CAMP OPENS MONDAY THE SEASON ENDING SAVED THREE LIVES

OVER 3000 TROOPS WILL BE ENCAMPED SO FAR AS BASEBALL IS AND RECEIVED \$200 IN PART PAYMENT. CONCERNED.

For Twelve Days—A Fine Water Supply—Butts Will Not Be Ready For Use at This Camp.

For the next two weeks there will be military activity on Barrfield Heights, where over 3,000 troops will be encamped for annual drill. It is fully twelve years since camp was held here in September. This year it was scheduled for June, as usual, but on account of the water supply not being satisfactory the date was changed. Now Barrfield camp has the best water supply in the province. As local option is now in force in Pittsburgh it was, no doubt, necessary to have water fit to drink, as well as for washing and cooking purposes. The camp will again have to proceed without the new butts. Owing to unavailability for delays the butts will not be completed till November 1st. At future camps, however, the shooting facilities will be of the very best. Hence, Barrfield camp ground will rank as not only having the finest situation, but for having all military conveniences.

The troops will arrive all day Monday from north, east and west. Advance guards were here to-day arranging for the raising of tents. Everything will be in order for commencing drill on Tuesday morning. The following corps will be encamped:

No. 3 Section, 2nd Fortress Company, R.C.E.; Detachment Corps of Guides, No. 3 Section Signalling Corps, No. 3 Company C.S.C.; Detachment P.A.M.C.; No. 3 Field Ambulance; No. 3 Detachment, C.O.C.; Detachment C.A.P.C., all of Kingston.

2nd Cavalry brigade—3rd Dragoons of Colborne and 4th Hussars of Kingston.

9th Artillery brigade—5th Field Battery of Kingston and the 8th of Gananogue.

10th Artillery brigade—14th Field battery of Colborne and 24th of Peterboro.

6th Infantry brigade—16th Regiment of Pieter, 40th of Colborne and 45th of Lindsay.

7th Infantry brigade—46th Regiment of Pieter, 47th of Frontenac and 48th of Madoc.

Six companies of the 57th Regiment of Peterboro will camp from Sept. 6th to 10th.

Maj. W. J. Morgan will be principal veterinary officer at the camp. This appointment was just announced this morning.

Match This Afternoon Between The Irishmen and the Locos—The Lacrosse Team May Arrange Another Match With Belleville.

The lacrosse team was at work again, Friday evening, and showed up well. Some of the players were a little sore after their game on Thursday. The boys are anxious for another chance at Belleville before the season closes, and it is to be hoped that they will get it. The locals have not lost a game yet, although they have tied three. When the team turned out in the spring about fifteen men put in an appearance and it has been the same fifteen men or so that have composed the team, club and officers ever since the first game. When a game was on the public would turn out in large crowds to see it, if it was free on the cricket field, but if it was played on the athletic grounds only a corporal's guard would be present.

If the citizens would give the team a lift once in a while, there would be a C.L.A. team here next season, under good management and composed of good players. The boys are going to try and get enough together to enter a team, and it is to be hoped that they will receive every aid, as they certainly deserve it. If suitable arrangements can be made they may play Belleville here on Labor day.

Baseball League Closing.

At the cricket field this afternoon, the C.L.C. and Y.I.C.B.U., old enemies, were scheduled to come together again in the senior city league series. These two teams have played one league game, and two exhibition ones, the Locos winning the first and the Irishmen landing the last two. To-day's game has aroused considerable interest, as to which team will win. There will be several changes on the Locos' team and one or two on the Irishmen from their last game at the C.L.C. picnic.

The league is fast drawing to a close now, after a most successful season. It has been handled well, and no team entered can find any fault with the way things have been managed. Those in charge of the league deserve great credit for the way they have looked after things. They have given their attention to the smallest details and any small matter that needed to be adjusted a meeting would immediately be called and the trouble attended to.

City Rugby League Needed.

Many are enquiring if there will be a city football league this season. One young player said: "I mean a good one, managed like the city baseball league was. It is to be hoped that there will be a football league as there is plenty of material. Each baseball team that put a team in the city league could put a team in the football league as well. This would keep the same men in touch in all branches of sport and there could not be a better thing for the players. It would also be of great benefit to the junior players, would give them a good schooling and prepare them for senior company. The best players are those who played the game when "kids" and they are the kind that are needed by all the football teams.

The K.C.I. Outlook.

The Kingston Collegiate rugby team should be a good one this year from the present outlook. Last season the Collegiate had a fine team, good enough to defeat Cadets II and Queen's III, as well as the Ottawa high school and other teams. Last season both Mr. Carter and Mr. Sliester took a great interest in it, but this year, and maybe both, will be absent, and this will be a severe loss to the boys. They will start to practice as soon as the school opens.

At present the boys are considering the advisability of trying to form a junior inter-collegiate league, embracing teams from Ottawa, Brockville, Gananogue and Kingston.

Queen's In Readiness.

Queen's campuses are being better equipped for the opening of the season. The upper campus has been all levelled up and sodded. The grass has now been cut short and it makes one of the best college fields in Ontario. "Alf" and his assistants have taken great care of it and it has improved greatly under their watchful eye. The students are beginning to land back one by one, until quite a number are now in the city waiting for the college doors to again fly open.

Lively Old Cricket Field.

Every evening as long as it is light enough to see the cricket field is a very busy place. Football teams year and football teams small are out there, holding down their own corner of the field. Some good youngsters are showing up there and if given a fair show they would make good material for a junior O.R.P.U. team.

Died In Winnipeg.

Mrs. Mary A. Demay, relict of the late William Demay, of Newboro, Ont. died at her residence, 481 McDermott avenue, Winnipeg, on Friday, Aug. 21st. The deceased broke her arm several months ago and had about recovered when seized with a stroke of paralysis from which she never regained consciousness. She had resided in Winnipeg for a few years only but by cheerful disposition had made a large number of friends. She leaves two daughters and four sons.

Told in Twilight

Miss Beatrice McGill has been giving her old and young friends here many thrills of pardonable pride. Though she has not played golf for three years she has, during her holiday time at Niagara-on-the-Lake, that rendezvous of expert golfers, won five beautiful prizes. First she carried off a cut-glass vase, then a cup and saucer. Later she aspired to greater things and her reward was a pair of brass candle-sticks. The eighteen-hole championship followed and this carried with it a silver medal. And finally for the mixed four-somes she got the beautiful silver loving cup put up as a trophy. Her play was described as being of a very pretty order and the compliments of professionals have come her way generously. It must be remembered that this Kingston girl was competing with the best of Canada and the United States, so all her victories were decidedly worth while. It's the warm congratulations that are going up to her from her old home.

Again the report is heard that Ladies' day, at the Yacht Club, is not made use of as it might be. In fact femininity has not learned, as masculinity has, to take its pleasures easily. And instead of doing as the men do and going down with books or work, and resting away a morning or afternoon in the rooms or on the verandah, the ladies strenuously "dress up," towards five o'clock, and merely go down for tea. This is a disappointment to the men of the club, who hoped their women friends would make the whole of Wednesday, at the clubhouse, their own. The tennis court, at the club, which has been put at the disposal of the girls, on Wednesdays, is being used extensively in the mornings. At the Wednesday tea the hostesses were: Mrs. Francis McNamee, Miss Florence Cunningham, Miss Bessie Smythe, Miss Lorraine Dalton, and Miss Marjory Merrick. Next week, if the weather is fine, there will be another, and the final tea of the season.

On Tuesday evening Mrs. W. St. Pierre-Hughes, King street, gave a little bridge for Miss Lily Fraser, of Ottawa. There were two tables in play.

A welcome surprise is the news that the Lord Bishop of Nova Scotia and Mrs. Clare Worrell will be here next week, on their way home from England, to visit their daughter, Mrs. Charles Stafford Kirkpatrick, Frontenac street. They will be here for about three weeks, or until the general synod meets in Ottawa. The bishop's portrait has appeared many times in the London illustrated papers and in every case the likeness has been capital.

The Riverside, (Cal.) Daily Press has some social notes of interest to Kingston. It says that Colonel and Mrs. Stewart entertained at five o'clock tea at their cottage, Mrs. W. J. Robinson being among the guests. This Kingston visitor in California was also entertained at tea by Mrs. Charles Low, at her cottage, "Poco Tiempo," and has been enjoying other festivities.
