APPLES, ORANGES FIGS AND PRUNES

The God-given Cure for All Diseases of Bowels, Liver, Kidneys and Skin.

Few people seem to realize how important—how absolutely necessary—it is to keep the Bowels, Kidneys and Skin in proper working order.

They wonder why they have Sallow Complexions—Indigestion—Headaches—Rheumatism—while all the time their systems are clogged and poisoned with waste tissue and indigestible food which these organs should have removed.

What they need are Fruit Juices—nature's provision for keeping the eliminating machinery of the body working right. "Fruit-a-lives" are the concentrated juices of fresh, ripe fruits, combined in such a way that their medicinal action is greatly intensified.

They stimulate and regulate the action of Liver, Bowels, Kidneys and Skin, thus clearing the system of the accumulated waste and poison, purifying the blood, and banishing those distressing troubles that make life miserable.

No other remedy has ever been discovered that does this so effectively as "Fruit-a-lives." 50c a box—6 boxes for \$2.50. Trial size 25c. Fruit-a-lives Limited, Ottawa.

RAILWAY COMMISSION HAS PROVED A VALUABLE BODY.

Cases For Consideration Increasing—Judge Mabee Makes a Splendid Chairman—The Board Sits at Winnipeg on Sept. 10th.

Ottawa, Aug. 31.—The utility of the railway commission of Canada is emphasized by the increasing volume of work which is necessitating the appointment of three extra members.

The board heard arguments in over five hundred cases. There is always a number, which though entered for hearing, is settled by private conference between the parties interested, or referred to one of the board's experts. The complicated questions, and there have been many during the past year, concern only those of freight rates. There have not been many complaints in respect of the passenger tariffs, telegraph, telephone and express companies which come within the jurisdiction of the board.

No other remedy has ever been discovered that does this so effectively as "Fruit-a-lives." 50c a box—6 boxes for \$2.50. Trial size 25c. Fruit-a-lives Limited, Ottawa.

LAURIER TO LEAD Chief Liberal Whip Expects Victory For Party.

Toronto, Aug. 29.—The News publishes the following: A cheerful optimism as to the result of the pending general elections is entertained by W. C. Cairns, M.P., Strathroy, who is at the King Edward.

After the smoke of battle has cleared away, you'll find that there has not been much change in the present relative strength of the two parties," he said. "In Ontario there are thirty-seven liberal members to forty-nine conservatives at the present time, and we count on holding this position. It was feared by some of the party a few months ago that Sir James Whitney's big victory might injure us in the federal elections, but that fear has passed away. I have heard some say that the fact that the conservatives are strong in the province is a good reason for keeping the liberals strong at Ottawa. As a matter of fact that idea of a balance between the parties is found to have been maintained in the past."

"Sir Wilfrid Laurier is spending all his time during his Ontario trip in the western part of the province and is keeping away from the cities," remarked the reporter. "What does that indicate?"

"Well, the liberal strength in Ontario lies in the country not in the cities," replied the chief liberal whip, "and we thought it would be better to have the premier speak in the country. It will be the best means of holding Ontario. There would be little use of his speaking in the cities especially a place like Toronto that is so solidly conservative."

"The six places where he will speak, however, have been selected so as to allow the electors of the largest possible number of ridings to get a chance to hear him. Strathroy is one of those places, and it is near the corner of three or four ridings, another place is between East and West York and easily accessible by railway from other parts."

FINANCIAL STRINGENCY. Trying to Prevent It In the Dominion.

New York, Aug. 29.—Yesterday shipments of gold to Canada make the total for the movement approximately, \$10,500,000. The shipments for the day were in excess of \$2,250,000 and attained particular importance from the development of the fact that the Canadian government is urging its bankers to make the utmost provision for the crop movement in the dominion "last year." A banker in charge of the local branches of a prominent Canadian bank said yesterday, "Canadian bankers had on deposit in this city as much as \$400,000,000. What ever is the cause for the retention of Canadian money during the panic, the Canadian finance department is bringing pressure to bear upon Canadian banks to call home their money so there may be no possibility of any financial stringency in the dominion this fall."

The baby wore a dress embroidered and hand made by his great grandmother, the late Mrs. John Sharp. The dress was bestowed on the christening of the child's grandfather, the late Lucas Sharp, of Morven.

How To Kill Caterpillars. Berlin, Aug. 31.—A writer in a German paper says that every caterpillar and slug he destroyed in his garden since he allowed his boy to ride a motor bicycle around the garden, states the Motor Cycle. He is convinced that the exhaust fumes from the engine acted as a caterpillar destroyer, and he has never seen his garden with such a show of fruit and flowers.

Testator's Objection To Brains. Hamburg, Aug. 31.—Bertha Schultz, a young dressmaker in Hamburg, finds herself in a difficult predicament owing to the fact that an uncle has bequeathed her \$10,000 on condition that she never marries a man engaged in an intellectual occupation. She is already engaged to an accountant, and she and her fiance are now endeavoring to persuade the law that the work is purely mechanical.
