenditures last year and this have averaged \$25,000 annually in excess of his income. "A close friend of the governor declares that if a man like William B. Wilcox, who was the governor's appointee as chairman of the public service commission of the first district, and who is one of the executive's closest personal friends and advisers, were to be advanced as a candidate

for the nomination, that the governor would be glad to withdraw as a candidate himself, but would lend all his strength to Mr. Wilcox, whose name has been under his serious consideration. Should the republican leaders, however, continue their efforts to nominate a man antagonistic to the governor's policies, they will fight them to the last ditch."

FIGHT WITH THUGS

MASKED MEN FORCED WAY INTO HOTEL.

Sensational Event Near Phoenix. B.C.—Hotelman Opened Fire First, Fatally Wounding One of His Assaultants.

Phoenix, B.C., Aug. 28.—The town of Midway, twelve miles from here, was the scene of a sensational hold-up, when Charles Thomet, of the Midway hotel, was shot and killed by highwaymen. Two masked men entered the hotel at nine o'clock at night and at the point of a gun four men, including Thomet, were told to throw up their hands.

Thomet, being behind the bar, put his hand on a revolver and opened fire on the intruders, wounding one, and abdomen, after which he staggered through a side door into a room.

The desperadoes got into the room through another entrance, and shot three more bullets into the body of the dying man. They then made their escape. Blood hounds are being brought from Spokane to the trail of the criminals.

One of the desperadoes is thought to be seriously wounded.

EATEN BY RED ANTS. Helpless Man Lay on Ground Days and Nights.

Los Angeles, Aug. 28.—After lying helpless under a tree most of the afternoon of the city from Sunday afternoon until Tuesday night, his life slowly ebbing away, while red ants swarmed over his body and literally ate him alive, Burton B. Jarvis, aged twenty-six, a contracting teamster, of 25 Chestnut street, Torrey House, died today at the county hospital, where he had been taken last night. Jarvis was suffering from tuberculosis and came to California two years ago. Last Sunday he left his hotel in the afternoon, to go to the ostrich farm for a pleasure trip. On the way he became faint, and walking over to a shade tree, lay down. Instead of recovering his strength, he fainted and did not regain consciousness until long after dark that night. For two days and nights he lay helpless, with ants and other insects tormenting him. Occasionally passers-by thought the man under the influence of liquor and did not go to his assistance.

This year they demanded thirty thousand men. Now reports come from Moscow and other far western towns that there are many more men than can get employment.

MUTINEERS BETRAYED.

Chinese Villagers Sold Them Into Hands of Government.

Hong Kong, Aug. 28.—Admiral Li, of the Chinese navy, with his flagship and several gunboats, sailed from Wuchow for Canton, taking with him his prisoners—sixty of the mutinous soldiers from Kowtow, where a thousand men revolted on August 12th, killing their commander and several others, routing a force of loyal soldiers from a near-by town, looting the village of Kowtow, and finally withdrawing to the mountains of Kowtow, where they joined forces with the wild tribes of the hills.

Admiral Li's prisoners were betrayed into the hands of the government forces for twenty-five taels (about \$17) a head by villagers at Kowtow. The rebellious soldiers spoke a strange dialect, and their detention and subsequent betrayal to the authorities was an easy matter.

At Wuchow the gates of the city, which have stood open for weeks past, have been closed owing to the disturbed condition of the country, following the mutiny at Kowtow.

It was issued at the time of the financial panic some months ago and was not taken up by the shareholders. At the time the stock was taken over by a Montreal syndicate and later re-sold to Spering and company, at London House. It has a strong Canadian affiliation. The sum of \$7,000,000 of seven per cent. preferred was sold by the Sperings at 115. In the case of the common amounting to \$5,000,000, the price is not mentioned. The common is seemingly considerably below as when the issue was made, but it's now up to 122.

CALLOW YOUTH

Tried to Wring Money From Roosevelt.

BUT BADLY FAILED

AND GOT HIMSELF INTO FRENCH PRISON.

His Letters Were Turned Over to the Police, Who Ran Down the Soldier—He Got Off Lightly Owing to His Youth and Mental State.

Bordeaux, Aug. 28.—Camille Marquette, a soldier belonging to the 28th section of the military nurses, wrote President Roosevelt on Jan. 9th last, saying the society to which he belonged had rendered services in the presidential election which were worth 10,000 francs, which sum he asked to be sent to a certain place. Mr. Roosevelt, paying no attention to the letter, Marquette, on March 10th, wrote again threatening Mr. Roosevelt with assassination if the money was not forthcoming. In the letter Marquette recommended that secrecy be observed saying the heads of those in high places were not too solid on their shoulders. President Roosevelt turned the letters over to the American consul here, who handed them to the police. Marquette was placed under arrest and subsequently tried by a court martial. Marquette declared the plot was solely his own and that he did not realize the gravity of his offence. Following a report by Dr. Berthier and, considering the youth of Marquette, the court imposed a sentence of six months' imprisonment, which was immediately remitted.
